24 Hour Deliveries of Machined Components in all Materials

ENVIRONMENTAL POLICY

(Issue 5, July 2020)

Concerning: Bolt & Nut Manufacturing
BNM Speciality Alloys
Williams Fasteners Ltd

Tachart Ltd works to minimise the impact of its activities on the environment by:

- Trading with nations that have agreed to UNFCCC environmental treaties
- Reducing waste by ensuring operations are efficient
- Maintaining & improving wildlife diversity around our facility
- Reducing vehicle emissions by:
 - utilising carbon neutral transport organisations for national & international deliveries.
 - employing our own vehicles for local collections and deliveries
 - improved routing efficiency
 - the placement of larger raw material orders to reduce the number of journeys
 - promotion of public transport*, cycling & walking
 - promote car share ideology*
- Recycling of packaging materials
- Re-using waste printed material as packing materials
- Including the percentage of recycled content when making decisions regarding the procurement of consumables such as cardboard boxes.
- Meet national and local environmental legislation.
- Assist the Environmental Agency with all assessments and surveys
- Investing in the measurement of & accountability of emissions generated by our activities

* only when safe to do so by following government advice.

Yours sincerely

Patrick Hinder (Technical Director, Quality Manager, HSE)
