

Elegance2000 Fully cassette awning

The Elegance2000 is a durable, high quality awning, elegantly styled and easy to operate with refined technical features.

With a single unit width of up to 700cm, the Elegance2000 is ideal for balconies and patios of any size.

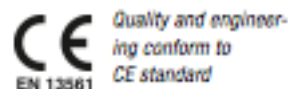

As a linked system of 2 to 3 units, it will have a span up to 1300cm or 1950cm width.

Technical details

The Elegance2000 is an extremely compact design with a height of just 170mm and depth of 249mm (when closed).

It fits snugly against the wall so that it blends harmoniously into the overall appearance of the facade.

Elegance2000 Fully cassette awning

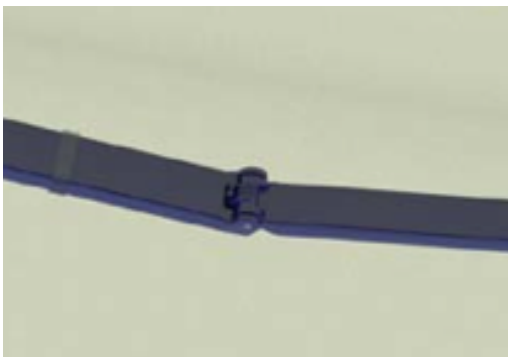

Sturdy arm brackets

Fitted with a support and high impact screw guarantee a high level of stability against side winds when the awning is extended.

Front profile bracket

Connects the arms securely to the front profile

Hinged arms

With an extremely high spring tension to ensure that the awning fabric remains tight and completely stretched preventing it from resting on the arm hinges.
