Kilfrost DF Plus

Kilfrost DF Plus is an SAE/ISO Type I de/anti-icing fluid, qualified to AMS 1424 and ISO 11075 (latest revisions).

Kilfrost Type I fluids are primarily used for de-icing purposes and offer limited anti-icing protection. If weather conditions dictate that anti-icing is required, a further application of an appropriate anti-icing fluid (Type II/IV) will be necessary.

High Performance

Triazole free, low foaming and excellent storage stability.

Reliability

Used by major airlines globally DF Plus is the most popular choice of fluid.

Logistics

Our global coverage means we can be where you need us when you need us, delivering on time even against the odds.

Environmentally friendly

Readily biodegradable, monopropylene glycol based (MPG).

Safe to use

Good sprayability, non toxic and non flammable.
