

CROFTS & ASSINDER

EST. 1875

STYLE GUIDE 2018

UNIQUELY BRITISH

You could spend a lifetime discovering unique British buildings, furniture and landmarks; we have. From the very beginning Crofts & Assinder has specialised in the design and manufacture of extraordinary cabinet handles and luxury fittings. In our 140 year history we have had the privilege of dressing furniture at London's Ritz and Waldorf hotels, the White House in Washington, Parliament House in Buenos Aires and ships of the Cunard and White Star Line.

Established in 1875 George Crofts and Frederick Assinder commenced trading as brass founders at the heart of British industry in Birmingham, England. To this day, Crofts & Assinder has stood the test of time and remains in the same hands of the families that created the company at the outset. We endeavour to make the ordinary extraordinary, combining a unique blend of our British heritage with timeless design and quality.

FREQUENTLY ASKED QUESTIONS

How do I order?

Please phone, fax or e-mail our Birmingham Headquarters:

t +44 (0) 121 622 1074

f +44 (0) 121 622 5718

e general@crofts.co.uk

What are our hours of business?

Monday – Thursday 08:00 – 16:30

Friday 08:15 – 12:30

How do we interpret your dimensional information?

The majority of our handles are in metric sizes, with dimensions given in millimetres, however we do offer some handles in imperial sizes for our overseas markets with centre fixing dimensions of 3", 8", 12" and 18". Our double fixing handles start from centres of 32mm with additional incremental sizes of 32mm being added where applicable. The majority of our products are tapped with M4 threads with a minimum depth of 4mm. A few of our larger handles may be tapped with M6 threads. Please ask our Sales Team for confirmation when ordering. Dimensions of cast iron and ceramic hardware may vary slightly due to the manufacturing process.

How are your products packed?

We aim to supply the majority of our handles packed in poly-bags complete with an M4 x 25mm screw and an M4 x 45mm snap off screw per fixing hole. Please note not all handles are packed to this specification. Box quantities range from 10 – 50 pieces depending upon the size of the product. For non-standard packaging and alternative screw lengths, please contact our Sales Team on + 44 (0) 121 622 1074.

We recommend cleaning with the use of a dry, lint free cloth or wiping the product using a soft cloth with beeswax. Under no circumstances should any form of metal cleaner, aerosol spray cleaner or solvent based abrasive cleaning solutions be applied to our products as these can remove protective lacquers. If such cleaning agents are used, products can become damaged, which may invalidate any warranty

How can I hear about new developments in your Company?

We have a team of Regional Sales Managers who regularly make personal visits. Please call the Sales Office on + 44 (0) 121 622 1074 to find out your contact.

What are your lead times?

Lead times vary from region to region and by product to product. Please contact our Sales Team on + 44 (0) 121 622 1074 to verify stock availability and lead times.

Can we reproduce C&A product images?

All copyright and intellectual property rights are the property of Crofts & Assinder Ltd. No persons can reproduce any part of this catalogue by any means, electronic or mechanical without prior written permission from the Company.

What are your Terms & Conditions?

Our Terms and Conditions may be obtained from our Sales Team and they accompany all account application forms.

Error & Omissions Excepted

Due to our policy of continued product development, we reserve the right to alter materials and specifications without prior notice. Please contact our Sales Team for further information.

Although every care has been taken to ensure the accuracy of the information in this catalogue, we cannot accept responsibility for omissions or inaccuracies.

Non Standard Finishes

Standard finishes are shown against each product displayed.

In cases where non standard finishes are requested, MOQ's and longer lead times may apply as these will be produced on a bespoke basis.

Colour Reproduction

Due to photographic and printing processes some colours may not be a true representation of the product. Please see actual sample for colour.

Changes & Modifications

From time to time, as part of our continual product improvement program, Crofts & Assinder may need to modify tooling or design aspects. During this process small changes to the product may be incurred. Crofts and Assinder reserves the right to make these changes without prior notification.

Intellectual Property

We protect and defend our intellectual property rights globally, particularly by means of Designs Patents in the USA and Registered Designs in the UK & Europe.

Crofts & Assinder is an active member of ACID, a hard hitting action group committed to combating copyright theft. Please visit www.acid.co.uk for more details.
