Incident Screening

Screening – Pop-up Speed tent system

Heavy-duty PVC 2m height

Model shown size : 7.2 x 2 m (h)
Folded size : 145cm x 30cm x 30cm

Safety Screens / Privacy Incident Barrier Screens are manufactured in the same manner as the five-second tents and thus very fast and easy to put up.

These screens are a suitable means to provide protection against accidents and to conceal any items that must remain out of sight to passers-by. 4 panel 1.80 x 1.80 Quick erect screen in construction with the same sizes as the standard screen. (7.2m x 2m)

Safety Screens / Privacy Incident Barrier Screens can be joined to Speedtent to create enclosure for privacy purposes

Work Area Screening

Fatality Screening

PRIVACY SCREENING

PVC Modular Medical Bays

Heavy-Duty Reinforced PVC fabric
(we supply the frame & screens only)

2 x 2 x 2m

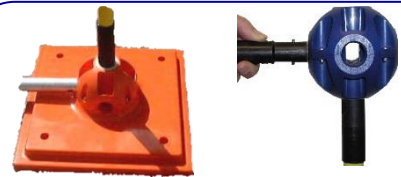

Weight approx. 25kg

Hard Standing Kit 30kg

Easy clinical cleaning

Internal or external use

Set up time 3-5 minutes!

Patented positive locking & rapid release Sheerspeed joint assembly

Black Mesh Privacy Screening

Heavy-Duty PVC Mesh

Reinforced mesh material – ideally weighted for stability in operation – offering less resistance to air flow whilst obscuring public viewing.

Speed tent system, taking only seconds to erect.

Reflective strip along top edge for safety.

Black mesh provides reduced unwanted visibility from press and/or public.

Screens can be split into two sections and used separately.

Single screen section inverted into a ridge tent style, to protect & cover evidence.
