With over 60 years of professional fence and gate manufacture, supply and installation, there is no better choice.

As well as the finest quality wooden and wrought iron gates, BARKER AND GEARY Ltd. are able to supply and install a wide range of gate automation solutions. We are proud to be CAME Blu-Partner stockist for Hampshire and as such are able to obtain all of the CAME range of gate automation products at extremely competitive prices allowing us to pass these savings on to the customer. We carry large stocks of kits, remote controls, photo cells, keypads, intercoms, cables etc and are able to acquire automation kits and spare parts overnight. Came motors are fully guaranteed for 3 years from installation.

Why not visit us at our showroom in Kings Somborne, or online at www.barkerandgeary.co.uk
