

DESKLINE[®]
Product overview

The clever move

Plug & Play™

LINAK® has the widest product programme on the market. We develop and provide solutions where all components work together. True systems where everything fits, it is simply Plug & Play. With our DESKLINE® systems, you can concentrate on design, stability and furniture aesthetics. As a global leader, we provide Plug & Play electric height adjustable solutions for desks, tables, counters and workstations which people work behind every day.

PVC-Free™ systems

LINAK has acknowledged that there are alternatives to materials containing PVC. For health reasons and for the sake of the environment, most DESKLINE systems are PVC-Free as standard. Look for the PVC-Free icon to denote products that are PVC-Free.

ZERO™ technology

The environment is increasingly on people's minds. LINAK uses ZERO technology to lower standby power consumption to just 0.1W. All DESKLINE control boxes have low standby power as standard. Look for the ZERO icon to denote products that have low standby power consumption.

PIEZO™ anti-collision technology

PIEZO is the name of the hardware-based anti-collision technology developed by LINAK. This feature prevents material damage to a desk if a collision with a solid object occurs. The PIEZO sensor is completely

integrated in the column with no visible changes and no extra mounting. The PIEZO sensor is more sensitive and reacts faster than known software-based systems. Look for the PIEZO logo to denote which DESKLINE columns offer PIEZO as a feature.

5-year warranty

LINAK quality is a combination of high-quality components, semi-automatic production, competent and experienced personnel as well as rigorous testing. We believe in our products and we believe that quality matters. Therefore, DESKLINE products have a 5-year warranty on manufacturing defects. As a market standard, batteries have a 12-months warranty.

DESKLIFT™ SetPack

You can choose selected products as a DL SetPack solution. Our prepacked sets are delivered in one stable box and include everything you need for the assembly of your 2-leg desk. With the DL SetPack, you avoid local packaging and are all set to deliver a complete set to your customers. Our DL SetPack comes in a strong and stable cardboard box with an optimised inlay for our DESKLINE® products.

Power to the system

CBD6S

- Compact, lightweight
- ZERO™ standby power consumption
- PVC-Free™ as standard
- High performance, low pleasant sound and constant speed of the system

CBD6S

- Intuitive cable management
- Plug & Play™ with all lifting columns
- Up to 4 channels in parallel
- Universal input (300W)

Battery box BA001*

- Battery alarm (audio)
- Battery charging indicator (LED light bars)
- Capacity 2.2 Ah/53Wh
- Nominal voltage 24V
- Mounting bracket for easy mounting/demounting

A compact, state-of-the-art control box CBD6S

The series of control boxes CBD6S combines the best of the past with new unique features into compact, state-of-the-art control boxes. The CBD6S is backwards compatible and works with the entire DESKLINE® product programme.

Weighing down to 400 g and with a height of only 38 mm, it is easy to mount, and it has grooves in the bottom for intuitive cable management. Moreover, it is PVC-Free™ and comes with ZERO™ standby power as standard.

200W

300W

** If any and all of the Li-ion batteries built into LINAK products are found to be defective under warranty, LINAK will provide a new product to the OEM. LINAK explicitly disclaims all other remedies. LINAK shall not in any event be liable under any circumstances for any special indirect punitive incidental or consequential damages or losses arising from any incident related to the inherent risk of thermal runaway in the Li-ion cell and any use of LINAK products. Moreover, LINAK explicitly disclaims lost profits, failure to realise expected savings, any claim against our customer by a third party, or any other commercial or economic losses of any kind, even if LINAK has been advised of the possibility of such damages or losses.*

Movement of the desk

Throughout the years, LINAK® has launched a wide range of motor systems for office desks, tables, counters, workstations and kitchens.

All members of our DESKLINE® column family contribute to reliable, easy and innovative solutions for the electric ergonomic adjustment to your desks. LINAK solutions focus on complete flexible systems based on your needs and wishes - both functionally and aesthetically.

All columns are available in black, grey and white as standard (not DL2).

LA23
 Speed: 12.6 mm/sec
 Max thrust: 2500 N/actuator
 Stroke length: 300 mm
Available in several lengths

LA31
 Speed: 20 mm/sec
 Max thrust: 3500 N/actuator
 Stroke length: 500 mm
Available in several lengths

Baselift
 Speed: 14 mm/sec
 Max thrust: 1500 N
 Stroke length: 100 mm
 Built-in dim: 100 mm

DL2
 Speed: 20 mm/sec
 Max thrust: 2500 N/leg
 Stroke length: 500 mm
 Built-in dim: 645 mm
Available in several lengths

DL5
 Speed: 38 mm/sec
 Max thrust: 800 N/leg
 Stroke length: 500 mm
 Built-in dim: 645 mm

Also available as a built-in actuator

Also available with IC (Integrated Controller)

DL6
 Speed: 38 mm/sec
 Max thrust: 800 N/leg
 Stroke length: 650 mm
 Built-in dim: 560 mm

Also available as a built-in actuator

Also available in a 1200N version

Also available with IC (Integrated Controller)

DL7 and DL7R
 Speed: 34 mm/sec
 Max thrust: 800 N/leg
 Stroke length: 470 mm
 Built-in dim: 645 mm

DL8
 Speed: 38 mm/sec
 Max thrust: 800 N/leg
 Stroke length: 500 mm
 Built-in dim: 645 mm

Also available with IC (Integrated Controller)

DL9
 Speed: 38 mm/sec
 Max thrust: 800 N/leg
 Stroke length: 650 mm
 Built-in dim: 560 mm

Also available in an XL-version

Also available with IC (Integrated Controller)

DL45
 Speed: 38 mm/sec
 Max thrust: 700 N/leg
 Stroke length: 675 mm
 Built-in dim: 560 mm

DL12
 Speed: 38 mm/sec
 Max thrust: 700 N/leg
 Stroke length: 660 mm
 Built-in dim: 518 or 545 mm

Also available in an XL-version

DL14
 Speed: 38 mm/sec
 Max thrust: 700 N/leg
 Stroke length: 660 mm
 Built-in dim: 525 mm

Also available as a built-in actuator

DL17
 Speed: 38 mm/sec
 Max thrust: 700 N/leg
 Stroke length: 660 mm
 Built-in dim: 518 or 545 mm

DL1A
 Speed: 43 mm/sec
 Max thrust: 1600 N/leg
 Stroke length: 500 mm
 Built-in dim.: 645 mm

Available in several lengths

DL10
 Speed: 38 mm/sec
 Max thrust: 800 N/leg
 Stroke length: 500 mm
 Built-in dim: 645 mm

Also available with IC (Integrated Controller)

DL11
 Speed: 38 mm/sec
 Max thrust: 800 N/leg
 Stroke length: 650 mm
 Built-in dim: 560 mm

Also available in an XL-version

Also available with IC (Integrated Controller)

DL15
 Speed: 38 mm/sec
 Max thrust: 800 N/leg
 Stroke length: 500 mm
 Built-in dim: 645 mm

Also available with IC (Integrated Controller)

DL16
 Speed: 38 mm/sec
 Max thrust: 800 N/leg
 Stroke length: 650 mm
 Built-in dim: 560 mm

Also available in an XL-version

Also available with IC (Integrated Controller)

DL19
 Speed: 38 mm/sec
 Max thrust: 800 N/leg
 Stroke length: 650 mm
 Built-in dim: 560 mm

Also available in a 1200N version

Also available with IC (Integrated Controller)

Raise your control level

We have what you need. LINAK® offers a full range of control units - in basic, advanced and wireless versions, with memory functions and displays monitoring the desk height as well as other data. The range of DESKLINE® controls also includes apps via Bluetooth® wireless technology with motivational software and built-in reminders.

DPG1K

DPG1M

DPG1B

DPG1C

DPG

- Angled design
- Intuitive tilt function
- Memory positions
- Light reminder
- Bluetooth® integrated
- Optional display
- Compatible with Desk Control™ apps

Desk Control™ Apps

- Adjustment of desk via app
- For iOS and Android smart devices
- Up to 4 memory positions
- Reminds the user via notifications
- Compatible with the DPG with integrated Bluetooth® and the Bluetooth® Adapter

DPF

- Modern design
- Intuitive use
- Up-down function with optional memory buttons
- Separate mounting bracket
- Available with memory

DPF with display

- Modern design
- Intuitive use
- Display for height read-out
- Separate mounting bracket
- Memory buttons controlling up to 4 references (DPF4T)
- Memory buttons

- DPA**
- Small, compact panel
 - Up-down function
 - Intuitive use
 - Adjustable front

- DPB**
- Small, compact panel
 - Up-down function
 - Intuitive use
 - Fixed, angled front
 - Drawer for easy mounting

- DPH**
- Small, compact panel
 - Up-down function
 - For integration in tabletops
 - Can be customised
 - Available in black or white

- DPT**
- For integration in tabletops
 - Touch technique
 - Display for height read-out
 - Memory buttons
 - Available in black or white

- DP1CS**
- Classic design
 - Memory buttons
 - Display for height read-out

Accessories

- Desk Control™ Basic Software**
- A software desk panel
 - Interface via USB2LIN cable or Bluetooth® Adapter
 - Adjustment via PC or Mac
 - Counts standing minutes and calories
 - Report: tracks desk use
 - Alarm: reminds the user to stand
 - Customised user interface (option)

- HB10RF**
- Wireless handset (RF based)
 - Easily operated
 - Ergonomic design
 - Available in 1 or 2 channel versions

- Kick & Click™**
- Fast and intuitive assembly
 - No tools or screws needed
 - Available in four versions

Kick & Click™ is the innovative mounting solution for office desks with two or three legs. It fits with all motor house columns and for the design of T and C-Desks.
