Hooks	33
Miscellaneous	33

Louis Fraser specialises in traditional architectural hardware but with an innovative approach.

The Originals collection is a fusion of traditional architectural styles in three unique finishes, crafted to compliment both period and contemporary surroundings.

Hand made with the requisite skills, each item in the Originals collection is lovingly brought to life to the highest quality standard, adding both elegance and feature to its surroundings.

Finish symbols are displayed under each individual item to denote specific finishes available for that particular piece.

Oil Rubbed Bronze

Cast from solid bronze, all items pass through a series of hand applied chemical processes to help achieve this natural patina with the finish completed with a thin coating of beeswax. In time and usage, the original colour of this product will slowly age, giving each piece its own natural uniqueness.

Periodic wiping with a lightly oiled cloth or a fine paste beeswax will further help to preserve the look of the product.

Suitable for internal and external use

finish symbol 

Antique Pewter

Cast from solid bronze, all items pass through a series of hand applied chemical processes to help achieve this natural patina. Periodic wiping with a lightly oiled cloth will further help preserve the look of the product.

Periodic wiping with a lightly oiled cloth will further help to preserve the look of the product.

Suitable for internal and external use.

finish symbol 

Dull Black

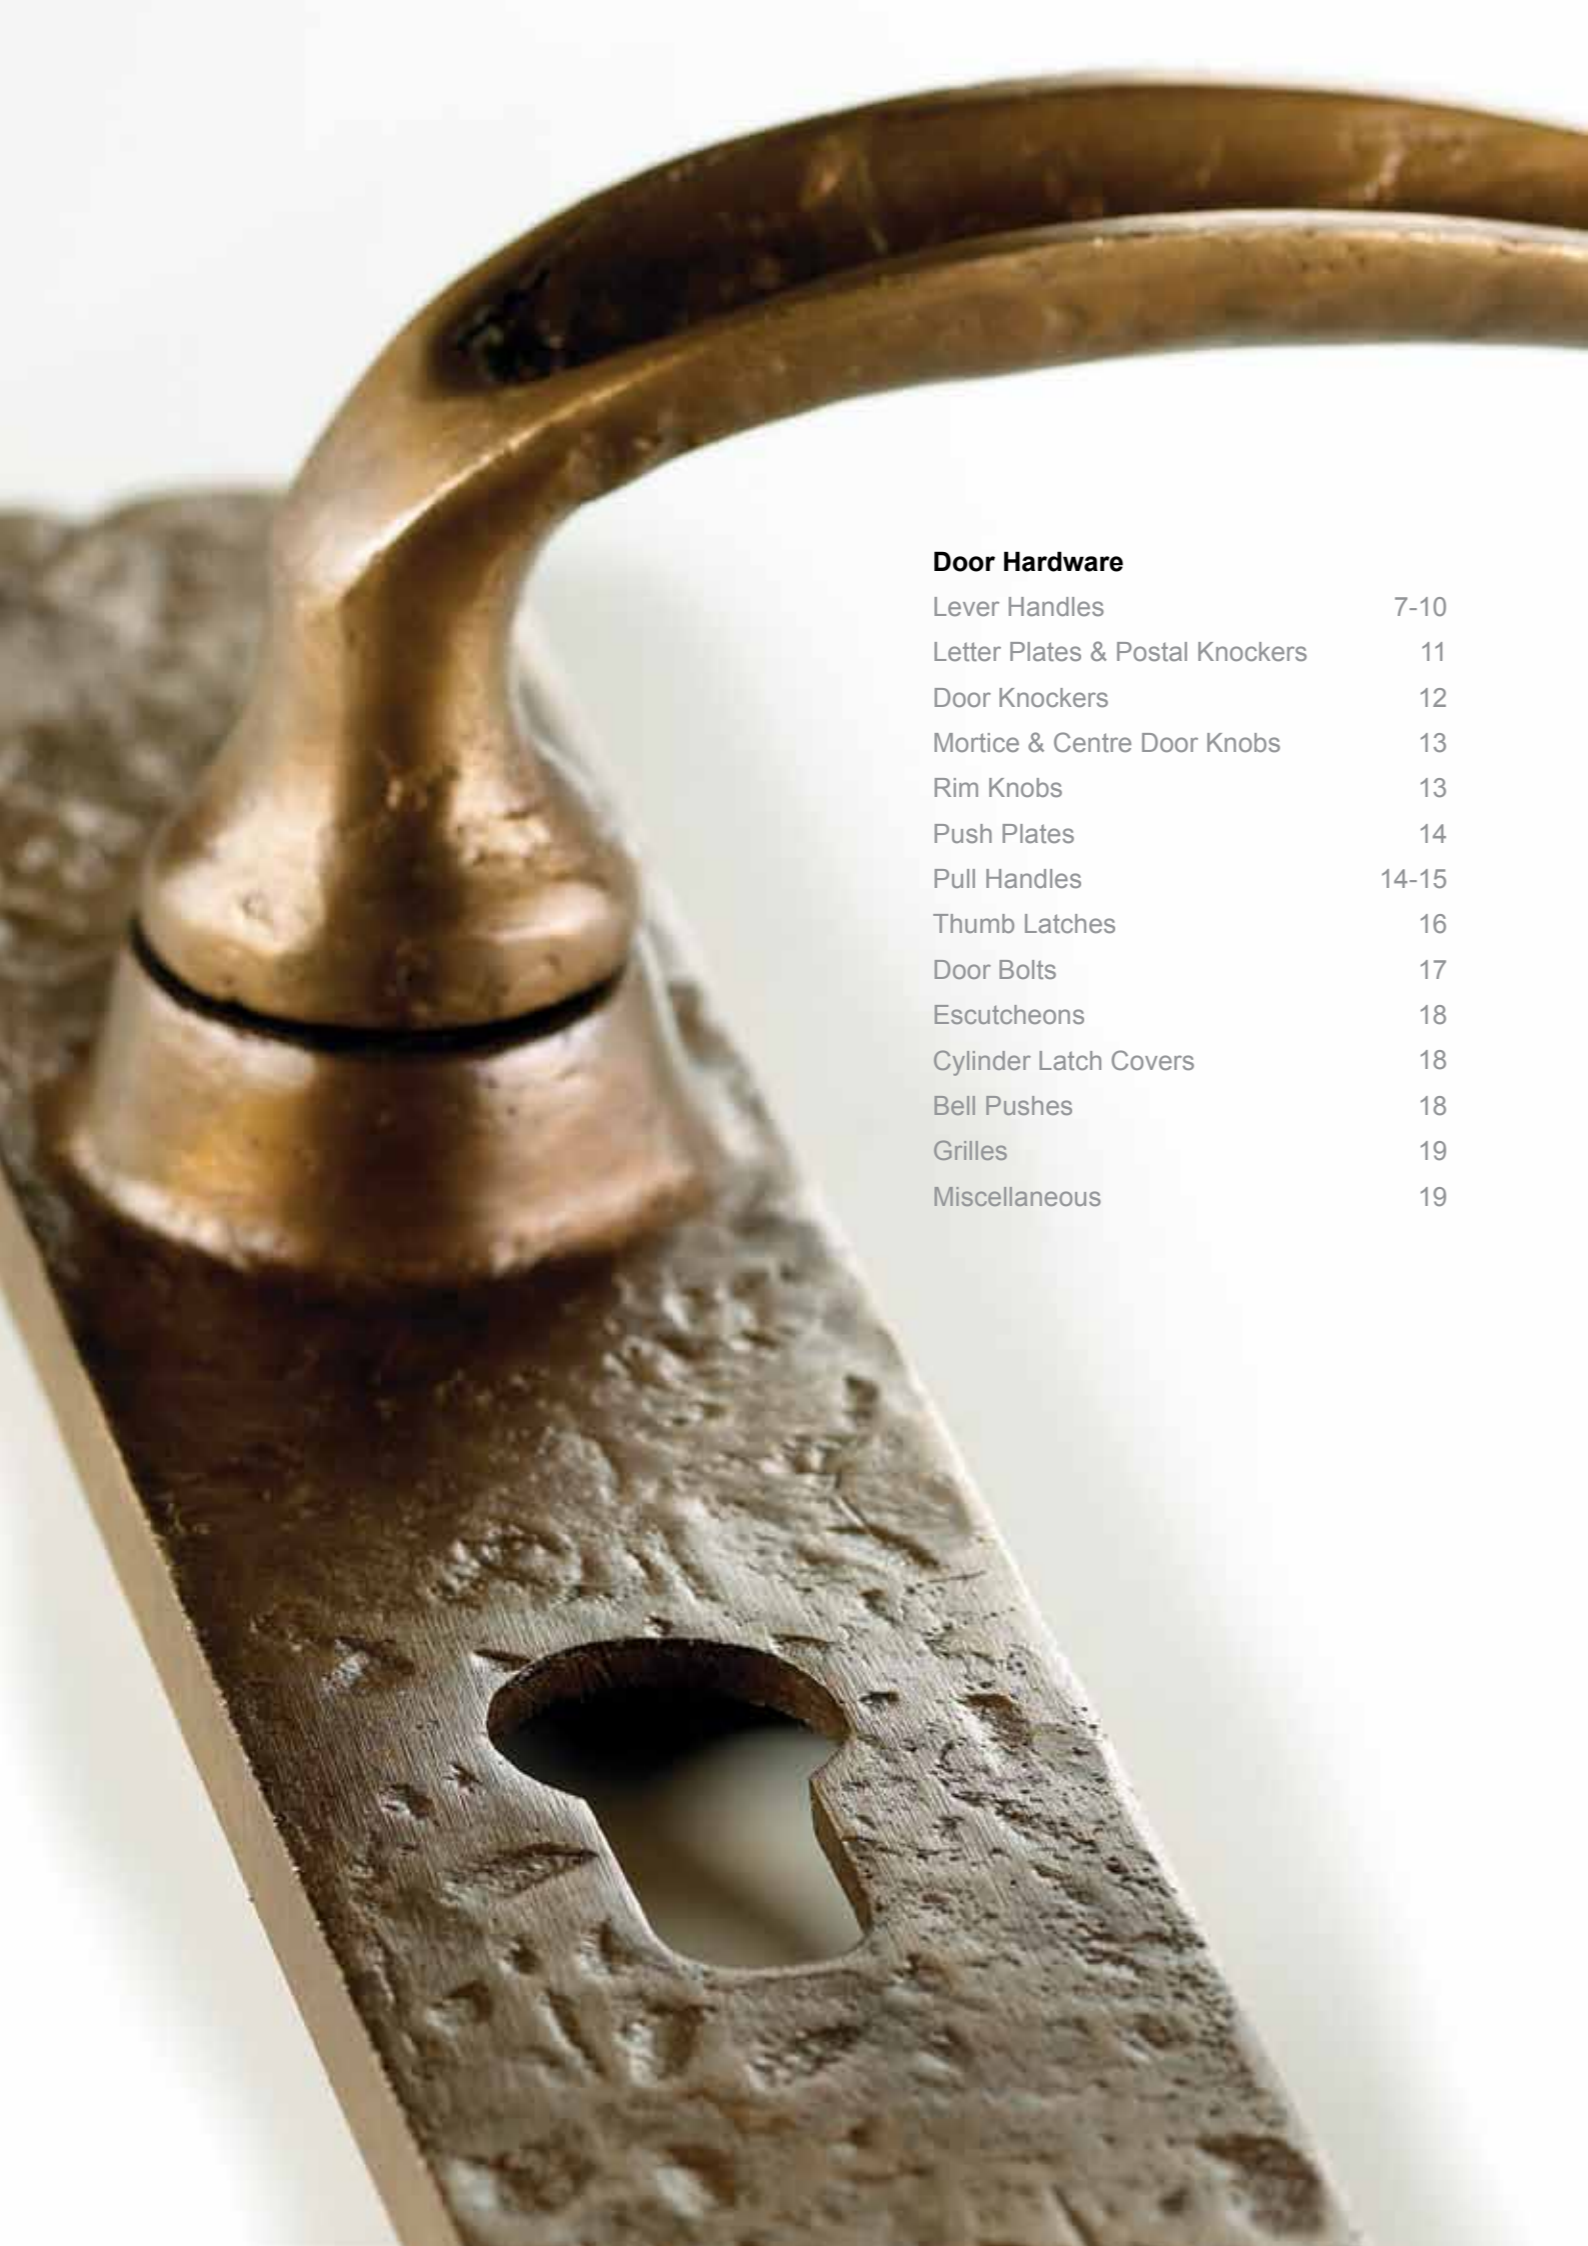

Cast from malleable iron, a protective undercoat (phosphate) treatment is applied prior to the final coating of Black paint. A traditional dip paint process is used thereafter, to aid the dull Black appearance.

Periodic wiping with a lightly oiled cloth will further help to preserve the look of the product.

Suitable for internal and external use.
