2 HogBoxes side-by-side
= 1 UK pallet footprint
of 1200mm x 1000mm

Up to 6 HogBoxes and a lid
form one "transit load"

The Loadhog Lid will secure
the load immediately with no
dedicated equipment or one
trip packaging materials

All 6 HogBoxes can now be
handled in one movement

The Lid allows 2 full pallets to
be double stacked in transit

No pallets

No one-trip plastic
packaging materials or
waste

No other equipment
needed

Up to 50% less trailers
needed when double
stacked

Efficient access to any
box in stack

4/ Foot-operated lifter

Easy box separation & movement
with the foot-operated lifter

The bespoke lifter can be used to stack / de-stack boxes

Excellent mobility for space restricted operations

Carries up to 2 loaded boxes from the 600mm end

Maintains the perfect height for picking into or from
