* = Variation from standard technical data. PVC S.U. valves are PTFE seated. PP Economy Ball Valves are SINGLE UNION only. PVC valves can be fitted with Full Faced Flanged connections upon need. Don't use economy valves in arduous situations. All valves are supplied with the same end connection each end with the possibility of interchangeability where convenient. ACTUATION - Electric & Pneumatic - see Page 9 (Items 19 to 21). Red. Bore = Reduced Bore - m=Metric 3 WAY VALVES to 3" Page 10

DEAD MAN & LOCKING HANDLES also OD = Fit to outside diameter of plastic pipe. (Valve has socket of this size where available).

PLEASE NOTE : Prices subject to change without prior notice.
