

FALCO RAIL CYCLE CANOPY

FALCORAIL CYCLE CANOPY

The FalcoRail is an exceptionally attractive and modular cycle canopy design. Available in both single or double sided units in 2m, 3m, 4m and 5m lengths, the cycle canopy is ideal for accommodating all cycle racks as well as the innovative FalcoLevel two-tier rack.

MAXIMUM COVERAGE | Accommodate any cycle parking system including our innovative two-tier rack

MODULAR DESIGN | With 2m, 3m, 4m and 5m options, any length of shelter can be created

MULTI USE | Can also be used as a waiting or smoking shelter with the addition of a bench or ashtray

FALCORAIL CYCLE CANOPY

With a significant depth, the canopy provides maximum coverage whilst occupying minimum space. The FalcoRail can be positioned side by side to create a continuous run of virtually any length or to accommodate a specific number of bicycles.

The FalcoRail is also ideal for use as a smoking or waiting shelter by adding the addition of a bench, ashtray or litter bin.

Single-Sided Dimensions

Length: 3100mm, 4100mm or 5100mm.

Depth: 3000mm

Height: 3220mm

Double-Sided Dimensions

Length: 3100mm, 4100mm or 5100mm

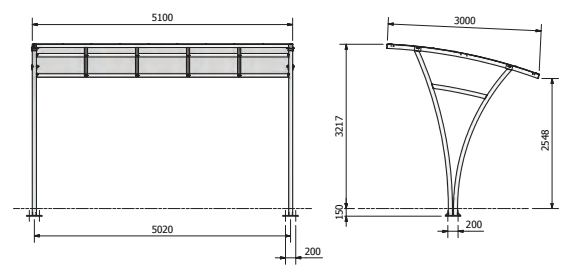

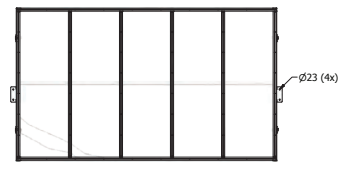

Depth: 4200mm

Height: 3220mm
