

The Boat Cover Company

STANDARD SPECIFICATION OF TECSEW'S BIMINI

Tecsew manufacture all their Biminis with the highest quality Sunbrella Plus fabric. This lightweight material is highly moisture/stain/mould and mildew resistant with excellent abrasion resistance.

We use our ground-breaking in house 3D CAD design process to ensure the best possible design for your craft.

Please visit our website or request our full colour swatch for the extensive choice of colours. We use colour match 20 metric thread which offers twice the strength of the standard thread.

What's included?

The specification of Tecsew's [Bimini](#) includes many extras as standard which are already included in the price and are not classed as optional extras.

- ◇ Zip pockets which allow the frame to be removed from the canvas with ease.
- ◇ One window in the roof with internal blind as standard.
- ◇ 40mm webbing straps with stainless steel buckles.
- ◇ The use of top quality YKK coil zips (which can be colour matched in most cases).
- ◇ Acrylic edge binding .
- ◇ Heavy duty stainless steel cast fittings.
- ◇ Quick release fittings.
- ◇ Support struts.
- ◇ Cross bracing where possible.
- ◇ Valise (Sausage bag).
- ◇ Neck shade panel capable of being zipped out or rolled up.
- ◇ Measuring and fitting on your boat between Chichester and Lymington.

Framework

The framework is manufactured using either 25mm or 32mm x 1.5mm 316 stainless steel tube. The fittings are all quick release and the heavy duty fittings are all solid cast/polished stainless steel . The frame is braced with struts and where possible, cross braced for maximum strength.

Optional Extras Available

- ◇ [Zipped side curtain.](#)
- ◇ Extra helm roof window with internal blind.
- ◇ [LED strip light.](#)
- ◇ [Supply 2 Units of LED lights.](#)
- ◇ Heavy duty frame fittings and mounting feet upgrade.
- ◇ [Bimini conversion.](#)
