Washers

ATLANTIC 6 BRUSH

3 STAGE VERTICAL WASHER

STAGE 1

Completely isolated prewash/detergent wash section, contains its own hot water tank and set of rotary brushes for removal of oils and particulates prior to the main wash area.

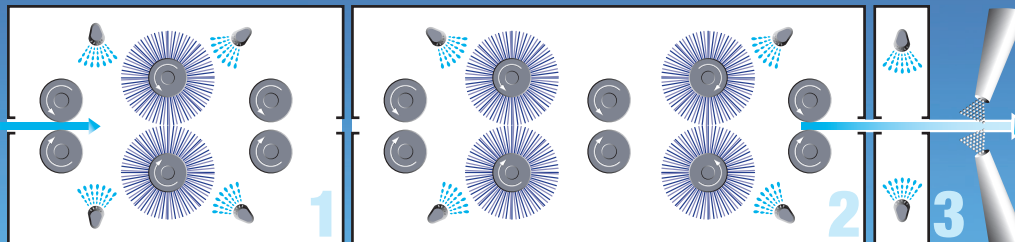

STAGE 2

Contains two pairs of rotary brushes revolving in opposite directions washing and polishing the glass with hot water.

STAGE 3

Final rinse with hot water of a very high standard, passing through a fine filter prior to glass saturation.

The Atlantic Six Brush is a three stage vertical glass washing machine designed to constantly cope with the most rigorous of glass washing schedules.

ATLANTIC 6 BRUSH SPECIFICATION

- Three stage wash:
2 brush prewash,
4 brush main wash, rinse.
