DATA SHEET – GRP CONVEX DECKING STRIPS

The Decksafe Solutions DDA compliant range of Anti-Slip Safety Products includes Convex Decking Strips. All are manufactured from corrosion resistant Glass Reinforced Plastic (Fibreglass) and have been designed for easy installation onto existing timber decking.

Convex Anti Slip Decking Strips

Convex Anti slip Decking Strips		
Sizes	Weight / kg	colours available
3000 x 50mm	1	Black, Beige, & Yellow
3600 x 50mm	1.2	
3000 x 100mm	2	

A hard-wearing Silicon Carbide Grit is applied to the top surface to provide an effective **ANTI SLIP** finish, which outperforms conventional aluminium or rubber material in terms of slip resistance.

Designed to fit directly onto existing timber decking

Unique chamfered edge ensures a low profile fit, reducing the trip hazard

Decking Strips are available in 50mm and 100mm widths,

Lengths stocked in 3m and 3.6m

Pre-Drilling of Fixing holes available

DeckSafe

SOLUTIONS

Benefits:

- Anti-slip
- High Strength
- Low Maintenance
- Fire retardant
- Corrosive resistant
- UV stable
- Chemical resistant
- Anti static

Material Characteristics

Quality Assurance

Manufactured according to ISO 9001, the structural integrity of the specified material will remain over a Life span of 25 years plus, under normal environmental and maintained conditions.

Fire Resistance

All products contain Fire Resistant Additive and attain a Euro Class 1 fire rating. To BS EN ISO 9239-1 and BS EN ISO 11925-2. This performance is equivalent to ASTM E84 class 1 and BS 476 part 7 class 2 flame spread and in effect gives a 25 minute burn time on the material.

Slip Resistance

The integral angular quartz gritted surface has been tested in accordance with BS 7976-2 and certified as providing an exceptional level of slip resistance. Lifespan depends on frequency of use.

Chemical Resistance

Fibreglass Products are resistant against wide a range of chemicals across wide temperature spectrum. Material can be made of different resin systems to achieve specific chemical resistant properties. Please refer to chemical resistance charts, available upon request.
