

# DESKING

## SOLO

Value engineered to hit an extremely competitive price point, the Solo is available now in all colours for those of you that just want 'a desk', yet still comes with a 10 year warranty.

## GOALPOST

Single bench desks have always been expensive as cost-savings only come into play when using benching in a configuration. The Goalpost leg desk is a cost-effective solution to this problem.

## HAIRPIN

Sleek and stylish, the hairpin desks look great at home or in offices that want something a little more interesting.

## GIORGIO

The Giorgio leg has always been a firm favourite. A no nonsense design coupled with an affordable price, are the two main reasons why this has been our best selling leg for nearly 30 years.

## GIORGIO WIRE MANAGED

Store your wires neatly inside the cover plates of our Giorgio Wire Managed leg. Removable inner and outer plates ensure easy tool-less access.

## GIORGIO HEIGHT SETTABLE

Whether you're tall or small, our height settable desks are great for making sure your posture doesn't suffer.

## PANEL END

Providing privacy and strength, our Panel End desks are supplied with a 25mm leg and are available in all 14 MFC finishes.

## ROMA LORENZO

For those who like things a little curvier, our Roma Lorenzo leg is a profiled version of the Panel End leg available in all the same top choices and finishes, too.

## HEIGHT ADJUSTABLE COMPARISON

We don't always have the time to research things as much as we should, especially when several manufacturers are offering products that all look similar yet have huge price differences. That is why we have produced a simple comparison chart that details the six ranges along with full specification of the main selling points that you need to know.
