Kilfrost ABC-4 ^{Sustain}

Kilfrost ABC-4 ^{Sustain} is a Type IV de-icing fluid, qualified to AMS 1428 and ISO 11078 Specifications.

Kilfrost Type IV fluids offer maximum anti-icing holdover protection against freezing precipitation, especially snow, and can be used cold to prevent the build up of frost, ice and snow.

Environmentally friendly

Made from a Bio-PDO™ glycol base which comes from a renewable and sustainable raw material, creating a significantly decreased carbon footprint.

High Performance

Exceptional hold-over performance while also meeting today's stringent green standards with cutting-edge technology.

Reliability

Our attention to detail delivers de/anti-icing products that perform every time and that are used across the globe.

Logistics

Our global coverage means we can be where you need us when you need us, delivering on time even against the odds.

Safe to use

Compatible with existing equipment providing good sprayability with minimal foaming.

Customer support

Kilfrost's 75 years of experience can support you with our technical expertise to offer you the right product.

Quality you can trust

Five-star products are at our heart and we are proud of our reputation for continually raising the benchmark through innovation.
