

Why Choose a Summit-TPC Chiller?

Summit-TPC has over 60 years of experience in water cooling applications and is well placed to provide customers with well engineered, cost effective and reliable cooling equipment to suit specific design and production requirements across the board.

Advantages of Summit-TPC Industrial Packaged Chillers:-

- ⊗ Supplier of industrial process cooling equipment since 1991
- ⊗ Summit-TPC chillers are built for industry rather than trade construction
- ⊗ Compact, fully packaged and pre-wired
- ⊗ Simple and rapid installation and commissioning
- ⊗ Units can be personalised to meet individual requirements
- ⊗ Units are built with high quality leading brand components and are readily available
- ⊗ Generous sized internal tank - low volume tanks may cause system problems and premature compressor failure
- ⊗ Rapid response through Summit-TPC's service network
- ⊗ Expert technical advice
- ⊗ Summit-TPC is certified to ISO 9001: 2015 and all equipment is CE marked.
