## Introducing the Roxy 12 Black Rock Grill

A great introductory setup for home use, smaller bistro's, bars and pop up restaurants. Roxy12 Rock Oven holds & heats 12 rocks to 824°F / 440°C. Simple to operate with manual controls means you can load your rocks into this counter top oven, plug into a 13amp supply and turn up the thermostats to 824°F / 440°C. With twin thermostats the 2.4kw oven will have those rocks hot and sizzling in 90 minutes. This air cooled oven does not need to be placed in the cook line or under exhaust. It can be placed on a counter or back bar. So if your looking for a great way to WOW your dinner guests with less hassle the Black Rock Grill Roxy12 Rock Oven is the kit you need.
