The feedback has also been excellent and here is a sample of the type of review we're receiving from delegates:

- "The facilitator has very good techniques and is a brilliant tutor"
- "Very interesting with different and stimulating ways of learning"
- "The information is delivered very subtly to suit all our needs and making us do the work enables a deeper understanding. He is a good facilitator"
- "Very good, great ideas and good approach to learning"
- "The course catered extremely well to the group's needs being flexible enough to accommodate these whilst covering all necessary course elements. The variety in presentation and the interactive format was great – not a power point in sight! The leader was an extremely good facilitator. Highly recommended! Fabulous. It's been a breath of fresh air in the way it's being taught and had influenced my thoughts and actions already. Looking forward to the second part of the course."
- "I thoroughly enjoyed the alternative way the course was run. It was very thought provoking and memorable. The various activities we took part in was a great way to learn. The facilitator met our needs brilliantly, has very good techniques and is a brilliant tutor"
- Reasons Why They Chose to Attend
- "It sounded interesting and worthwhile, I needed to gain more professionalism in my leadership of the business, I wanted to improve my management skills."
- "Felt that the degree I have just completed did not cover leadership and management in as much detail as I need to carry out my role effectively."
