

AST SERIES

THREE PHASE VACUUM HOPPER LOADERS

MODELS:

AST1+CT10	230 kg/h	AST5+CT30	1400 kg/h
AST2+CT10	330 kg/h	AST5+CT50	1550 kg/h
AST2/2+CT10	350 kg/h	AST7+CT50	1900 kg/h
AST2/2+CT15	390 kg/h	AST7+CT100	2450 kg/h
AST3+CT15	500 kg/h	AST7+CT200	3000 kg/h
AST3+CT30	590 kg/h	AST11+CT50	2300 kg/h
AST3+CT50	700 kg/h	AST11+CT100	2950 kg/h
AST4+CT30	1050 kg/h	AST11+CT200	3600 kg/h
AST4+CT50	1200 kg/h		

STANDARD FEATURES:

- Stainless steel material receiver
- Stainless steel mesh filter
- Side channel pump with high flow & suction
- Painted steel frame with anti-vibration feet
- Alarm lamp
- Suction probe & anti-static hose

ELECTRICAL CONTROL: CC

- Keypad with display
- Programmable loading times
- Display of loader status
- Motor thermal overload
- Material shortage alarm
- Automatic control of filter cleaning
- Control settings for proportioning valve

FILTER OPTIONS:

- Automatic filter cleaning, from compressed air reservoir
- Cyclonic cleaning & pump protection filter, model FST1
- Cyclonic cleaning & pump protection filter, model FST2
- Cyclonic cleaning & pump protection filter, model FST3
