

Charpak, Innovative Packaging That Sells Your Product

Charpak has been designing innovative, world class Thermo-formed packaging for the past 25 years and are confident we can offer you the best possible packaging solution for your products and brands.

There is a saying that people buy with their eyes. Charpak designs packaging that shows off your product at its best, especially in the key areas of Food to Go and Impulse. We have a dedicated team of designers that adds value to your products through innovative packaging.

As forward-thinking market leaders, we were one of the first companies in our sector to be accredited to the BRC/IOP standard for food packaging. We have nationwide coverage through distributors for small quantity orders. Bespoke designs or large quantity orders are from our Head Office site in Huntingdon.

Contact Justin at jk@charpak.co.uk to see what a difference Charpak can make to your sales.
