## GOUDSMIT UK AND LOGISTICS

Goudsmit UK has a modern distribution network which guarantees parts where you want them, when you want them. We work with a number of logistics partners drawing on a wealth of experience and expertise to offer our customers a range of local, regional and worldwide logistics solutions.

Our supply chain management system has been developed with an orientation to customer satisfaction. We focus our competencies on understanding and supporting our customer, seeking to provide the most cost effective and efficient logistics solution for their business.

The logistics service we offer can include the following;

- Frame contracts with multiple drops spanning up to 2 years
- Demand planning system to predict and manufacture client requirements
- Consignment stock capabilities
- JIT delivery for automotive volumes
- KANBAN delivery for regular use items
- Global tracking system to monitor orders and parts through production and shipping
- Warehouses in Holland / USA / UK to allow ex stock delivery
- Buffer stock held locally to offer 3 day delivery

## WORLD WIDE SHIPMENT

To meet the varied needs of our customers, Goudsmit UK can offer worldwide shipping via Air, Sea or Express Courier.

## DIRECT DELIVERY

Goudsmit UK can deliver directly to your clients at any address worldwide. We can supply custom made packaging and include your instructions and delivery documents to ensure confidentiality of manufacture.

## CONTROL AND TRACEABILITY

We will keep you informed via our computerised system as your order progresses. From confirmation of your order and expected delivery dates through to dispatch information and delivery tracking.

## CONSIGNMENT STOCK / WAREHOUSING

In a busy marketplace items can often be required at short notice. Where this is a requirement, we have the capability to hold consignment stock in our warehouses in the UK, Holland and USA, ready for immediate dispatch.
