

Everything You Need To Run Your Dealership, *in One Place*

Workshop/Mobile

Maximise the efficiency and profitability of your workshop with intuitive job entry as well as easy access to history, warranty and reports. Simplify your daily planning and invoicing using a workstation terminal or mobile app to scan and upload information directly into Gold.

Parts Control

Maintain control of your parts business and reach your full revenue potential by managing inter-depot stock transfers, tracking current stock, linking to manufacturers for your extended assortment and selling accurately with price updates from suppliers.

Wholegoods

Control every aspect of your wholegoods business – from inventory management to the profitability of each deal – and easily track your history with our powerful analysis tools.

Accounting & Payroll

Improve your cashflow and profitability using the full operational integration with our inbuilt accounting suite, which allows you to easily automate payments, review costs to protect your bottom line and monitor all your finances in real time.

ibcos

Hire Management

Manage your fleet using service maintenance schedules, which lets you view the availability of equipment and take advantage of our flexible charging features.

CRM / Sales Prospecting

Engage with your customer base using up-to-date information and increase your conversion rates with powerful prospecting features such as analysis and auto event creation.

Point of Sale

Gain control of your sales with easy quotations and advice notes. Produce invoices for immediate payment, restock efficiently on the go and link to batch invoices to save time and focus on increasing sales revenue.

Management / Reporting

Use one system to take control of crucial data and gain a comprehensive view of your entire business by automatically creating and exporting reports.

KALEHURST
GARDEN MACHINERY LTD

”

In the past, we didn't have the time to sit down and do the figures, so we went on instinct. Now, Gold allows us to do everything at the push of a button. It also gives me the security of always knowing exactly where we are, which is critical for cash flow purposes.

Knowing where you are gives you the ability to plan ahead, so if you know you're 20% behind on sales, for example, you know something needs to be done.

Neil Taylor

Company Director
