

Greenbank Machinery introduce the TDP0,2LT Tacho Generator.

The TDP0,2LT is stocked at 60V/1000 RPM and comes with temperature compensation as standard taking the unit to IP55.

The TDP0,2LT tacho has a high signal quality and long operating life due to patented Longlife technology.

The tacho has a standard european flange of 115mm with a PCD of 100mm and spigot of 85mm.

The standard shaft size is 11mm. Brushes are available as spares

Options: Rear extension shaft, marine air protected/tropicalized, CSA approval, NEMA flange
