

Greenbank Machinery introduce the GTF7.16L Tacho Generator.

The GTF is stocked at 60V/1000 RPM and comes with temperature compensation as standard taking the unit to IP55.

The GTF7.16L tacho has a low moment of inertia, also it has a high signal quality due to the patented Longlife technology.

The tacho has a standard european flange of 115mm with a PCD of 100mm and spigot of 85mm. The standard shaft size is 11mm. Brushes are available as spares
