Cubicles

Vanity Units

IPS Ducting

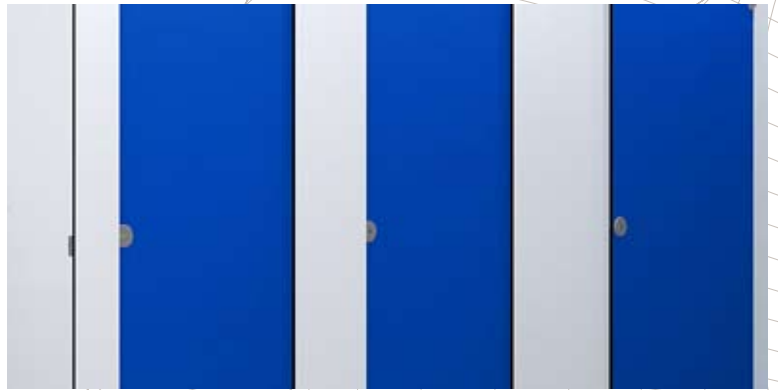

THE SEVERN RANGE

Washroom cubicles that provide a secure and durable solution at modest prices.

Cubicle dividing panels, pilasters and doors are 18mm moisture resistant melamine faced chipboard (MR MFC) with 2mm matching or contrasting PVC edging.

This efficient cubicle is finished with sturdy powder-coated aluminum hinges, brackets, legs, locks and head rail, ensuring it is built to withstand medium traffic washroom environments.

A wide range of over 20 colours, please contact us for laminate samples.

THE AVON RANGE

Washroom and Shower Cubicles that are 100% waterproof for high traffic and anti vandal.

Cubicle dividing panels, pilasters and doors are 12mm solid grade compact laminate (SGL). All SGL panel edges are machined to feature a polished black radiused edge.

It is the superior choice for shower and toilet cubicles in all washrooms and is enhanced by high quality fittings, available in charcoal powder coated aluminum as standard.

A wide range of over 40 colours, please contact us for laminate samples.

THE PREMIER RANGE

Cubicle Systems – Metal frame washroom cubicles with Melamine & Laminate Options

The best; combines style with design to give strength.

Metal frame cubicle system with elliptical pilasters that offer no visible fixings from the exterior.

Its clean curved pilasters with in-built hinges, channel supports and leg fixings greatly reduce installation time on-site.

All ironmongery can be powder coated in a variety of colours and finishes.

Suiting all environments, Premier is available in two styles

- Premier Severn (MR MFC)
- Premier Avon (SGL)

THE EDUCATION RANGE

Designed to meet all the requirements of the school environment – for example; reduced height doors and dividers providing a safe and secure environment but with emergency access.

All fittings are child friendly and available in a wide variety of colours to add to the design.

These are available in both the Severn (MR MFC) and Avon (SGL) Range.

IPS AND VANITY UNITS

The complete solution to all your ducting and panelling requirements.

Saving installation time our system arrives with pre hung panels to an assembled framework. The main access panel having a magnetic catch and hinge system.

All of the above are manufactured to your exact instructions. Samples can be provided for all of the products
