“Apex Exhibition Designs interpreted our initial ideas and came up with a design that we felt to be exactly how we wanted our company to be portrayed, the design even fell within budget. The Apex team of stand builders were very easy to deal with, despite some stressful encounters along the way nothing was too much trouble and I look forward to working with them in the future.”

Operations Director, LDL Components Ltd

“Firstly, may I once again thank Apex and particularly Tim and his colleagues for supporting the stand for BeSafe. The good spirit and ‘can do’ attitude from Tim is really appreciated and sadly rare!”

HELP STOP
BLEEDING GUMS

“Apex lightened my load. I did not have to worry at all about the planning, delivery and build of the stand. You understood our requirement and just got on with things.

Our stand was eye catching, well planned and provided a perfect environment for us to exhibit and sell our products. Thanks again for a job well done”

Managing Director, Fueltek

“I was more than satisfied with every aspect of the stand.”

“Thanks once again for an excellent BCLA.
The stand looked very impressive, and even
though we put the pressure on in terms of
timings and requirements – you delivered!!

So a big thanks to all at Apex for this. Our
USA colleagues were wanting to dismantle
the stand and take it back home!”

European Marketing Manager, Coopervision

“Everyone has been so very
complimentary about the stand,
it’s becoming embarrassing!”
