Themes by Louis Fraser, a concept whereby door and window furniture has been designed and incorporated into three distinctive styles, **Curved**, **Ribbed** and **Square**. Created in solid Bronze, each piece offers enduring style and beauty, yet manages to fulfill the expectations demanded in the modern home.

The supplement of our exquisite cabinet hardware only serves to complete those finishing touches to a project. The understated elegance of *Themes* is guaranteed to add distinction to any property and truly enhance its surroundings.

Care & Maintenance

Over time, the combination of touch and climate come together to naturally age the product. Bronze is naturally weather resistant and requires the minimum amount of care to maintain. It is recommended that the product is periodically wiped with a beeswax or lightly oiled cloth. Finishes are suitable for both interior and exterior purposes.
