

A close-up, slightly low-angle shot of Groot from the movie Guardians of the Galaxy. He is looking towards the right of the frame. The background is a blurred, teal-colored industrial or space-like environment with some metallic grates visible at the bottom. A semi-transparent teal banner is overlaid across the middle of the image, containing white text.

**GOING GREEN?
ENERGY EFFICIENT ACTUATORS
YOU'RE WELCOME**

ARE PNEUMATIC ACTUATORS EXHAUSTING YOUR ENERGY?

SAVE YOUR WORLD WITH ECO-FRIENDLY ELECTRIC ACTUATORS!

Pneumatic actuators waste energy through exhaust and air leakage.
They also require a large amount of peripheral equipment to operate.

Our low power electric actuators convert electricity directly into motion
so save you money and help the environment.

LEARN THE ADVANTAGES OF ELECTRIC OVER PNEUMATIC:
