

Announcing the launch of our new website

We are excited to announce the launch of Delta Membrane Systems Limited's newly designed website www.deltamembranes.com. We hope you enjoy our new uncluttered design that is more user-friendly and easier to navigate. Our goal was to create a user-friendly browsing experience for our trusted and valued customers and business partners alike.

HOMEPAGE

Our current and prospective customers will find useful information about our products and services on our homepage. There are direct links to Applications, Training Courses along with our Latest News, Case Studies and Products of interest.

Any promotions, new products, technical brochures, special offers and resources can be found in this section.

PRODUCTS

Our fantastic new mobile friendly website will offer an easier, fresh approach to viewing our products. We have created new Product categories:

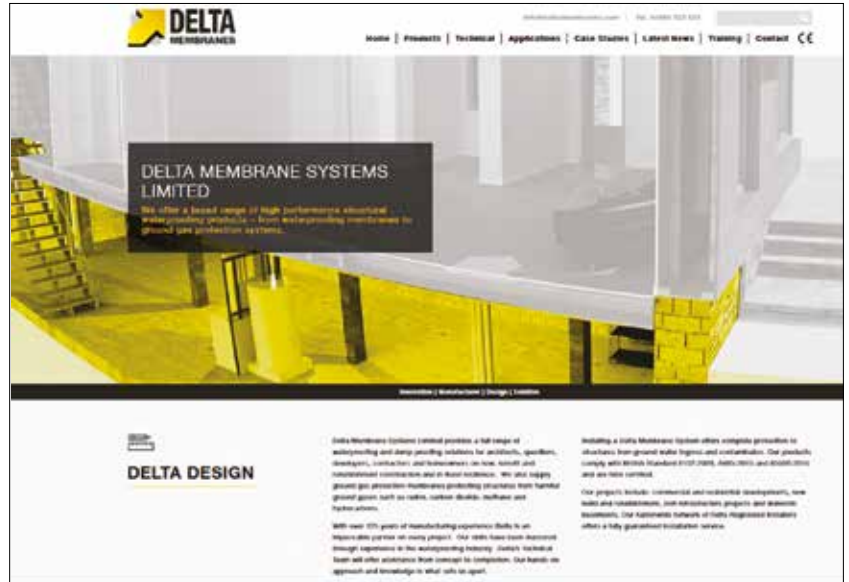

- Cavity Drain Waterproofing
- Package Pumps and Basement Drainage Systems
- External Drainage Protection Systems
- Ground Gas Protection and waterproofing Systems
- Ground Gas Protection Systems
- Damp Proofing Products
- Liquid Applied Waterproofing Systems
- Pre-Applied Waterproofing
- Ancillaries

Within our product pages there are helpful links to Technical Drawings, Specifications, Applications and Downloads.

TECHNICAL

Advance your product knowledge with access to our resource section with guides, technical drawings, independent test data and approvals. We have put together new Technical categories:

- Technical Drawings
- Brochures and Guides
- Independent Test Data & Approvals
- Material Data Sheets (MSDS)
- National Building Specification
- BIM Library

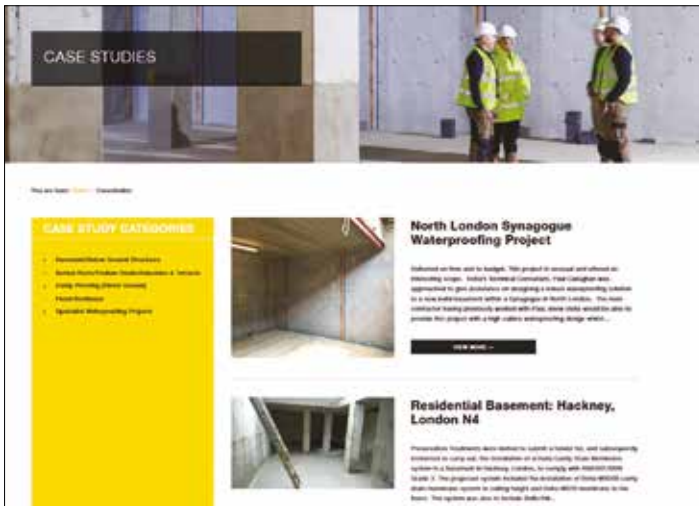

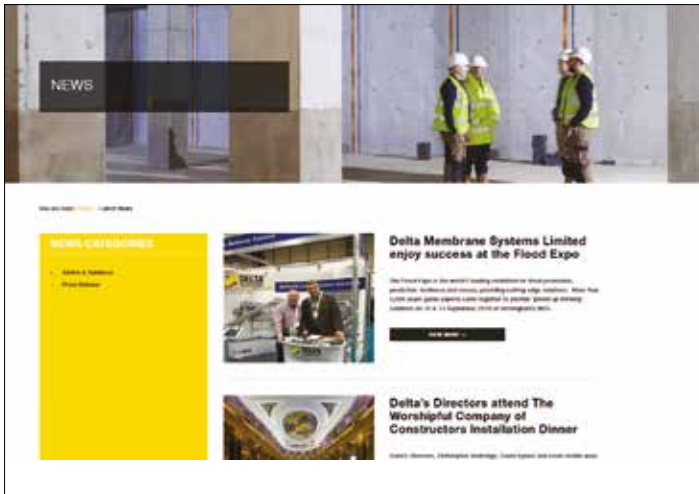

We specialise in waterproofing and can offer all forms of construction ranging from the smallest domestic project to high and industrial developments, commercial structures and large public works. We have the ability to undertake all types of waterproofing systems - above and below ground. We ensure that every project receives the highest level of compliance in the way that all work is carried out.

Delta is constantly and continuously developing specialist waterproofing solutions. Thanks to our superior and extensive Delta is highly experienced from domestic, residential and commercial projects and is constantly developing new products. We ensure that every project receives the highest level of compliance in the way that all work is carried out.

- Video Suite
- Frequently Asked Questions

We envisage our Technical categories will grow over the forthcoming months where we hope to add Installation Guides, Technical Guidance notes and more.

APPLICATIONS

Product Applications. Here you will find useful information for the application of our products.

We have created new Application categories:

- Cavity Drain Systems (Type C)
- Basement Drainage & Protection
- Combination Waterproofing Systems
- Gas Protection Systems
- Gas Protection & Structural Waterproofing Systems (Combined Solutions)
- Waterproofing Buried Roofs/Podium Decks/Balconies & Terraces
- Pre-Applied Waterproofing Systems
- Resin Injection Systems
- Expansion Movement/Construction Joints
- Barrier Protection/Tanking/Waterproofing
- Damp-Proofing (above Ground)
- Specialist Waterproofing Projects
- Flood Resilience, Resistance and Recoverability

CASE STUDIES

Case studies are particularly useful for understanding how different products within projects fit together and how different elements work in creating a robust solution.

We have created categories which work in harmony with our products, applications and technical menus:

- Basement/Below Ground Structures
- Buried Roofs/Podium Decks/Balconies & Terraces
- Damp Proofing (above Ground)
- Flood Resilience
- Specialist Waterproofing Projects

LATEST NEWS

Find updates and expert analysis on all things Delta in our latest news. We will be constantly updating our content with helpful information, articles, blogs, company announcements and new products.

TRAINING

With a variety of courses, covering a wide breadth of topics, we can help build your skills and confidence as a waterproofing professional.

We're sure that in the new Delta website you will find all the information that you need. We'd love to have your feedback about your experience with the website, please feel free to send us an email info@deltamembranes.com or ring 01992 523 523.
