## Baby Moves

The Baby Moves Neuro Gym is an award winning, unique physical development programme, which has been especially developed to work with babies from birth. Baby Moves is fully linked to the Early Years Foundation Stage (EYFS) and have been winners of the prestigious Practical Pre-School Awards for the last eight years since 2008.

The Baby Moves Neuro Gym has been specially designed in line with recent neurological research into how children's brains and bodies grow and develop. Baby Moves is also perfect for children with a range of special educational needs, including children with a visual impairment. All children, whatever their age or perceived ability, are stimulated to discover their movement potential as their world opens up a wealth of opportunity.

### 1. Three Piece Climb and Slide

Three complimentary pieces which Velcro together to create a fantastic range of activities for crawlers and toddlers, to climb, slide crawl, jump and fall. High enough to give a sense of height and risk but not too high as to cause anxiety. The cube has a reflective top and one side to encourage observation and exploration. Detailed activity sheet included. Size: 135 x 30 x 35cm.

**NP25094 £159.95**

### 2. Rockyroad Tunnel

Designed with integral soft flooring and encourages crawling and hiding. Play peek-a-boo as you discover who is hiding there. Combine with other pieces to create an assault course designed to fully stimulate the toddler's all round physical development.

**NP25095 £89.95**

### 3. Rockyroad Balancer

Our Rockyroad Balancer is perfectly designed to develop co-ordination and balance. Toddlers can lie on it and rock themselves or stand on the rocker whilst holding the hands of an adult. Turn it on its side and it becomes a seat!

**NP25097 £89.95**

### 4. Toddler Tumble

Our Toddler Tumble creates a large obstacle which aids balance, co-ordination and cross lateral movements of the arms and legs in scrambling over it. Creates a sense of achievement when they reach the other side.

**NP25093 £79.95**

### 5. Curiosity Corner

Create enabling environments with the Curiosity Corner, the perfect place to play, explore and engage with open-ended sensory play resources. The perfect environment for every nursery, children's centre or child care setting.

## Wicker Storage

This natural, quality, storage range sets the standard for classroom storage and has an aura of quality, safety and strength. Manufactured from a lighter colour 16mm Beech Faced MFC, including the back panel which adds strength and durability. Visually eye catching as well as strong. The curved 'beading' at the front and back of the unit tops prevent items rolling off. Supplied flat pack for easy self-assembly and include locking castors where shown.

## Room Scenes

The RS (Room Scenes) range has been developed to offer a flexible storage and play solution. Create clearly defined areas within the classroom or nursery setting with your own bespoke design or with our pre selected sets. This completely modular system with flexible fixing joints allows a myriad of different configurations and possibilities to create a fun and stimulating play area in addition to being functional and durable.

All the posts, frames, canopies and unit tops are made from solid beech wood. Each piece connects together using solid beech posts and beech infill panels, which are easily fitted to eliminate the gaps between adjoining units to create an aesthetic and practical continuous flat surface. Supplied flat pack. Standard 90 Degree posts are provided with units where specified and can also be bought separately. This is a quality range that will enhance any educational setting.

Visit our website to see other items and sets in this range.
