

# Stainless Steel Theatre Furniture

Quality materials  
and workmanship  
guaranteed

# Innovative technology – practically applied

Renowned for innovation and high quality, Anetic Aid listens to customers and works closely with them to develop state-of-the-art products for a variety of clinical environments.

In our furniture range, we use only British Standard recommended gauges of 304 stainless steel. We mechanically polish and electropolish these items, removing crests and valleys invisible to the naked eye and producing an even smoother surface – making it less likely that any matter such as dirt or bacteria will adhere to the surface of the steel.

### After Sales Service

Members of our qualified sales team are available for consultations and can often provide sample products for on-site trials. We also offer demonstrations and training to ensure users fully understand the features of each item.

Designed and produced at our UK manufacturing facility using the latest engineering techniques

Documented in-house quality control procedures, with all products individually inspected

With extensive stock held in our warehouse, we offer rapid delivery times

All of our stainless steel products carry a five year manufacturer's warranty

We offer a wide range of Instrument Trolleys and every component is quality hallmarked.

Each product is individually inspected and available for immediate dispatch.

All our Instrument Trolleys have Fixed Downturned (D/T) Shelves, come complete with Stainless Steel bright polished frames and use only British Standard recommended gauge 304 stainless steel. All shelves are 2.0mm thick with a 240 silicon grain ultra smooth satin finish. The castors are twin-wheeled, non-corrosive and ideal for modern clinical areas.

Description	Code
Instrument Trolley 450 x 450 x 850mm c/w Fixed D/T Shelves	25000
Instrument Trolley 600 x 450 x 850mm c/w Fixed D/T Shelves	25010
Instrument Trolley 750 x 450 x 850mm c/w Fixed D/T Shelves	25020
Instrument Trolley 900 x 450 x 850mm c/w Fixed D/T Shelves	25030
Instrument Trolley 1200 x 450 x 850mm c/w Fixed D/T Shelves	25040
Instrument Trolley 1200 x 600 x 850mm c/w Fixed D/T Shelves Downturned (D/T)	25050

• High strength plastic-bodied castors do not suffer corrosion like traditional steel bodied models and are quick and simple to replace if damaged

### General Specifications: Instrument and Dressing Trolleys

- Frames** Stainless Steel bright polished tube
- Shelves** Stainless Steel polished sheet 240 silicon grain ultra smooth satin finish
- Castors** 65mm twin-wheeled, polyurethane-tyred, non-corrosive castors

Does your equipment migrate to other departments?

Use our new Coloured Castors to easily identify where individual pieces of equipment belong. Available as a factory fit in Red, Blue, Green or Yellow.

We use only British Standard recommended gauge 304 Stainless Steel

# Surgeon's Seating

Our gas-lift stools are made in a modular design which allows customers to choose the exact specifications to meet their needs.

They are foot-operated, which allows adjustment without compromising the sterile field. We have maintained a simple form by enclosing the mechanism inside a moulded cover and all metalwork is mirror polished with a specialist heavy duty Teflon® coated finish on the base. Pressure Care pads are fitted as standard.

## General Specifications: Surgeon's Stools

Base	5 Star aluminium Teflon® coated finish which is ultra clean and wear resistant. 585mm diameter
Top	Polished Stainless Steel
Height Range	480mm – 680mm
Castors	65mm Twin-wheeled, polyurethane-tyred, non-corrosive castors
Seat	380mm Pressure care pad
Backrest	Adjustable, polished Stainless Steel with pad
Armrest	Polished Stainless Steel with pad

# Transfusion Stands

We supply three types of Transfusion Stand.

We offer a light weight, 5 Star Based version with superb mobility, a Heavy Cast Iron Based version with exceptional stability, PLUS – a special budget version is now available for ward environments.

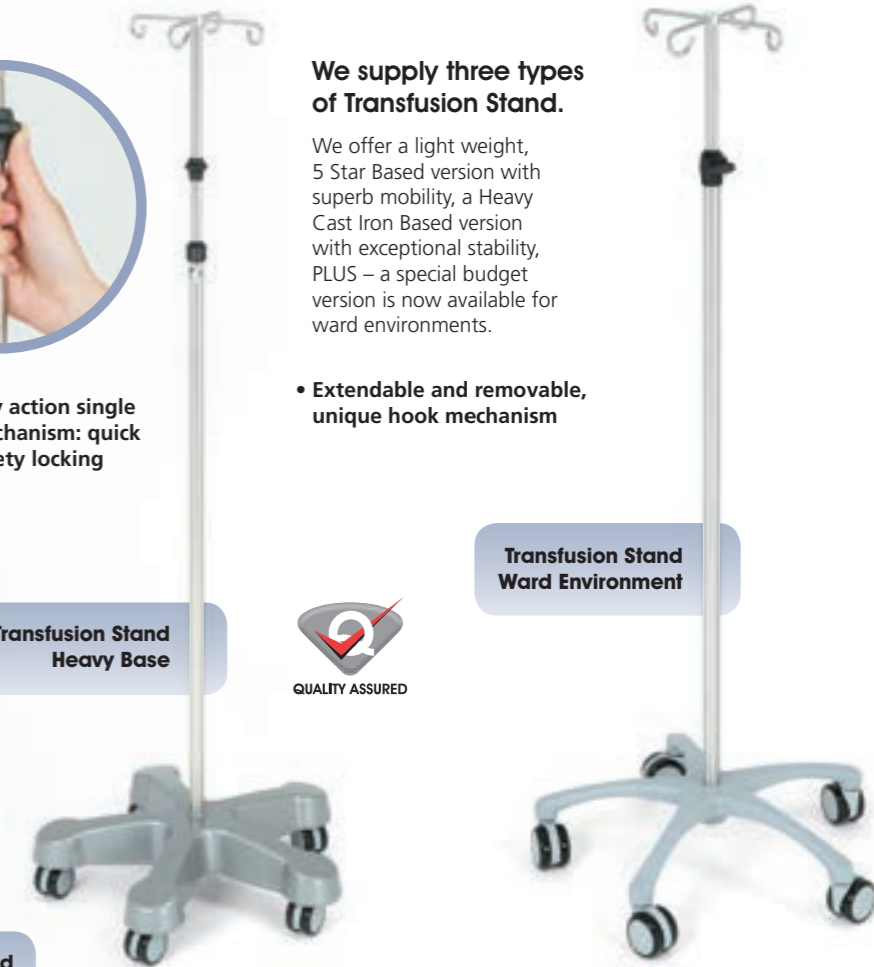

• Extendable and removable, unique hook mechanism

• Provia easy action single handed mechanism: quick release, safety locking

Transfusion Stand Heavy Base

Transfusion Stand Ward Environment

## General Specifications: Transfusion Stands

### 5 Star Base

Base	5 Star aluminium Teflon® coated finish which is ultra clean and wear resistant. 585mm diameter
Column/Pole	Bright polished Stainless Steel
Castors	65mm Polyurethane-tyred, non-corrosive castors
Height Range	1505mm – 2185mm
Weight	5kg

### Heavy Base

Base	Resin filled acrylic capped ABS vac-formed cover, antibacterial. 570mm diameter
Column/Pole	Bright polished Stainless Steel
Castors	65mm Polyurethane-tyred, non-corrosive castors
Height Range	1540mm – 2220mm
Weight	17kg

### Ward Environment

Base	Polypropylene
Column/Pole	Bright polished Stainless Steel
Castors	65mm Polyurethane-tyred, non-corrosive castors
Height Range	1285mm – 2110mm
Weight	3.5kg

Designing and manufacturing products with infection control built in

## Mayo Tables

Supplied with two base options, both weighted for exceptional stability, Mayo tables are manufactured to a traditional design and recognised for their ease of use and functionality.

### General Specifications: Mayo Tables

Frame	Stainless Steel electropolished finish
Castors	65mm Twin-wheeled, polyurethane-tyred, non-corrosive castors
Height Range	870mm – 1220mm
Base Width	495mm
Base Length	670mm
Height to Top of Base	225mm
Tray Size	510 x 380 x 25mm

Description	Code
Mayo Table 4 Castors	25500
Mayo Table 2 Castors/2 Flattened Feet	25510

## Bowl Stands

Manoeuvrable and functional, these models are manufactured with a Teflon® coated 5 Star Base to ensure maximum stability.

Bowl/s included

### General Specifications: Bowl Stands

Frame	Stainless Steel electropolished finish
Base	5 Star aluminium Teflon® coated finish which is ultra clean and wear resistant. 585mm diameter
Bowls	350mm Stainless Steel electropolished
Castors	65mm Twin-wheeled, polyurethane-tyred, non-corrosive castors
Buffering	Spiral buffers on rings to eliminate rattle

Dimensions	Height	Base diameter	Width
Single	860mm	585mm	585mm
Double	860mm	585mm	755mm

Description	Code
Bowl Stand Single	25600
Bowl Stand Double (Side by Side)	25610

### Optional Features

Description	Code
Theatre Furniture Castors – Red*	25220
Theatre Furniture Castors – Blue*	25222

Description	Code
Theatre Furniture Castors – Green*	25224
Theatre Furniture Castors – Yellow*	25226

\*Denotes factory fitted option

## Surgeon's Platform

Designed to allow full surgical access, our platforms achieve maximum stability by using only 4.5mm non-slip aluminium treadplate.

### General Specifications: Surgeon's Platform

Frame	Stainless Steel electropolished
Platform	Aluminium 4.5mm non-slip treadplate

Dimensions	Height	Width	Length
Frame	190mm	300mm	760mm
Treadplate	190mm	300mm	610mm

Description	Code
Surgeon's Platform	25800

## Kick-about

These models are made with the highest grade materials. All are electropolished to produce an even smoother surface and finished with twin-wheeled, polyurethane-tyred, non-corrosive castors.

### General Specifications: Kick-about

Frame	Stainless Steel electropolished finish
Bowl/Bucket	Stainless Steel electropolished and graduated finish
Castors	65mm Twin-wheeled, polyurethane-tyred, non-corrosive castors
Buffering	Spiral buffers on rings to eliminate rattle

Dimensions	Height	Diameter
Kick-about Bowl	230mm	370mm
Kick-about Bucket	330mm	370mm

Description	Code
Kick-about Bowl	25700
Kick-about Bucket – 12 Litre	25710

## Linen Receivers

With single or dual options, these stable but highly manoeuvrable items have mild steel powder coated frames and twin-wheeled, polyurethane-tyred, non-corrosive castors.

### General Specifications: Linen Receivers

Frame	Mild steel powder coated in white
Castors	65mm Twin-wheeled, polyurethane-tyred, non-corrosive castors
Bag	White terylene c/w draw cord

Dimensions	Height	Ring diameter	Width
Single	870mm	490mm	490mm
Double	870mm	490mm	1080mm

Description	Code
Linen Receiver Single	25900
Linen Receiver Double	25910

Practical products: manoeuvrable, stable and functional

## QA4 Accessory Stand

This ergonomically designed stand offers a complete storage solution for general operating theatre and QA4 accessories. Adaptable, robust and multi-functional, it is ideal for modern theatre environments and clinical areas.

### General Specifications: QA4 Accessory Stand

Frame	Mild Steel BZP/Epoxy polyester powder coated
Base	Acrylic capped ABS vac-formed cover, antibacterial
Storage Box	Roto-moulded, low-density polyethylene
Castors	100mm Twin-wheeled, polyurethane-tyred, non-corrosive castors

Dimensions	Height	Width	Depth
Stand	1370mm	720mm	720mm
Storage Box	280mm	680mm	230mm
Max. Load	100kg		

Description	Code
Accessory Trolley (UK Rail)	21370
Accessory Trolley (Euro Rail)	21370E
