safety

We offer complete safety solutions for industrial machinery, from initial risk assessment through safety system design, build, integration, certification and user training.

# The Health & Safety Event

NEC BIRMINGHAM • 10-12 APRIL 2018

We are pleased to be exhibiting at **The Health and Safety Event 2018**, taking place at the NEC from April 10 to April 12, where we will be demonstrating the latest in industrial safety technology.

The Health and Safety Event is an essential learning and networking opportunity for anyone responsible for running a safe and efficient workplace in the UK. At the event you will be able to find out about changes in legislation, join debates,

There will be a number of educational seminars and workshops, including the NEBOSH Education Pavillion which will provide direct access to advice and guidance as well as market-leading vendors. This is a must for those

suppliers and experience the very latest in safety technology.

education in their workplace.

### What's on in 2018

Returning to the NEC for the fifth time in 2018, this is the UK's fastest growing event for the health and safety industry, with a wider range of features and exhibitors than ever before. Additionally, the Health and Safety Event coincides with Mach 2018, The Fire Safety Event and The Facilities Event, all taking place at the NEC at the same time, which will enable you to visit them all during one trip.
