Series 3 Enclosures & Product Accessories

Series 3 Enclosures are available in standard lengths of 80mm, 160mm and 220mm with custom enclosure lengths available upon request. Standard colour options include black, blue, red & silver, but we can offer any custom colour. Black and silver can be purchased individually whilst blue and red have a minimum order quantity of 10 pieces. All enclosures are supplied with 2 End Plates & 8 Assembly Screws as standard.

The Series 3 Enclosure is able to house a circuit board with a maximum width of 100mm, with a maximum PCB component width of 95mm, with a maximum PCB component height of 33mm, with any length required. If you have a narrower circuit board we can offer carrier plates, which will be customised to fit your specific circuit board. Carrier plates are sold individually and are only available in silver.

Accessories for Series 3 Enclosures include Aluminium or ABS Mounting Brackets used to secure the enclosure to walls, doors, bulkheads and any other surface. Aluminium or Acrylic End Plates both can be fully customised to meet your specifications. Acrylic End Plates are ideal for RF/WI-FI capabilities. ABS End Caps supplied with assembly screw cap covers to prevent misuse or damage from impacts and falls. Sealing Kits protect to IP65 or IP66 rating depending on whether the washers are used.
