## Safety Signs

Pages 1 – 71

Best Sellers, Design-a-sign, Multi-packs, Fire Exit, Photoluminescent, Fire Safety, Mandatory, Catering Signs, Smoking Ban, Prohibition, Hazard Warning, First Aid, Premier Signs, Polycarbonate, Aluminum, Post Mounted, Floor Signs, Temporary Signs.

## Construction Signs

Pages 72 – 79

Site Safety Signs, Extra Large Signs, Scaffolding Signs, Construction Packs, Site Safety Posters, Design-a-sign Site Safety.

## Pedestrian & Traffic Control

Pages 80 – 95

Traffic & Car Park Signs, Line Marking, Snow & Ice Management, Speed Ramps, Cones, Barrier Systems, Traffic Mirrors, Glass Signs, Anti-Slip Tapes, Matting.

## Hazardous Substance Control

Pages 96 – 105

Hazard Warning Diamonds, Supply & Conveyance Labels, Hazardous Transport Accessories, Hazardous Substance Storage, Spill Kits, Pipeline Information Tapes, European Standard Pipemarkers.

## Labels & Tapes

Pages 106 – 110

International Pictorial Marking Labels, Packaging Tapes, Number & Letter Marking Systems, Warning Tapes, Asbestos Labels, Barrier Tapes.

## Security

Pages 111 – 116

CCTV Security Signs, Security Seals, Bird Control Systems, Personal Attack Alarms, Asset Marking, Tamperproof Labels, Key Cabinets.

## Electrical & Lockout Safety

Pages 117 – 123

Padlocks, Padlock Tags, Lockout Stations, Lockout Hasps, Valve Lockout, Electrical Lockout Devices, Lockout Storage Systems, Circuit Breaker Lockout System, Electrical Safety Signs and Labels, Electrical Safety Hook.

## Fire Safety

Pages 124 – 127

Smoke Alarms, Fire Warden Kit, Emergency Evacuation Equipment, Break Glass Key Box, Fire Log Book, Fire Buckets, Fire Extinguishers, Fire Blankets, Fire Extinguisher Stands.

## First Aid

Pages 128 – 131

First Aid Kits, Eye Wash Stations, Accident Book, Vehicle Safety Kits, First Aid Cabinets, Thermometers, Blankets, Evacuation Chairs, Plasters and Dressings.

## Personal Protective Equipment

Pages 132 – 137

Hearing Protection, Head Protection, Eye Protection, Gloves, Hi-visibility Clothing, Respiratory Protection, Safety Footwear, Lifejackets, Water Safety Signs.

## Training & Education

Pages 138 – 149

Display and Notice boards, Pocket Guides, Posters and Wall Charts, Suggestion Boxes, Training Booklets, Quality Posters and Labels, Training DVDs.

## Information Signs

Pages 150 – 159

Public Information Signs, Leisure & Dog Signs, General Access & Information Signs, Door Sign Systems, Slider Signs, Engraved Signs, Braille Signs, Disability Awareness, Custom & Bespoke Signs.

# Are you prepared for a Smoking Ban? IT'S THE LAW!

## What is the smoking ban?

Legislation that prohibits smoking in all public buildings and vehicles.

## What must be done to comply with the ban?

No Smoking safety signs must be displayed at each public entrance in a position that is prominently visible to persons entering the premises.

## What signs must be displayed?

See below for the specific safety sign for your location.

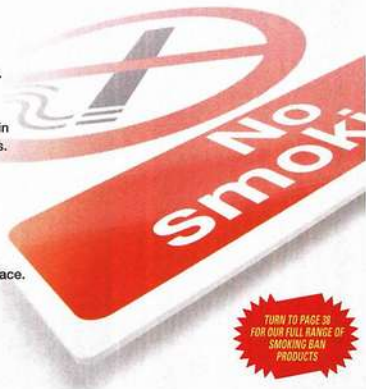

## What are penalties for non-compliance?

Fines of up to £1,000 for failing to display the correct signage.

Fines of up to £2,500 for failing to prevent smoking in a smoke-free place.

## When does the ban come into force?

|                  |                  |
|------------------|------------------|
| Scotland         | Already in place |
| Wales            | 2nd April 2007   |
| Northern Ireland | 30th April 2007  |
| England          | 1st July 2007    |

# Best Sellers

Remember, if you cannot find the exact safety sign you require, please turn to pages 6-7 for details of our fast and effective Design-a-Sign service.

## Materials - Choose from:

### Self-adhesive vinyl (-S at end of code)

A gloss or matt finish adhesive material with a peel off backing. Suitable for indoor or outdoor use. Apply to clean, dry, smooth surfaces when temperature is above 0°C. Only material supplied by internationally branded suppliers is used.

### 1mm Rigid plastic (-R at end of code)

Flexible plastic, ideal for fixing to surfaces where self-adhesive vinyl is not suitable. Easily punched or drilled for fixing.

### Easifix (SR at beginning of code and -R at end of code)

A 1mm thick rigid adhesive plastic with a peel off backing. 3M adhesive secures the material to a clean, dry and smooth surface. Ideal if you need tough durable safety signs that you can put up without a fixing kit. No drilling, no screws, no hassle.

### Photoluminescent NITE-GLO

NITE-GLO will provide temporary high visibility in the dark, for a short period of time, after exposure to light sources. NITE-GLO conforms to Class A of the P.S.P.A. Standards as measured using DIN 67510.

Materials are non-phosphorus, non-radioactive and lead free.

- (a) Self-adhesive polyester: Highly visible in the dark for emergency use, after exposure to natural or artificial light. Can be recharged by light any number of times.

### Self-extinguishing

- (b) Rigid: A strong, robust rigid plastic approximately 1.3mm thick with the same properties as self-adhesive vinyl.

\* We will add your text for an extra £3.99 per sign.

# Design-a-Sign

## How To Order Your Design-a-Sign Safety Sign

### Step One: Select a sign type

Decide from the table below left what type of safety sign message you require.

| Type           | Message   |
|----------------|---|
| Prohibition    | To convey prohibited actions.   |
| Hazard         | To warn of potential danger or harm.  |
| Mandatory      | To convey actions to be carried out.  |
| Safe Condition | To outline emergency procedures in the event of fire.<br>To show the way to medical assistance.<br>To indicate that a course of action is safe. |
| Fire Equipment | To indicate the location of fire equipment.   |
| Multi-message  | To convey more than one of the above message types.   |

### Step Two: Choose a symbol and layout

Choose a layout and symbol for your safety sign from the choices on the opposite page.

### Step Three: Specify your text.

Specify your own text (maximum 30 words). We will choose the best layout for your text.

### Step Four: Select a size.

Example sizes are listed in the table at the bottom of this page.

#### Height of signs and maximum viewing distances

| Max Viewing Distance (m) | Minimum Symbol Height (mm) | Recommended Letter Height Supplementary Text Signs (mm) |
|--------------------------|----------------------------|---|
| 7                        | 60                         | 5   |
| 9                        | 80                         | 7   |
| 14                       | 120                        | 10  |
| 21                       | 180                        | 15  |
| 28                       | 240                        | 20  |

### Step Five: Select the material.

#### Guide to Materials

- Polycarbonate - ideal for tough harsh environments.
- 3mm Rigid Plastic - For outdoor signs.
- 1mm Rigid Plastic - For outdoor signs.
- Self-adhesive Vinyl - For indoor signs.
- Photoluminescent 1.3mm Rigid Plastic.

### Step Six: Contact Us.

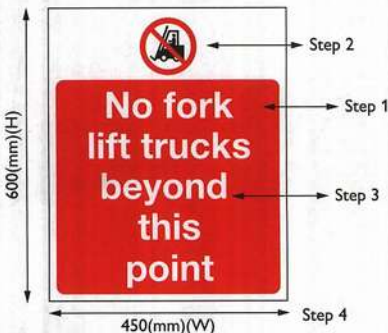

Contact us to place your order. Confirmation of your order with a rough sketch is required.

## Your Text - Your Colours - Your Choice

Create your own safety signs quickly and easily.

- No need for special quotations.
- Standard prices are competitive and guaranteed.
- Comply to all relevant UK safety sign legislation.
- Orders of up to 10 signs will be despatched same day.

## How to Order Example

**Step 1.**  
Prohibition

**Step 2.**  
Symbol = P12

**Step 3.**  
Text Specified

**Step 4.**  
Size chosen = 600x450mm

**Step 5.**  
Chose material = 1mm Rigid

**Step 6.**  
Place order: Height x Width 600x450 = 270,000.  
Size code is therefore DFA05 1mm rigid  
and quantity 4 Price would be £33.44 each.

| Size/<br>Code | Sign Area(mm)      | Example Size guide(mm)         | Super Tough Polycarbonate |      |       |        |      |       |     |        |       | Photoluminescent Class B 1.3mm Rigid Plastic |      |        |     |      |       |         |   |   |

S/A = Self-adhesive vinyl. Rigid = 1mm rigid plastic.

## British Standard Fire Exit / Exit Signs

For excellent comprehension and legibility in the event of an emergency.

- All fire exit/exit signs shown are guaranteed to comply with BS 5499 Part 1, 4 and The Health & Safety (Safety Signs & Signals) Regulations 1996.
- BS 5499 Safety signs, including fire safety signs Part 1: Specification states that a fire exit / exit safety sign should have the following characteristics:

| Geometric shape   | Meaning           | Safety colour | Contrast colour | Graphical symbol colour | Arrows  |
|---|-------------------|---------------|-----------------|-------------------------|---|
|  | Escape route<br>✓ | Green<br>✓    | White<br>✓      | White<br>✓              | Arrows should be used unless it would cause confusion to do so<br>✓ |

BS 5499 Safety signs, including fire safety signs Part 4: Code of practice for escape route signing states:

- that a fire exit/exit sign with an arrow should be used where the escape route from a building is not conspicuous or confusion could occur. ✓
- all changes in direction in corridors, stairways and open spaces forming part of the escape route should be marked with additional signs. ✓

We do not recommend that you mix BS 5499 designs with the EC designs on pages 16, 17 and visa versa.

S/A = Self-adhesive vinyl. Rigid = 1mm rigid plastic. \* Use these signs with the arrows shown to the left to complete your fire exit safety signs.

## British Standard Emergency Escape Signs For Disabled People

When planning fire safety arrangements and evacuation procedures for the workplace have you considered the evacuation of staff and visitors who are physically impaired? Based on the designs of BS 5499 Part 5, this range of signs allows a clear way guidance signing system to help lead the physically impaired to a place of safety.

**2% OF THE SALES FROM THIS RANGE WILL BE DONATED TO THE CHARITY SCOPE**

## EC Directive Fire Exit/Exit Signs

For that European touch.

All fire exit/exit signs shown are guaranteed to comply with The Health & Safety (Safety Signs & Signals) Regulations 1996, the EC Directive and BS 5499 Part 1 and Part 4.

The Health & Safety (Safety Signs & Signals) Regulations 1996 implement the requirements of the EC Safety Signs Directive 92/58/EEC.

This important legislation:

- 1) requires employers to use a fire exit/exit sign where the risk of fire in a building cannot be totally eliminated.
  - 2) states that fire exit/exit signs should be rectangular or square.
  - 3) demands all fire exit/exit signs contain a white pictogram on a green background as part of their intrinsic design features.
- The green background should take up at least 50% of the area of the sign.

We do not recommend that you mix EC designs with BS 5499 designs on pages 12-13, 16-17 or visa versa.

## EC Directive Fire Exit Signs For Disabled People

It is essential to identify the special needs of any staff (or visitors) with disabilities when planning your fire safety arrangements and evacuation procedure for the workplace.

- This range of signs allows users to take account of this requirement and comply with BS 5588: Part 8: Code of practice for means of escape for disabled people.

**2% OF THE SALES FROM THIS RANGE WILL BE DONATED TO THE CHARITY SCOPE**

### You need to consider:

1. **Escape Route Signs** - To let disabled people know their best escape route in an emergency situation.

**COMPLY WITH EC SAFETY SIGNS DIRECTIVE**

## Safety Way Guidance Systems

The objective of a safety way guidance system is to lead all evacuees from a risk environment to a place of safety in the event of an emergency such as a fire in a building.

An effective safety way guidance system usually consists of:

1. Conspicuous and consistent escape route safety signs.  
Pages 18-23 - XTRA-GLO and NITE-GLO safety signs.
2. Escape route illumination. Pages 26-27 - Emergency lighting.
3. Continuous low proximity escape route marking.  
Below - NITE-GLO safety tapes.
4. Orientation indicators. Page 19 - NITE-GLO arrows and floor marking dots.  
Page 22 - Emergency escape route plan kits.
5. An emergency floor evacuation plan.  
Page 20 - Refuge fire exit safety signs.

### All photoluminescent products satisfy:

- PSPA Class A or higher performance requirements.
- DIN 67510 Parts 1-4.
- IMO Resolution A.752(18) subject to satisfactory in situ illumination.
- BS 5499-1 & The Health & Safety (Safety Signs & Signals) Regulations 1996.
- Lloyds Register Type Approval.

## NITE-GLO Photoluminescent Safety Tapes

A simple and cost effective way to identify your escape routes and highlight obstacles and hazardous locations within your premises.

NITE-GLO photoluminescent material far exceeds the minimum classification of the Class A rating for brightness as set by the Photoluminescent Safety Products Association (P.S.P.A.).

## XTRA-GLO

### Photoluminescent Safety Signs to British Standards and EC Legislation

Our best performing photoluminescent material.

Ideal if you need escape route signs that need:

- Ultra high initial brightness.
- Fast activation times even in dim lighting conditions.
- Exceptional brightness over time.
- Improved ageing and weather performance.

Our XTRA-GLO material is:

- Highly resistant to UV breakdown.
- Extremely durable and resistant to shrinkage.
- Made using an environmentally friendly polyester film.
- Suitable for both indoor and outdoor use.
- White in appearance during the day yet glows when lighting is no longer available.

Material: 1.3mm Self-adhesive rigid plastic (-R) and self-adhesive polyester (-S) as shown.

# Emergency Escape Sign Systems

## Emergency Escape Route Plan Kits

Workplace Fire Regulations require employers to plan for an emergency and provide employees with information and training.

Everything you need to provide employees and visitors with the knowledge they need to evacuate the premises should an emergency occur, is available with these emergency escape route plan kits.

Comprising a printed grid baseboard, aluminium frame, borderline tape, 12 sheets of mixed symbols, 5 different plan titles and a 'key to symbols guide', these kits are ideal for advance training on procedures.

Emergency escape route plan kits are also available with a photoluminescent baseboard, providing potentially life saving information in situations of low visibility caused by smoke or power failure.

**ADD ADDITIONAL INFORMATION & SYMBOLS TO INDICATE EMERGENCY ACTION, HAZARDOUS AREA & FIRE EQUIPMENT ETC.**

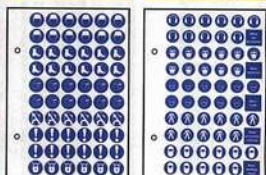

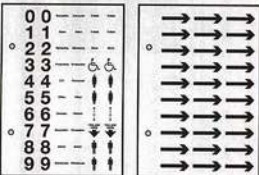

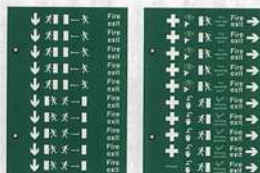

### EVACUATION PLAN

### EMERGENCY ESCAPE ROUTES

### HAZARDOUS AREAS

### FIRE ZONES

### ZONE PLAN

Use the borderline tape to outline your building plan on the baseboard.

## NITE-GLO

### Photoluminescent Safety Signs to The Health & Safety (Safety Signs & Signals) Regulations 1996.

Our new NITE Glo material is:

- Highly resistant to UV breakdown. • Extremely durable and resistant to shrinkage.
- Flame, smoke and toxicity tested.
- Made using an environmentally friendly polyester film.
- Suitable for both indoor and outdoor use.
- White in appearance during the day yet glows when lighting is no longer available.
- Compliant with PSPA, DIN, IMO and British Standards requirements - See page 20 for more details.
- These designs look exactly like the illustrations in the Health & Safety (Safety Signs & Signals) Regulations 1996.

Material: 1.3mm Rigid plastic and self-adhesive polyester.

## Marine and Offshore Signs

Marine and offshore environments can be extremely dangerous places to work and hazardous areas through which to travel.

With this in mind, we have created a range of signs which takes into consideration the requirements of SOLAS Chapter III Regulation 9.2.2, that signs be easily seen in emergency conditions, and uses symbols in accordance with SOLAS Chapter III Regulation 9.2.3 in order to help safeguard the health of offshore workers, shipping crew and passengers of sea going vessels.

The main objective of Marine and Offshore signs is to identify emergency equipment and muster signs as well as indicate mandatory actions to be taken in an emergency situation.

**Materials:** MARINE XTRA-GLO 1.5mm self-adhesive rigid plastic or self-adhesive polyester for quick and easy application.

All MARINE XTRA-GLO safety signs satisfy:

- PSPA Class B or higher performance requirements.
- DIN 67510 Part 4.
- IMO resolution A.752(18) subject to satisfactory in situ illumination.
- ISO 15370 Shipping and marine technology - Low location lighting on passenger ships.
- Lloyd's Type Approval.

## Examples of Use

1. The station number/letter should be included on the right hand side of the symbol.
2. The station number/letter or arrow should be butted against the symbol.
3. Use the appropriate symbol for the type of survival craft at the station.
4. Insert the appropriate symbol on the left hand side of the arrow.
5. Point the arrow in the direction of the equipment or station.

| Size (mm) | Marine         | Marine       |
|-----------|----------------|--------------|
|           | XTRA-GLO Rigid | XTRA-GLO S/A |
| 150x75    | £4.95          | £3.43        |
| 150x150   | £9.90          | £6.86        |
| 300x150   | £21.40         | £17.40       |
| 300x300   | £43.79         | £35.20       |

Please specify material when ordering by replacing the asterisk (\*) at the end of the product code with R = MARINE XTRA-GLO 1.3mm Self-adhesive rigid plastic or S = MARINE XTRA-GLO Self-adhesive polyester.

## Emergency Lighting & Fire Exit Signs

Provide essential illumination of escape routes, fire equipment and fire alarm call points in the event of mains failure.

Emergency lighting and fire exit signs can be divided into two types - maintained and non-maintained.

### Maintained:

Illuminated in normal conditions by mains supply and providing 3 hours of emergency lighting in the event of a mains failure.

### Non-Maintained:

Not lit in normal conditions. Connection to the mains supply will keep the battery charged and enable the system to provide 3 hours of emergency lighting when it detects mains failure.

**VANDAL RESISTANT**

### Zetalite

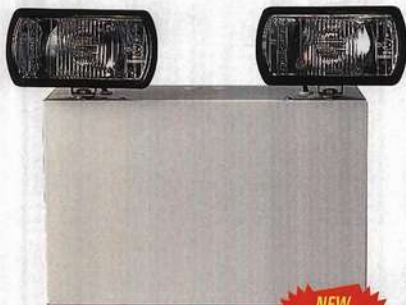

The tough cost effective luminaire.

**Luminaire Type:** Available in maintained and non-maintained versions - see introduction for details.

#### Features:

- Polycarbonate defuser for maximum efficiency.
- Clip in gear trays for easy installation.
- Suitable for indoor or outdoor use.
- IP65 rating.

| Code  | Luminaire Type | Size LxWxD (mm) | Price  |
|-------|----------------|-----------------|--------|
| EW05B | Maintained     | 353x96x75       | £39.99 |
| EW05A | Non-maintained | 353x96x75       | £34.20 |

**NEW LOWER PRICES!**

### Gemini

Floodlights for high bay industrial use, warehouses and long corridors.

#### Luminaire Type:

- Non-maintained high intensity emergency lighting -see introduction for details.

#### Features :

- Powerful twin 18 watt lamps provide an effective beam of 20-28 metres.

| Code  | Luminaire Type | Size LxWxD (mm) | Price   |
|-------|----------------|-----------------|---------|
| EW08A | Non-maintained | 391x361x160     | £149.99 |

### Replacement Legends

- To make your luminaire comply to the latest UK safety sign design legislation.
  - To replace damaged legends.
  - To convert your luminaire into a double sided sign.
- N.B. Legends can be trimmed to fit most luminaires.  
**Material:** Clear vinyl for maximum light emission.

## Waylite

The most cost effective 2 in 1 fire exit luminaire.

**Luminaire Type:** Maintained - see introduction for details.

**Features:**

- Powerful down lighter provides uniform illumination across the sign and surrounding area reducing the need for additional emergency lighting within 2 metres of the sign.
- Tamper and vandal resistant.
- Supplied with self-adhesive legend kit.
- Simple to install with back/top cable entries.

**VANDAL  
RESISTANT**

**LARGE ORDER?  
CALL FOR  
A QUOTE.**

| Code  | Luminaire Type | Size (mm)  | Price   |
|-------|----------------|------------|---------|

## Wall Mounted Luminaire

Our new wall mounted exit sign leads the market in aesthetic design, ease of installation and maintenance.

It has an injection moulded fire retardant polycarbonate body and base, creating an exit sign superior in style to conventional versions but remaining competitively priced.

This product features a threshold downlight, a screen-printed legend panel, and its IP44 protection ensures that it is suitable for use in sheltered exterior locations.

| Code    | Description    | Size HxWxD (mm)  | Price  |
|---------|----------------|------------------|--------|
| PCB/3E  | Non-maintained | 420 x 221 x 58mm | £68.75 |
| PCB/3EM | Maintained     | 420 x 221 x 58mm | £79.75 |

\* To order please add the letter a, b, c or d as per your requirements for directional legends.  
A - Right B - Up C - Down D - Left E - No Arrow (as shown)

## Talisman Luminaire

These high quality edge-lit exit signs are available in non-maintained and maintained versions.

- Can be suspended or wall mounted.
- Units are lit by 8w lamps, with Plasi-Glas legends.

**Gear enclosure:**

445 x 90 x 118mm (LxWxD).

**Legend Panel:** 410 x 240mm (WxH).

**Suspension Chain:** 440mm(L).

**Mounting Bar:**

437 x 61 x 24mm (LxWxD).

- Double Sided versions available on request.

## Fire Extinguishers

**IF YOU WOULD LIKE US TO INSTALL YOUR SIGNS, CALL FOR A QUOTATION**

\* Comply to EC Safety Signs Directive.

Designed to fit above the extinguisher colour code signs shown above.

**Design-a-Sign**  
If you do not see the safety signs you need on these pages, please turn to our Design-a-Sign facility on pages 6-7.

## Tactile Braille Signs

*Signs For the Visually Impaired.*

The Disability Discrimination Act 1995 states that 'reasonable adjustments' for disabled people must be made and Tactile signs are an important aspect of this, ensuring easier access for the UK's 2 million blind and partially sighted people. For our range of Braille Signs, see pages 157.

**Self-adhesive tabs**

Double-sided fixing pads, ideal for fixing signs.

# Fire Equipment Safety Signs

## Fire Equipment Safety Signs

- To indicate the location of fire equipment.
- To comply with The Fire Precautions (Workplace) Regulations which require any non-automatic fire-fighting equipment to be indicated with a sign.
- All fire equipment safety signs shown are guaranteed to comply with BS 5499-1, BS 5499-5 and The Health & Safety (Safety Signs & Signals) Regulations 1996.

BS 5499 Safety signs Part 1: Specification states that fire equipment safety signs should have the following characteristics:

| Geometric shape  | Meaning            | Safety colour | Contrast colour | Graphical symbol colour |
|--|--------------------|---------------|-----------------|-------------------------|
|  Square / Rectangle | Fire-fighting<br>✓ | Red<br>✓      | White<br>✓      | White<br>✓              |

# Photoluminescent Fire Safety Signs

## NITE-GLO Photoluminescent Fire Safety Signs

In a situation where low visibility can cause disorientation and induce panic, our range of NITE-GLO signs could help locate essential fire-fighting equipment.

Our new NITE-GLO material is:

- Highly resistant to UV breakdown.
- Extremely durable and resistant to shrinkage.
- Made using an environmentally friendly polyester film.
- Suitable for both indoor and outdoor use.
- White in appearance during the day yet glows when lighting is no longer available.
- All photoluminescent signs comply to PSPA, DIN, IMO and British Standard requirements

Material: 1.3mm Rigid plastic or self-adhesive polyester.

# The Smoking Ban - are you prepared?

1st July 2007

2nd April 2007

30th April 2007

NOW IMPLEMENTED

Workplaces and enclosed public places in England will become smoke free from 6am on the 1st July 2007. The Health Act 2006 will implement laws that will mean smoking in enclosed public spaces will be against the law and indoor smoking rooms will no longer be allowed. Similar legislation will be implemented in Wales on 2nd April 2007 and in Northern Ireland on 30th April 2007. Scotland was the first part of the UK to introduce a ban on smoking in the workplace on 26th March 2006.

Many businesses that are not already smoke free are now implementing a smoke free policy in preparation for the ban. Safetyshop has an extensive range of no smoking signs, cigarette bins and smoking shelters which can assist you in making your premises smoke free.

# External Ash Bins & Cigarette Bins

## Freestanding Smoking Shelter

Your ideal solution to provide an undercover smoking area for your workplace.

- A tough and durable smoking shelter made from aluminium and polycarbonate.
- Guaranteed to comply with the latest workplace smoking regulations.
- Supplied with bolts and adjustable feet for ease of installation.
- Excellent impact resistance and fire performance.
- Easy to install and supplied with installation instructions.
- Colour: Blue.
- Available from stock.

## Smoking Canopy

A stylish solution to protect smokers where space is at a premium.

- Ideal for hotels, leisure centres or where an upmarket image is required.
- The durable and protective curved roof is easily attached to walls to cover areas designated for smokers.
- This lightweight polycarbonate and aluminium canopy will not rust and provides an ideal smoking solution for smaller companies and buildings.
- Polycarbonate can be simply curved for ease of installation.
- Meets fire rating BS476 Part 7 Class 1Y.

## External Ash Bin

This quality and unique bin is a safe and hygienic way to collect cigarette ends outside building entrances.

- Manufactured from rust resistant zinc treated steel.
  - Lift out sand tray with anti-theft chain.
  - Top cowl protects contents from direct rain.
  - Optional weighted base (with sand or water) for extra stability.
  - Diameter of lift out tray is 320mm.
  - Polyester powder coated for a durable colour finish.
- Please allow up to two weeks for delivery.

### How to order:

To order, replace the asterisk(\*) with the letter reference of the colour you require shown in the box.

| Code   | Size (HxDia mm) | Price   |
|--------|-----------------|---------|
| PTA01* | 800x320         | £142.76 |

## Cigarette Butt Receptacle

Safe and practical solution to cigarette litter indoors or out.

- Contain cigarette butts in a low maintenance, flame retardant polyethylene unit.
- Ideal for designated smoking areas.
- Will not rust, dent, crack or peel.
- Innovative design reduces the risk of fire.
- Removable galvanised steel liner pail for easy cleaning.
- Easy-open and easy-close twist-on top portion

FVA = Face-adhesive vinyl, Reflect = Rigid reflective plastic.

Safety Signs

# Safety Signs

## Hazard Safety Signs

- To warn your staff of the potential dangers they face in and around the workplace.
  - All hazard safety signs are guaranteed to comply with BS 5499-1, BS 5499-5 and The Health & Safety (Safety Signs & Signals) Regulations 1996.
- BS 5499-1 Safety signs Part 1: Specification states that hazard safety signs should have the following characteristics:

| Geometric shape   | Meaning  | Safety colour | Contrast colour | Graphical symbol colour |
|---|--|---------------|-----------------|-------------------------|
| <br>Equilateral triangle | Hazard Identification:<br>Danger<br>Warning<br>Caution | Yellow        | Black           | Black                   |
|   |  | ✓             | ✓               | ✓                       |

See page x for further details.

# Safe Condition Safety Signs

## Safe Condition Safety Signs

- To show the way to medical assistance.
  - To show the way to an area of safety.
  - To indicate that a course of action is safe to take.
  - All safe condition safety signs shown are guaranteed to comply with BS 5499-1, BS 5499-5 and The Health & Safety (Safety Signs & Signals) Regulations 1996.
- BS 5499 Safety signs Part 1: Specification states that safe condition safety signs should have the following characteristics:**

| Geometric shape | Meaning   | Safety colour | Contrast colour | Graphical symbol colour |
|-----------------|---|---------------|-----------------|-------------------------|
|                 | Square / Rectangle<br>Safe condition:<br>Escape route<br>Safety equipment | Green         | White           | White                   |

### Circular Safety Labels

- Our circular safety labels are:
- Ideal for use on doors, glass and in prestigious locations.
  - Easy to store or file.
  - Simple to peel off, one at a time, as required.

**Label Size:** 100mm diameter.

**Material:** Self-adhesive vinyl.

**Format:** Sold in packs of 30 labels.

DC09

DC15

Description Price  
Circular safety sign labels £27.04

### Badge

In the event of an emergency, you could quickly locate an employee trained in first aid? Our first aid badge can help solve this problem.

**Material:** 1.5mm thick plastic, complete with a strong metal pin and safety catch.

Code Size (mm) Price  
BDG98 35x70 £7.49

### Hard Hat Label

This label has been designed to be applied to hard hats. It provides essential identification of the wearer.

**Material:** Self-adhesive vinyl.

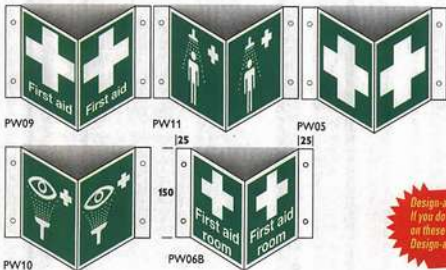

Code Description Price  
HHL02 First aid symbol £6.99/Pack of 12

### First Aid Projecting Signs

Projecting signs help attract attention from several directions.

- Especially helpful when located over doorways and in long hallways, where flat signs are not visible from a distance.
- Pre-drilled for screw fixing (fixing instructions provided).

**Material:** Semi-rigid plastic.

## Sign Fixing Kits

Choose a sign fixing kit when you wish to mount your signs more securely.

Each kit contains:

- 40 x 3/4" white headed screws.
- 40 x 3/4" plastic wall plugs.
- 1 x 3mm bit for sign drilling.

| Code | Description     | Price |
|------|-----------------|-------|
| KT40 | Sign fixing kit | £8.95 |
| KT41 | 5.5mm drill bit | £1.54 |

# Post Mounted Safety Signs

## Post Mounted Safety Signs

For when you need to put up a safety sign in an open area or have no suitable wall on which to mount your sign.

- Ideal for outdoor environments especially construction sites.
- A must for all companies requiring fire assembly point signs as part of their fire safety policy.
- All post mounted safety signs are guaranteed to comply with BS 5499-1, BS 5499-5 and The Health & Safety (Safety Signs & Signals) Regulations 1996.

**Material:** 3mm Aluminium.

Posts supplied separately - see below.

| Size (mm) | Price  |

Plastic end cap

Plastic-coated mild steel tube (76mm diameter)

Galvanized steel base plate

### Posts and Fixings

Plastic coated, mild steel hollow posts, which can be used with clips to fix the signs shown above.

• Available in two lengths: 2.5m or 3.75m posts. **N.B:** The length of the post needed below the ground will vary according to ground conditions.

• As a general rule allow 600mm.

• A baseplate to allow secure fixing is recommended.

• End caps are available for tops of posts.

• Two clips are required to attach each sign to posts.

| Code  | Description     | Colour | Price 1-9 | Price 10+ |

\* These signs can be positioned to point left or right.

## Vandal-Resistant Safety Signs

Made to withstand the harshest of conditions.

- Exceptionally tough sign material, suited to use in urban areas where vandalism can be a problem.
- Manufactured from 3mm rigid aluminium, heat treated with a special compound to seal and protect the signs' integrity.
- Resists attack from naked flames, graffiti, sharp objects and weathering, 1 year guarantee on colour fading from sunlight.
- Supplied with drill holes for easy fixing.

# Floor & Reflective Safety Signs

## Floor Safety Signs

Use floor safety signs in conjunction with wall mounted safety signs to make sure your safety messages are highly visible throughout the workplace.

• Ideal for offices, receptions, factories, warehouses and public places such as hotels, restaurants, shopping centres and schools. • Effective at entrances, in passageways or near machinery. • Anti-slip. • Extra durable. • Easy to use. • Easy to see even in high traffic areas.  
**Material:** Strong protective surface to ensure durability and an adhesive backing which is easy to apply and will adhere to most clean and smooth floor surfaces in seconds.

## Temporary Safety Signs

Ideal for temporarily hazardous situations, these safety signs can be suspended or displayed in the stanchions shown on the opposite page.

- For indoor and outdoor use.
- Simple to assemble.
- Quickly positioned near to a potential danger.
- Strong and durable.
- Can withstand constant handling.

**Material:** 2mm rigid plastic for extra durability.

**DISPLAY TEMPORARY SAFETY SIGNS USING THE STANCHIONS SOLD SEPARATELY. SEE OPPOSITE PAGE.**

**Nylon Ties**  
For suspending temporary safety signs simply and effectively - see photograph above.

## Temporary Stanchions

These robust stanchions are the ideal way of displaying signs on a temporary basis.

- Made from steel and painted with grey primer to discourage rusting.
- Clips are provided for retaining either two signs into the double sided stanchion or one sign into the single-sided.

# EXTRA LARGE Safety Signs

Construction Signs

Make sure your safety message is not lost or missed by the general public.

- Ideal for construction sites, where a standard size safety sign could easily be missed.
- Use anywhere a larger sign is needed to enhance the safety message such as at site entrances, near power lines or large electrical installations.

Material: 3mm rigid plastic, 1mm rigid plastic and self-adhesive vinyl as shown.

150x600 3mm Rigid TA21A-R

\* Recommended by the Construction Industry Training Board for use on construction sites.

\* We will add your text for an extra £3.99 per sign.

| Size (mm) | 3mm Rigid | Rigid  | S/A   |
|-----------|-----------|--------|-------|
| 150x600   | £8.98     | -      | -     |
| 400x300   | -         | £14.85 | £9.79 |
| 800x600   | £39.99    | -      | -     |

S/A = Self-adhesive vinyl. Rigid = 1mm Rigid plastic.

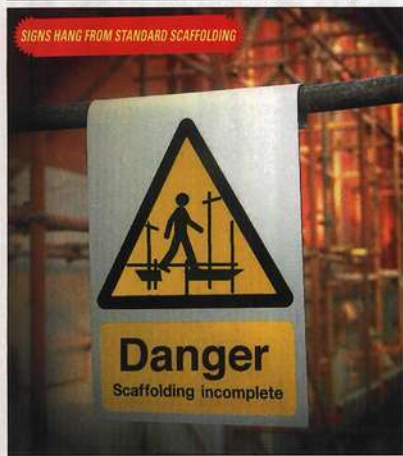

**Dangle Down Signs**  
Ideal at confined space access points and in harsh environments.

Use back to back for double sided signs or with fixing kit in confined spaces.  
Material: 2mm Polycarbonate.

| Code | Size (mm) | Description           | Price  |
|------|-----------|-----------------------|--------|
| KT42 | 100x300   | Dangle down signs     | £11.16 |
|      |           | Screw gate fixing kit | £7.91  |

SIGNS HANG FROM STANDARD SCAFFOLDING

## Detachable Scaffolding Safety Signs

These signs are supplied with a curved top to enable them to hang from standard scaffolding.

- High resistance to ageing, physical damage and weathering.
  - Easy to clean.
  - All detachable scaffolding signs shown are guaranteed to comply with BS 5499-1, BS 5499-5 and The Health & Safety (Safety Signs & Signals) Regulations 1996.
- Material:** High impact, high rigidity, lightweight composite aluminium.

## Temporary Stanchions

These robust stanchions are the ideal way of displaying signs on a temporary basis.

- Made from steel and painted with primer to discourage rusting.
- Clips are provided for retaining either two signs into the double sided stanchion or one sign into the single-sided.

STA10 Double sided

STA1 Single sided

| Code  | Description                                    | Price & Quantity per Stanchion |        |
|-------|--|--------------------------------|--------|
|       |  | 1-5                            | 5+     |
| STA1  | Stanchion for 450x600mm sign                   | £40.80                         | £35.10 |
| STA10 | Double sided Stanchion for 2 x 450x600mm signs | £55.03                         | £46.22 |

## Nylon Ties

For suspending temporary safety signs simply and effectively to fencing, barrier systems etc.

| Nylon Ties Code | Length (mm) | Price |
|-----------------|-------------|-------|
|                 |             |       |
| T51N            | 370         | £1.13 |

## How to Order

**STEP 1 - Choose your message layout from the signs shown right.**

Select the style, layout and size you prefer from those illustrated and note the code.

**NB:** On a 400 x 300mm sign each message box = 75 x 210mm.

On a 600 x 400mm sign each message box = 112 x 315mm.

**STEP 2 - Choose your material.**

**Choose:**

**Polycarbonate** - If you want a vandal resistant sign or a sign suitable for harsh environments.

**3mm Rigid plastic** - If you want a tough sign for indoor or outdoor use.

**1mm Rigid plastic** - If you want a durable but economic sign for indoor and outdoor use.

## Design-a-Sign Site Safety Signs

Design your own site safety sign to meet the specific safety needs of your construction site.

- No need for special quotations.
- Stated prices are competitive and guaranteed.
- Comply to all relevant UK and EC legislation.

**Despatch:** Orders up to 5 signs will be despatched same day.

**STEP 3 - Choose your symbols.**

Select the four safety symbols you require from those illustrated below, which best communicate your message. Quote the reference number and state the order in which you wish them to appear.

**STEP 4 - Specify your text.**

Specify your text for each symbol reference quoted (maximum of 30 words). We will choose the best layout and background colour for your text.

**STEP 5 - Pricing.**

We will determine the price of your site safety sign. Written or faxed confirmation of your order together with a rough sketch is required. If you require a company logo, artwork must be supplied.

## Class Ref 2 Premier Grade Reflective Traffic Signs

Manufactured from 3mm aluminium with a premier grade reflective face.

Class Ref 2 material has at least 3 times the reflective properties of Class Ref 1, making it an ideal choice for high risk areas. Traffic signs comply with new standard BS EN 12899-1:2001. Choose from wall or post-fix (post-fix signs are fitted with channelling for use with the fixings shown below).

• To Order: Please add /W (Wall-fix) or /P (Post-fix) to the product code.

**BSEN12899-1:2001**  
replaces BS372: PART 6: 1981  
from 1st Jan 2006

**What was Class 1 Reflective under**  
**BS372 is now Class Ref 2 under**

### Posts and Fixings

Use our range of plastic coated, hollow steel posts and 76mm clips to securely mount your Reflective Traffic & Works Safety Signs.

Available in two lengths, we recommend the use of a baseplate and to allow approximately 600mm below the ground. Plastic end caps are available for the tops of posts.

The screwband fixing and universal channel clamp will allow fixing to existing posts up to 160mm in diameter.

Each sign requires 2 x 76mm clips, or 2 each of the screwband and universal fixing clamp for post fixing.

Plastic end cap

Plastic-coated mild steel tube (76mm diameter)

Screwband & Universal Channel Clamp.

76mm Clips

Galvanised steel base plate.

### Post Fixing Bracket & Screwband

The extra rigidity of 2mm Polycarbonate Signs makes them ideal for fixing to posts, using the bracket and screwband below.

No special knowledge is required, simply feed the screwband through the bracket and around the post and tighten.

You will require 2 brackets and 2 screwbands to fix each sign to a post up to 160mm in diameter. Two 8mm drill holes will need to be made in the sign face on the vertical centre.

Please specify if you require your signs drilling.

| Size (mm) | Description      | Price  |

# Line Marking

## Easyline™ Permanent Line Marking

Easyline is a highly durable traffic grade epoxy paint suitable for marking factory floors, car parks, stores and warehouses.

Combined with a range of precision engineered, easy to use applicators, it produces sharp, bright, long lasting lines.

In fact, Easyline is the most durable aerosol line marking paint money can buy. In tests it lasted over 2½ times longer than the best competitor.\* This extended life span means there is a reduced need for re-painting, which in turn saves you time and money.

Available in big value 750ml cans, and a choice of ten colours.

\* Tested using the internationally recognised test ASTM D4060-95 using a Taber Abraser.

### Precision Applicators

Achieve clean, crisp lines every time.

The four wheel applicator is designed to create professional quality straight lines at 55mm, 75mm or 100mm.

Remove the back wheels to create a two wheel applicator, ideal for marking closer to kerb edges.

Precision Applicators are very easy to assemble and come with a lifetime guarantee.

| Code  | Description                             | Price   |
|-------|---|---------|
| PFM02 | 4Wheel Applicator for 55 and 75mm lines | £155.75 |
| PFM03 | 4Wheel Applicator for 100mm lines       | £155.75 |

### Easyline Marker Pens

The Easyline Marker Pen produces a sharp defined permanent, paint mark on virtually any surface, including metal, timber, concrete, rubber, plastic and glass - even through oil, grease, water or overhead - without losing its legibility or brightness. The pen's aluminium barrel and stainless steel ball valve provides a robust design, making it ideal for industrial or construction use. The highly durable oil based, solvent free, paint is touch dry within 35 minutes and hard dry within four hours.

## Bee Bump Sleeping Policemen

Reduce heavy traffic to **10**

A highly effective means of controlling traffic speeds.

- Ramps of any length can be formed simply by combining modular sections.
- Easy to install by just one person with a drill and a spanner.
- Both ends and inners are available in black and bright yellow segments, made from heavy duty recycled PVC.
- Large white reflectors in each section ensures the ramp is highly visible.

## Bee Bump Size Chart

| Overall Length of Ramp | With Shoulders |               |                   |                  | Without Shoulders (eg kerb to kerb) |               |

50 mm high inner segments Length 500mm, width 420mm, weight 8kg  
50 mm high shoulder pieces Length 210mm, width 420mm, weight 2.2kg  
Bolts and 'dog bone' fixings included at no extra charge.

## Safety Speedbumps

Ideal for access roads, car parks, depots and forecourts.

- Unique interlocking chevron design
- End caps can be fitted together to make ideal 'mini-bumps'.
- Moulded from premium quality PVC with built-in cats eyes.
- Supplied in highly visible yellow and black pairs.
- All bumps are pre-drilled and easy-to-fix using our expanding bolts (1 pack of 4 bolts required for each pair).
- Slow traffic to either 5 or 10mph.

## Expanding Bolts for Safety Speedbumps

One pack of 4 bolts required for each pair of speedbumps. Tarmac (Code: BSR9)

- Sleeve compresses to provide secure fixing even in irregular shaped holes.
- Resistant to vibration and corrosion, with bonded brass insert screw.
- **Shield length:** 60mm, **Hole dia:** 24mm, **Hole depth:** 65mm, **Recommended torque:** 27Nm Concrete (Code: BSR8)
- Collapsible ferrule ensures positive clamping force is transmitted into fixture.
- Three independently retained segments expand freely to guarantee setting
- **Shield length:** 75mm, **Hole dia:** 20mm, **Hole depth:** 85mm, **Recommended torque:** 50Nm

## Economy Cones

These cones are perfect for highlighting and cordoning off areas of potential risk.

- Draw attention to dangerous areas both inside and outside your premises.
- Ideal for car parks, private roads or even internal situations.
- Choose from three available sizes to suit your requirements.
- Two-part cone with heavy duty rubber base for extra stability.
- Supplied with reflective sleeve for additional night time visibility.
- Exceptional value.

| Code   | Height      | Weight | Price & Quantity Each |        |        |
|--------|-------------|--------|-----------------------|--------|--------|
|        |             |        | 1-24                  | 25-99  | 100+   |
| SGCS0  | 500mm Cone  | 2.5kg  | £11.72                | £10.66 | £8.53  |
| SGC75  | 750mm Cone  | 4.0kg  | £19.99                | £18.24 | £14.59 |
| SGC100 | 1000mm Cone | 6.5kg  | £23.93                | £21.77 | £17.43 |

## Sand Weighted Traffic Cones

This range of cones has been specifically designed to meet the requirements of the Road and Street Works Act 1991.

- Made from super-tough polymers and tested to -16°C.
- Supplied with BS 873 D2 Reflective sleeve for extra night time safety.
- Can be stacked to save valuable space.
- Cone hook fits onto PCK7 cones to support barrier chains, warning tape or hazard warning pennants.

| Code | Description        | Price per cone |        |     |
|------|--------------------|----------------|--------|-----|
|      |                    | 1-4            | 5-9    | 10+ |
| PCK4 | 450mm Traffic Cone | £13.05         | £11.88 |     |
| PCK5 | 530mm Traffic Cone | £14.88         | £13.54 |     |
| PCK7 | 750mm Traffic Cone | £22.74         | £20.70 |     |
| BCH1 | Cone Hook          | £7.62          | £6.93  |     |

## Janitorial Cone

- Bright yellow for maximum visibility.
- Easy to handle.
- Stable and compact to store.
- 500mm high.

**GREAT VALUE!**

| Code   | Description           | Price per cone |        |        |
|--------|-----------------------|----------------|--------|--------|
|        |                       | 1-4            | 5-9    | 10+    |
| BTSC40 | 500mm Janitorial Cone | £13.15         | £12.23 | £11.37 |

## Signs on a Cone

Eliminate the need for a separate frame, stand or sand bag!

Made from tough and durable recyclable polypropylene, these reflective works traffic signs are designed to fit over standard traffic cones and are simple and fast to deploy.

| Code           | Description        | Price  |
|----------------|--------------------|--------|
| (beneath sign) |                    |        |
| SGC75          | Signs on a cone    | £41.29 |
|                | 750mm Traffic Cone | £19.99 |

## Emergency Warning Triangle

Highly visible, foldaway warning triangle. Simply assemble to warn other road users of potential hazards.

- Meets European specifications.
- Three collapsible acrylic prismatic panels easily assemble to form the triangle.
- Supplied complete with a robust carry case for easy storage.
- When in use the triangle stands 400mm high and 440mm wide.

Case dimensions:

460(H)x160(W)x35(D)mm.

| Code | Price & Quantity Each |        |        |
|------|-----------------------|--------|--------|
|      | 1-5                   | 6-14   | 15+    |
| RJUT | £21.80                | £18.53 | £15.75 |

**Indoor Stanchions**

These stanchions, when suitably placed, can help prevent accidents, eliminate injury and subsequent costly damages.

They have a high quality finish in chromium plated, tubular steel, yet still fold flat for easy storage.

**Text reads:**

Cleaning in progress (one side) and slippery surface (on the other).

**Elevator-Gard**

Use as part of your safe system of work when undertaking maintenance routines. Complies with Health & Safety Regulations, Recommendation PM26.

Designed in collaboration with the elevator industry, this clever barrier system connects to the opening by extending 2.6m non-conductive telescopic poles. This innovative feature means it can also be used to provide a more secure barrier where work is being carried out immediately behind doors and entrances. Complies with BS 7255:2001

The panels are 1100mm (H) x 660mm (W).

| Code | Size HxW(mm) | Price  | Quantity & Price Each |               |
|------|--------------|--------|-----------------------|---------------|
|      |              |        | 1-3                   | 4+            |
| STA5 | 920x420      | £32.68 | P5C8ZX                | Elevator-Gard |
|      |              |        |                       | £182.78       |
|      |              |        |                       | £173.64       |

**Minders**

An effective and appealing barrier system, Minders' friendly appearance helps create a positive response from the public.

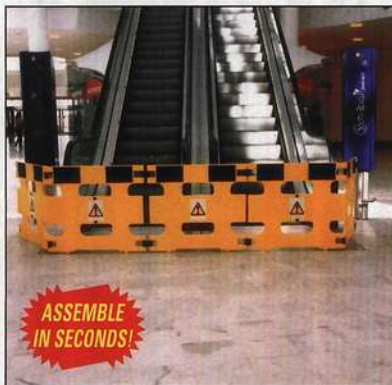

These highly visible, lightweight, yet robust barriers are manufactured from high impact polyethylene, and are virtually maintenance free. They can stand alone or interlock to create a barrier of varying length.

**Height:** 1000mm. **Width:** 780mm. **Weight:** 2.5kg.

Supplied in pairs. Choose the appropriate message from a set of 6 self-adhesive signs supplied **FREE** with each Minder:

1. Caution - Out of Service, 2. Caution - Wet Floor,
3. Temporarily Closed, 4. Danger - Keep Out,
5. Cleaning in Progress, 6. Caution - Work Area.

| Code | Size (HxW)     | 1-3         | 4+          |
|------|----------------|-------------|-------------|
| BMD1 | 1030mm x 780mm | £98.37/Pair | £91.33/Pair |

**Handi-Gard**

Isolate potential hazards both indoors and out with this extremely durable barrier system.

Made from tough and easy to clean polyethylene this barrier system is supplied in packs of three panels complete with strong snap-on hinges. This allows you to quickly assemble any number of panels together to suit your requirements.

A rubber weight (7.5kg) can be attached to the base for extra stability outdoors. Plastic clips on the face of each panel are designed to hold any of our 200x150mm safety signs.

The panels are 800mm (H) x 900mm (W).  
Complies with BS 8780: 1995

| Code   | Description         | Quantity & Price Each |        |
|--------|---------------------|-----------------------|--------|
|        |                     | 1-3                   | 4+     |
| P5C6ZX | 3 Panel Handi-Gard  | £141.60               | £134.5 |
| P5C7ZX | 7.5kg Rubber Weight | £22.47                | £21.35 |

## Sigma Barrier System

A simple barrier system, comprising posts, bases and planks which can be easily and quickly assembled to meet 'Chapter 8' specifications.

Posts are manufactured from tough polypropylene, with fixed three-way rubber mouldings at the top and bottom for securing planks. The 2m Reflective Planks are fully impact modified uPVC extrusions with multi-web reinforcements. The 7kg base has an integral carrying handle for easy transportation.

**EXTRA  
TOUGH**

**NEW!**

| Code  | Description               | Price  |
|-------|---------------------------|--------|
| SWN01 | Post c/w rubber mouldings | £16.41 |
| SWN02 | 2m Reflective Planks      | £19.66 |
| SWN03 | Weighted Rubber Base      | £15.46 |

## Extending Reflective Barrier

A versatile barrier system with excellent day and night-time visibility.

A popular product with the emergency services and petroleum and aviation industries, this barrier folds flat for easy transportation and storage. Extends to 2.25m and stands 1m high. This barrier includes a strip of 32 red and white 3M reflectors for enhanced night time safety.

Weight: 6.5kg.

| Code  | Description                            | Price   |
|-------|--|---------|
| TS64R | Barrier with 32 Red & White Reflectors | £143.52 |

## Three Sided Barrier

A tough, stable and lightweight barrier system ideal for site, maintenance and roadworks use.

This barrier system is ideal for situations where a highly visible, temporary barrier is required. The system is made from lightweight tubing, yet is durable enough for external use and complies with the 'Traffic Signs Manual - Chapter 8

- Traffic Safety Measures and Signs for Road Works and Temporary Situations.'

- Weight:** 3.7kg
- Ready-assembled for immediate use.
  - Portable and easily stored.
  - Red/white reflective boards, 750mm wide.
  - Lightweight red powder coated steel tube frame, 1000mm high.
  - Conforms to Chapter 8 recommendations.

**NEW!**

| Code | Size Per Panel (mm) | Price   |
|------|---------------------|---------|
| BMF2 | 1000 x 750          | £116.60 |

# Barrier Systems

## Popular Tensabarrier

*A lower-budget alternative to the Advance Tensabarrier!*

These posts are made from uPVC and assembled onto a rugged low profile moulded base which is wheelchair friendly.

The 2m retractable webbing is available in a choice of 3 colour combinations with matching posts.

Each post is 955mm high and including base weighs 9kg.

Supplied in flat packs of 2 posts for easy self-assembly.

| Code | Description                                    | Price Per Pair |         |
|------|--|----------------|---------|
|      |  | 1-3            | 4+      |
| BLB3 | Pair of white posts with black/white webbing   | £199.70        | £188.61 |
| BLB4 | Pair of red posts with black/red webbing       | £199.70        | £188.61 |
| BLB5 | Pair of yellow posts with black/yellow webbing | £199.70        | £188.61 |

## Hinged Lockable Posts

*Designed mainly to reserve individual parking bays, the lockable post incorporates a cylinder lock and spring loaded locking mechanism.*

- Size: 743 x 64mm (Height x Diameter).
- Fixing bolts not supplied - see below.

## Bolts

The hinged posts above require 2 x 16mm bolts for ground fixing onto a sound concrete base.

Weight: 8Kg.

| Code   | Description               | Price Each |
|--------|---------------------------|------------|
| P509ZX | Bolts                     | £5.44      |
| P505ZX | Galvanised Post           | £141.22    |
| P505ZY | Yellow Powder Coated Post | £152.92    |

## Outdoor Tensabarrier

*The tough base is designed to be filled with gravel or water to give it the weight to keep it firmly on the ground.*

Yet, when empty it is light and easy to transport to the next location. The strong uPVC post is available in a choice of colours and the 4m retractable webbing comes in red/white and black/yellow safety colours.

Each post is 955mm high.

Supplied in flat packs of 2 posts for easy self-assembly.

| Code  | Description                                    | Price Per Pair |         |
|-------|--|----------------|---------|
|       |  | 1-3            | 4+      |
| BUB2  | Pair of white posts with black/yellow webbing  | £192.58        | £181.03 |

### Free Standing Floor Signs

These fully versatile and re-usable, indoor, free standing floor signs convey effective information to your workforce, drawing attention to dangerous situations.

The sign can be dismantled and stored flat. It comes complete with integral handles which, combined with its lightweight material, make it the ideal solution for fast effective information.

**Material:** 2mm Rigid Plastic.  
**Size:** 600x450mm

| Size (mm) | Description  | Price Per Panel |
|-----------|--------------|-----------------|
| 600 x 450 | Floor Sign   | £19.29          |
| HLD1      | Fixing Clamp | £1.79           |

#### How to Assemble:

1. Select two panel designs and place them back to back. Use the fixing clamp to hold them together. (Product code: HLD1)
2. With the top fixed, slightly widen the base.

**Order 2 panels for 1 complete Floor Sign**

### Free Standing Boards

Draw attention to dangerous situations.

Lightweight versatile TRI Boards can easily be displayed to give fast, effective information to your workforce.

**Material:** Manufactured from 3mm Corex, a corrugated plastic material.

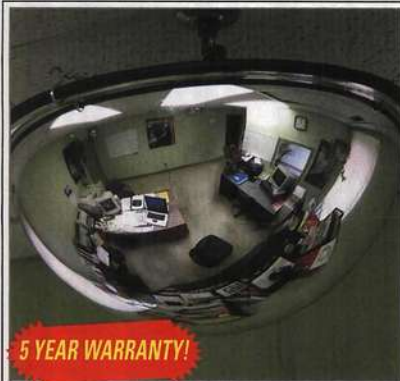

**Size:** 600x300mm.

**Great Value!!**

| Size (mm) | Material  | Price  |
|-----------|-----------|--------|
| 600x300   | 3mm Corex | £16.02 |

# Mirrors

**5 YEAR WARRANTY!**

## Domed Safety Mirrors

*Surveillance mirrors that offer an overhead perspective, ideal for retail, commercial and industrial environments.*

- Shatterproof acrylic provides durability.
- Can be installed direct to the ceiling or suspended with a chain.
- Available in a variety of viewing angles.
- Supplied with chains for hanging from ceiling where applicable.

**PRICE FROZEN**

| Code  | Description                 | Price   |
|-------|-----------------------------|---------|
| MIR27 | 600mm Diameter Full Dome    | £183.91 |
| MIR31 | 600mm Diameter Half Dome    | £110.41 |
| MIR34 | 600mm Diameter Quarter Dome | £68.41  |

## Industrial Traffic Mirror

*Durable traffic mirrors ideal for private roads or site locations.*

- Available in either virtually indestructible polycarbonate or shatterproof acrylic.
- The strong plastic frame has strengthened ribs and reinforced fasteners for locating the mounting bracket and is sealed to the mirror with a rubber gasket.
- The four point fixing bracket can be used on posts between 50 and 85mm or a flat surface. A swivel ball joint allows accurate mirror positioning.
- Available in circular or rectangular style.

**To Order:** Suffix /A (Acrylic),  
or /P (Polycarbonate) to the product code. E.g. 500mm diameter mirror with acrylic face is MIR06/A.

| Code  | Size           | Acrylic Price | Polycarbonate Price |
|-------|----------------|---------------|---------------------|
| MIR06 | 500mm Diameter | £205.97       | £292.22             |
| MIR07 | 620mm Diameter | £246.94       | £367.16             |
| MIR08 | 800mm Diameter | £288.37       | £389.47             |
| MIR09 | 400x600mm      | £264.45       | £357.06             |
| MIR10 | 600x800mm      | £302.79       | £431.93             |

## Safety Window Film

*Virtually undetectable film holds together broken glass.*

- Optically clear film will hold glass together in event of smash and grab raids, vandalism, and break ins.
- Creates an invisible barrier against bricks, stones and other missiles.
- BS6206 Class B tested to British standard.
- Can buy 'pre-cut' or 'off the roll'.

| Code  | Description  | Size         | Price               |
|-------|--------------|--------------|---------------------|
| SW321 | Roll Film    | 610 x 2540mm | £44.90 ea           |
| SW322 | Roll Film    | 762 x 2540mm | £55.70 ea           |
| SW323 | Pre-cut Film | 610mm        | £5.40/305mm length  |
| SW324 | Pre-cut Film | 762mm        | £6.75/305mm length  |
| SW325 | Pre cut film | 1524mm       | £13.50/305mm length |

## Glass Awareness Signs

Regulation 14 of The Workplace (Health & Safety) Regulations 1992 requires the marking of windows and glass doors to make them conspicuous.

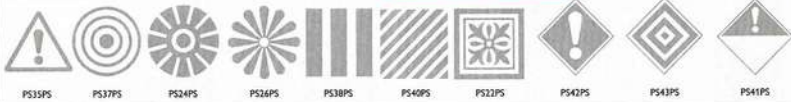

- Cut from frosted vinyl which gives the effect of the design being etched into glass.
- Pleasing to the eye, they reduce the risk of walking into glass and/or convey public information messages.

Size: 150x150mm or 150mm Dia.

### To Apply:

- 1) Remove paper backing and place adhesive side of sign on to the window.
- 2) Peel remaining backing sheet off sign.

| Description           | Price per pack of 5 |
|-----------------------|---------------------|
| Glass awareness signs | £25.50              |

**APPLY TO GLASS AND PEEL BACK**

## Touch Glass Alerter

*Just touch the glass to operate!*

This simple, battery operated device is ideal for disabled people to alert members of staff when access is needed into premises. Simply attach the label on the inside of the window and then attach the alerter to the sticker. When the label is touched the receiver is activated. The receiver is fitted with a clip for portability, or simply place where it can be heard.

- Easy to install.
- Battery operated.
- Works through glass and plastic (Not suitable for double glazing).
- 100 metre range.
- Vandal proof (all parts inside premises).
- DDA compliant.
- CE Approved BZ242/RL-3918.

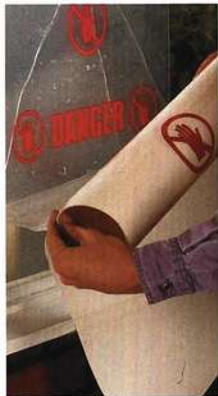

| Code  | Price   |
|-------|---------|
| CLRW4 | £154.99 |

## Glass Bandage

Provide a highly visible warning of broken glass hazards.

- Covers sharp edges and seals in broken glass shards.
- Does not block vision or light.
- Prevents draughts.
- Helps to prevent injuries until glass can be replaced.
- Is quick and easy to install.

**Material:**  
Self-adhesive clear plastic film.

| Code  | Size       | Price       |
|-------|------------|-------------|
| TG801 | 330mm x 3m | £49.96/Roll |

## Face-Adhesive Safety Signs

Mark windows and doors with important safety messages.

- Available in single or double sided.
- Place single sided sign on the inside of the window, allowing the message to be clearly seen from the outside, preventing ripping, removal or vandalism.
- Double sided signs are for locations where the message needs to be displayed from both sides of a glass surface.

**Material:** Reverse printed signs in self-adhesive vinyl with face-adhesive.

# Slip & Trip Prevention

## Economy Anti-Slip Tape & Treads

A medium duty grit surface, resin bonded onto a strong adhesive, provides an effective anti-slip solution that is suitable for most environments.

- Can be quickly and easily applied inside and outdoors.
- Choose from Treads, Cleats or Roll format.

| Code   | Description                          | Price per roll / pack |         |
|--------|--------------------------------------|-----------------------|---------|
|        |                                      | 1-4                   | 5+      |
| BTR2   | Roll of black tape 50mmx18m          | £42.89                | £40.75  |
| BTR4   | Roll of black tape 100mmx18m         | £85.65                | £81.36  |
| BTR6   | Roll of black tape 150mmx18m         | £128.45               | £122.02 |

| BTS1   | Pack of 10 Treads 10x60mm            | £16.32                | £15.50  |
| BTP1   | 1 litre tin of primer                | £18.64                | £17.71  |

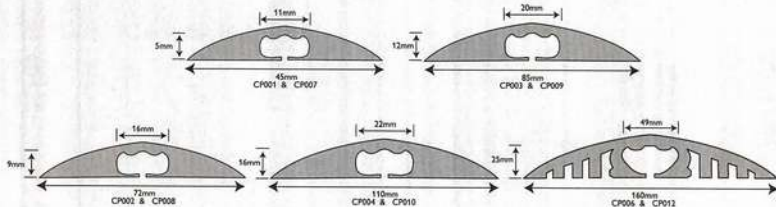

## Cableprotect

Avoid trips and falls by protecting loose cables.

Cableprotect is formed from PVC and split along the length of its base to allow the material to be installed over existing loose cables without disconnection. The material has a smooth, clean and satin finish with excellent durability.

Cableprotect can be nailed or glued to the floor for a permanent fixing or left unfixing if the position is temporary. It meets with British and European Standards with special reference to fire and smoke retardance and thus is inherently self extinguishing.

| Code  | Fits cable size             | Length of Cable | Price   |
|-------|-----------------------------|-----------------|---------|
| CP007 | One 5mm or two 4mm cables   | 2 metre         | £21.23  |
| CP008 | One 9mm or two 7mm cables   | 2 metre         | £24.97  |
| CP009 | One 12mm or two 9mm cables  | 2 metre         | £42.46  |
| CP010 | One 16mm or two 13mm cables | 2 metre         | £56.21  |
| CP012 | One 25mm or two 20mm cables | 2 metre         | £96.18  |
| CP001 | One 5mm or two 4mm cables   | 10 metre        | £61.16  |
| CP002 | One 9mm or two 7mm cables   | 10 metre        | £104.92 |
| CP003 | One 12mm or two 9mm cables  | 10 metre        | £129.91 |
| CP004 | One 16mm or two 13mm cables | 10 metre        | £224.84 |
| CP006 | One 25mm or two 20mm cables | 10 metre        | £358.89 |

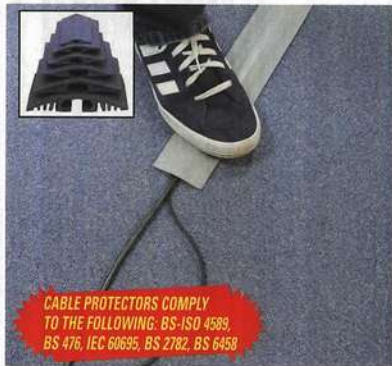

## Anti-Slip Message Treads

A rugged, self adhesive, anti-slip tread that can be quickly and easily applied internally or outdoors.

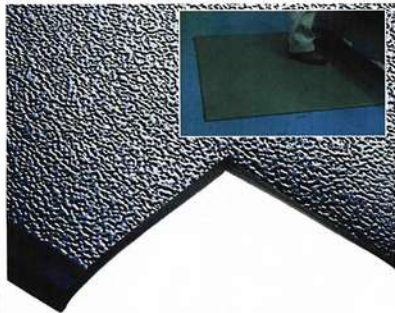

- A choice of messages is available to provide maximum visual impact.
- Ideal for steps, vehicle tail-lifts and hazardous areas.
- We recommend the use of primer when installing treads outdoors.
- Size: 150x610mm.
- A black anti-slip tread is available with the choice of a reflective yellow or photoluminescent stripe running through for additional visibility.

| Code  | Description   | Price  |
|-------|---|--------|
| TWAR1 | Black/Yellow 'CAUTION' Tread                        | £15.48 |
| TWAR2 | Black/Yellow 'WATCH YOUR STEP' Tread                | £15.48 |
| TWAR3 | Black Anti-Slip Tread with Reflective Yellow Stripe | £12.80 |
| TWAR4 | Black Anti-Slip Tread with Photoluminescent Stripe  | £12.80 |
| BTP1  | 1 litre tin of primer                               | £18.64 |

### COBA Standard Anti-fatigue Matting

*Provides a very comfortable standing surface to reduce fatigue.*

- Manufactured from 100% closed cell vinyl foam.
- Additional comfort increases productivity and concentration.
- Protects from effects of standing on concrete floors.
- Improves circulation and reduces pressure on the feet, legs and back.
- Ideal for assembly lines and packaging areas.

**Thickness:** 9mm

**Colour:** Charcoal

Please allow one week for delivery.

| Code | Size (mm) | Description | Quantity & Price Each |         |         |
|------|-----------|-------------|-----------------------|---------|---------|

### COBA Electrical Switchboard Matting

*Protect against electrical shocks!*

Black fluted, rubber matting especially designed for use in front of open switchboards or high voltage equipment. Used in many industrial plants and factories to protect against electrical shocks.

- 6mm thick mats are tested to 11,000 volts, (maximum working voltage 450 volts).
- 9mm mats are tested to 15,000 volts, (maximum working voltage 650 volts) and are tested to BS 921/1976.
- \*Add a number (1-10) to the end of the product code depending upon the length of matting you require:  
e.g. For a 7 metre mat which is 1200mm wide and 6mm thick order product code ESR6B7.

Please allow one week for delivery.

| Code   | Thickness | Width  | Price Per Metre |
|--------|-----------|--------|-----------------|
| ESR6*  | 6mm       | 900mm  | £71.25          |
| ESR6B* | 6mm       | 1200mm | £94.74          |
| ESR9*  | 9mm       | 900mm  | £95.91          |
| ESR9B* | 9mm       | 1200mm | £126.36         |

### COBA Polyplush Entrance Mats

*It is a recognised fact that 70 - 80% of interior soiling enters the building via foot traffic. Use our extensive range of matting to keep your workplace clean and safe.*

*Keep dirt and dust out!*

This carpet surface is made of durable 100% continuous filament olefin, bonded to a stain resistant, slip resistant base.

**Colours:** Charcoal (C), Slate Blue (SB), Green (G), Red (R) & Brown (B).

**Thickness:** 6mm

To order replace the asterisk (\*) with the letter of the colour you require.

Please allow 1 week for delivery.

| CM75(*) | 1200x1800 | £65.33                | £62.06 | £58.81 |

# Hazard Warning Diamonds

## Hazard Warning Diamonds

Internationally recognised symbols for packages, road tankers and freight containers.

Labels are printed on Self-adhesive Vinyl and all diamonds, on pages 176-181, supplied as individual labels, conform to BS 5609. This British Standard is a specification for marine use, whereby the label (both material and ink) will withstand 3 months continuous immersion in sea water. Current UN regulations (ADR, IMDG & IATA) state that on warning diamonds (other than those for material Class 7), the insertion of any text (other than the class number) below the symbol shall be confined to particulars indicating the nature of the risk and precautions to be taken in handling. Text to signify the nature of the risk is optional.

| Size (mm) | Quantity & Price Each | 10-99 | 100-999 | 500-999 | 1000+ |
|-----------|-----------------------|-------|---------|---------|-------|
| 100x100   | £0.81                 | £0.74 | £0.67   | £0.61   |       |
| 200x200   | £2.40                 | £2.17 | £1.94   | £1.76   |       |
| 250x250   | £3.28                 | £2.96 | £2.66   | £2.39   |       |
| 300x300   | £3.64                 | £3.28 | £2.96   | £2.66   |       |

Prices shown relate to quantities of the same design.

### Marine Pollutant Label

The Merchant Shipping (Dangerous Goods and Marine Pollutants) Regulations 1990 and the revised International Maritime Dangerous Goods (IMDG) Code, place great emphasis on the correct labelling of marine shipped packages.

Available in the following formats:

Standard Triangular Labels. Rectangular Label with Easy Peel Scored Backing Paper. Rectangular Labels on a Roll (250 Labels). Material: Self-adhesive Vinyl.

| Size (mm)   | Description       | Code   | Quantity & Price Each |         |         |       |

# Supply & Conveyance Labels

## Supply & Conveyance Labels

A range of labels for the packaging and transporting of dangerous substances.

### Supply Labels

The Chemicals (Hazard Information and Packaging for Supply) Regulations 2000 require that all dangerous substances and preparations be clearly marked. Each individual container must be marked for the information of the user, these are referred to as Supply Labels.

**How to use:** Simply write your substance details onto these supply labels, then add the appropriate hazard symbol(s) below.

**Material:** Self-adhesive white matt paper labels supplied with easy peel backing. A clear Self-adhesive Plastic overlaminate to protect the printed surface is supplied marginally larger in size to ensure that the label and print are fully protected.

**Sizes:** 4 sizes are available which conform to the regulations.

**Format:** Supplied as individual labels or in packs of 500.

**Minimum Order Quantity:** 10 labels.

FIG 7.0.1.4

TRADE NAME

SAFETY & RISK PHRASES

COMPANY NAME, ADDRESS AND TELEPHONE NUMBER

SYMBOL 1

SYMBOL 2

For substances listed in the Approved Supply List (ASL) the words 'EC Label' must be clearly indicated above the trade name.

| 28mm x 14m | £54.99         | £0.34      |
| 40mm x 20m | £62.27         | £0.40      |
| 56mm x 28m | £65.03         | £0.44      |

Minimum Order for Singles: 10 labels of the same design.

## ADR Limited Quantity Label

The ADR 2003 stipulates that all transportable packages of dangerous goods which are transported under the limited quantities exceptions need to be clearly identified. These labels can be used to identify these packages. There is space for you to add in your required UN number. Size: 110x110mm.

| Code   | Description             | Price           |
|--------|-------------------------|-----------------|
| DG66/S | LQ Label                | £8.16/Pack 10   |
| DG66/R | LQ Label                | £66.84/Roll 250 |
| DG68/S | LQ Label with UN number | £8.16/Pack 10   |
| DG68/R | LQ Label with UN number | £66.84/Roll 250 |

## Limited Quantity Label

Shipments of hazardous substances within the IATA Dangerous Goods Regulations 2004 should be marked with a limited quantity label when they are shipped under the limited quantity exceptions. Labels are made from Self-Adhesive Vinyl. Size: 100x100mm.

| Code   | Description      | Price  |
|--------|------------------|--------|
| DG05/S | Individual Label | £0.81  |
| DG05/R | Roll of 250      | £66.84 |

## Transporting Hazardous Substances

A range of vehicle placards for all your hazardous substance transport needs.

**COMPLY WITH  
ADR LEGISLATION**

### Hazchem Triplex System

Create your own embossed hazchem placards that comply with the ADR agreement.

The ADR agreement requires that all new road tankers, built after June 30th 2005, carrying dangerous goods to display hazchem placards that remains legible after 15 minutes of fire engulfment. These modular embossed panels meet these requirements.

This system allows you to purchase the basic holder with a blank specialist advice panel enabling you to add your own specific hazard warning diamond, numbering and lettering.

#### How to Order

1. State MHZ02 for the basic holder with blank specialist advice panel.
2. Choose your required letters (E, R, S, T, W, X, Y, Z) and numbers (0-9) replacing the asterisk (\*) in the product code with your choice.
3. Determine how many blank spacing panels you require. E.G. Each row of digits must be four panels (two digits would require two blank spacing panels, three digits would require two half blank spacing panels). State the required product code(s).
4. Choose your required 250x250mm hazard warning diamond from page 96.

| Code    | Description                | Size (mm) | Price      |
|---------|----------------------------|-----------|------------|
| MH-Z02  | Hazchem Placard Panel      | 430x790   | £109.99    |
| MNL(*)  | Embossed Letters & Numbers | 155x100   | £5.49      |
| MBL2    | Blank Spacing Panels       | 155x100   | £5.49      |
| MBL1    | Blank Spacing Panels       | 155x73    | £4.99      |
| Various | Hazard Warning Diamond     | 250x250   | from £3.28 |

Hazardous Substance Control

#### Hazard Warning Vehicle Plate

Required to be displayed at the front of any vehicle carrying dangerous goods and also to the rear of any vehicle carrying dangerous goods in packages. The plates should be reversed when the vehicle is empty. Each Hazard Warning Vehicle Plate comes with four pre-drilled holes for easy fixing and also a chain and clip to secure the plate to its holder. Plates are guaranteed to comply with current legislation.

**Size:** 300x400mm

**Material:** Aluminium holder - black finish. 2mm rigid plastic plate - reflective orange with a 15mm black border on one side and black on the reverse. **Code:** STA8

**Accessories:** Spare plates - pack of 5.

**Code:** STA9

**Padlock:** A padlock to fix plate to holder for added security.

**Code:** STA7

| Code | Description            | Price  |
|------|------------------------|--------|
| STA8 | Holder & Plat          | £43.95 |
| STA9 | Pack of 5 Spare Plates | £29.99 |
| STA7 | Small Padlock          | £4.95  |

#### Hazchem Placards from Stock

We have created a range of the most commonly requested hazchem placards and made them available from stock.

Hazchem placards are manufactured from 2mm Reflective Plastic and sold in packs of 3. See our modular system option above for complete placards to suit other dangerous goods requirements.

**Size:** 400x700mm

| Code   | Description    | Material        | Price             |
|--------|----------------|-----------------|-------------------|
| PLC01  | Petrol         | Plastic         | £99.99/Pack of 3  |

# Safety Signs

## Hazard Warning

### Safety Signs

All persons at work need to be aware of the status of any Hazardous Substance that they may come into contact with. This range of Safety Signs will help create awareness and contribute to a safer workplace.

\* We will add your text for an extra £3.75 per sign.

S/A - Self-adhesive vinyl.  
Rigid - 1mm rigid plastic.

### Hand Vibration Safety Labels

Use these labels to warn employees where there are risks of Hand Arm Vibration Syndrome (HAVS).

Workers may be exposed to HAVS when operating hand-held power tools on a regular basis. Exposure may result in vibration white finger, but other effects include damage to sensory nerves, muscles and joints in the hands and arms. Labels are sold in packs of 10.

## Flammable Liquid Storage Units

*Designed for the safe storage of chemicals and other hazardous substances.*

- These robust cabinets are constructed from 18 and 20-gauge steel with a tough and durable epoxy polyester yellow paint finish.
- Each unit benefits from an all welded and leak proof base sump.
- The shelves are adjustable to suit your storage requirements.
- The doors are reinforced to prevent distortion, fitted with a quality chrome locking (1-point locking on single doors, 3-point on double doors) handle supplied with two keys (extra keys available).
- Supplied with the relevant 'Flammable' hazard warning diamonds.
- All cabinets are manufactured to satisfy the Highly Flammable and Liquefied Petroleum Gas Regulation 1972, where appropriate and the Health and Safety Guide HSG51.
- Stands are available with each cabinet (STANDA).

| Code   | Size HxWxD (mm) | Doors                    | Shelves | Price   |

## COSHH Cabinets

*Segregate and securely store hazardous substances in your workplace as required by the COSHH regulations.*

- All cabinets are manufactured to satisfy the Highly Flammable and Liquefied Petroleum Gas Regulation 1972, where appropriate and the Health and Safety Guide HSG51.
- The cabinets are constructed from 18 and 20-gauge steel offered with a tough and durable epoxy polyester grey paint finish.
- The doors are reinforced to prevent distortion fitted with a quality chrome locking (1 point locking on single doors, 3 point on double doors) handle supplied with two keys (extra keys available).
- Each unit benefits from an all welded and leak proof base sump.
- Adjustable shelves allow for flexible storage.
- Supplied with the appropriate set of COSHH symbols on each door.
- Stands are available with each cabinet (STANDB).

## Hazardous Liquid Spill Cone

Warn staff of potentially dangerous hazardous spills!

- Bright yellow for maximum visibility.
- Manufactured from top grade impact resistant polymers for strength and durability.
- 500mm high.

| Code   | Description            | Price  |
|--------|------------------------|--------|
| HTSC45 | 500mm Liquid Spill Con | £10.71 |

## Sorbent Sheets

Absorbent sheets supplied in a handy dispenser.

- Conveniently packaged for ease of use and quick response to clean up of hazardous spillages.
- The sheets are supplied on rolls which are perforated across the width for easy deployment.
- The double rolls also include a perforation lengthways.
- The oil sheets are a heavy-duty absorbent ideal for industrial spill maintenance applications.
- The maintenance sheets are ultrasonically bonded for strength with one side non-linting.
- Each roll will absorb up to 23 litres of water or diesel oil.
- Size: 400mm x 26m.

| Code  | Description                        | Price   |
|-------|------------------------------------|---------|
| SKA75 | Oil - Standard Perforation         | £109.99 |
| SKA76 | Oil - Double Perforation           | £114.99 |
| SKA77 | Maintenance - Standard Perforation | £101.98 |
| SKA78 | Maintenance - Double Perforation   | £103.22 |

## Spill Kit Labels

Label your spill kits and make them easily identifiable.

These self-adhesive vinyl labels can be placed on spill kits so that kits are always clearly marked. Marking your spill kits prevents them being used to control spills for which they are not suited. Size: 200x300mm.

| Code  | Description                            | Price |
|-------|--|-------|
| SK03A | 200x300mm Emergency Spill Kit Oil      | £7.84 |
| SK03B | 200x300mm Emergency Spill Kit Chemical | £7.84 |
| SK03C | 200x300mm Emergency Spill Kit          | £7.84 |

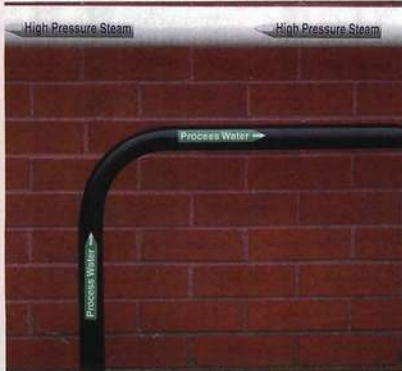

### Pipeline Information Tapes

Basic identification tapes that display a specific substance group or name.

- These tapes can be used to create a basic identification band or they can be cut and be used as specific labels.
- Recommended to be used at points where employee exposure to the pipe contents is liable.
- These durable tapes will withstand temperatures from  $-40^{\circ}\text{C}$  to  $+70^{\circ}\text{C}$ .
- Manufactured from self-adhesive vinyl laminated with a polypropylene cover.
- Tape colours comply with BS 4800.

## European Standard Pipemarkers

The Health & Safety (Safety Signs and Signals) Regulations 1996 require that all pipelines carrying hazardous substances be clearly identified. Over 300 substances are available in Duo Directional and Strip Pipemarkers giving you complete flexibility to comply with current legislation, improve safety and help maintenance routines on your site.

- Manufactured from durable laminated polyester film
- Suitable for use outdoors and resistant to extremes of temperature (-40°C to +120°C)
- Scratch, solvent and UV resistant
- RAL colour coded to UK and European standards

### Duo Directional Pipemarkers

Simply cut off the arrow direction you do not require.

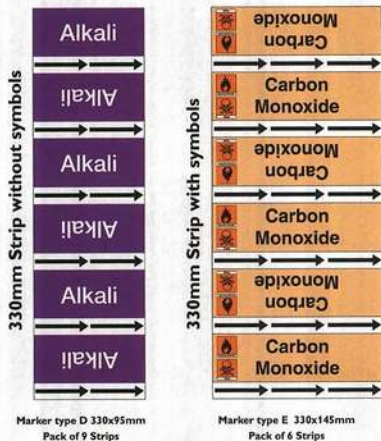

### Strip Markers

Designed for pipes over 60mm in diameter when the information needs to be visible all around the pipe.

Each Strip Marker is 330mm long and is supplied in one of two widths.

Marker type E is 145mm wide to include appropriate hazard warning symbol(s).

**To Order:**

Select the appropriate substance product code and replace the asterisk (\*) with your required marker type from page 54.

| Marker | Description                     | Pack Qty | Price per pack |
|--------|---------------------------------|----------|----------------|
| A      | 26x200mm Duo directional marker | 10       | £28.85         |
| B      | 37x284mm Duo directional marker | 5        | £37.95         |
| C      | 46x402mm Duo directional marker | 5        | £26.45         |
| D      | 330x95mm Strip marker           | 9        | £35.95         |
| E      | 330x145mm Strip marker          | 6        | £35.95         |

**Hazard Warning Symbols**

Pipelines used for carrying dangerous substances must be labelled with the appropriate hazard warning symbol as defined in Directive 67/548/EEC(a) and 88/379/EEC(b).

Pipeline markers on pages 104-105 will include the correct hazard symbol where appropriate, this is highlighted in the product code table.

# Packaging Tapes & Labels

## International Pictorial Marking Labels

We offer a range of shipping, handling and despatch labels to British and International Standards.

It is advisable to use internationally recognised symbols for the safe handling and insurance of your goods. Graphical symbols convey the consignors intention and will undoubtedly reduce loss and damage through incorrect handling.

**Material:** Self-adhesive Paper.

Where marked (\*) the labels conform to BS EN ISO 780 1999. 250 labels per roll.

|                              |                                 |                                  |   |                                     |                                     |                                 |                          |

Prices shown relate to quantities of the same design.

## Number and Letter Marking Systems

Clearly mark equipment and racking quickly and efficiently. Our comprehensive range of letter and number markers are ideal for all your identification requirements.

### Aisle Tiles

Large letters and numbers on a contrasting background for long viewing distances. Suitable for indoor and outdoor use. Use whenever highly visible identification is required, e.g. on entrances and gates. Ideal for marking warehouse and other storage aisles. **Select from:**

- 2 sizes - 150mm and 300mm high characters.
- 5 colour combinations - black on yellow, black on white, black on blue, black on red, black on green.
- 2 materials - Self-adhesive Vinyl or 1.5mm hi-impact styrene.
- Supplied per character A-Z, 0-9 or 'kit'.
- Yellow and White tiles are available in complete kits containing every character A-Z and 0-9.

### How to Order

1. Select your required tile size and material, and quote the appropriate code from the chart below.
2. State the colour background you require. Choose from white, yellow, red, blue or green.
3. State the material you require. Choose from Self-adhesive Vinyl or Rigid Styrene.
4. State the required character A-Z, 0-9 or 'kit'.

**Example:** Number 3, black on red, 150mm character height,  
**Self-adhesive Vinyl = Order Code:** V15, Red, S/A vinyl, 3 or V15RS/3.  
 Please allow extra time for despatch of blue, green or red background tiles.

| Code | Character Height (mm) | Tile Size (mm) | Black on Yellow or White |                          | Black on Green, Red or Blue |                          |
|------|-----------------------|----------------|--------------------------|--------------------------|-----------------------------|--------------------------|
|      |                       |                | S/A Vinyl Price Each     | Rigid Styrene Price Each | S/A Vinyl Price Each        | Rigid Styrene Price Each |
| V15  | 150                   | 160x95         | £1.58                    | £2.21                    | £3.69                       | £6.64                    |
| V30  | 300                   | 330x195        | £4.09                    | £5.64                    | £157.38                     | £7.97                    |

USE THE HANGING KIT ON PAGE 65 FOR OUR AISLE TILES!

### Presto Markers

Presto Markers are letters or numbers cut to shape from Self-adhesive Vinyl.

- Supplied in sheets of identical characters.
- Each sheet is pre-punched for easy storage in a ring binder.
- Order as individual sheets or as a combination kit.
- Choose from 2 colours and 3 sizes.

The Combination Kit contains:

One sheet of every character A-Z and numbers 0-9. 36 sheets in total.

Supplied in a free ring binder.

### How to Order

Replace asterisk (\*) with required character A-Z, 0-9 or with 'kit'.

**Example:** a sheet of letter C, black, 75mm character height, = order code: D75B/C.

| Code  | Colours | Characters Per Sheet | Character Height (mm) | Price Per Sheet | Price Per Kit |
|-------|---------|----------------------|-----------------------|-----------------|---------------|
| D25B* | Black   | 48                   | 25                    | £5.61           | £173.30       |
| D50B* | Black   | 12                   | 50                    | £5.45           | £173.30       |
| D75B* | Black   | 16                   | 75                    | £10.22          | £321.76       |
| D25W* | White   | 48                   | 25                    | £5.45           | £173.30       |
| D50W* | White   | 12                   | 50                    | £5.45           | £173.30       |
| D75W* | White   | 16                   | 75                    | £10.22          | £321.76       |

### Hi-vizitile Sheets

Hi-vizitiles are self-adhesive vinyl letters or numbers on a contrasting background giving maximum impact. Ideal for labelling files, racking and office equipment.

- Supplied in sheets of identical characters.
- Each sheet is pre-punched for easy storage in ring binders.
- Choose a sheet of any letter or single digit number.
- Choose from 5 size options shown in the chart opposite.
- Choose from 5 colour combinations: black on white, black on yellow, black on red, black on blue, black on green.
- All colours available in complete kits.

The complete kit contains: One sheet of every character A-Z and numbers 0-9. One sheet each of dashes and arrows.

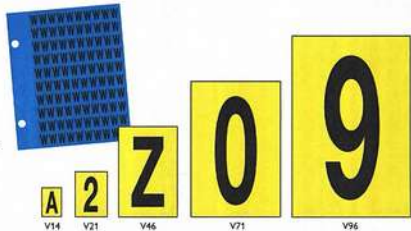

38 sheets in total. Supplied in a free ring binder.

### How to Order

1. Select your required tile size and quote the appropriate code from the chart opposite.
2. State the colour background you require. Choose from white, yellow, red, blue or green.
3. State the required character A-Z, 0-9 or 'kit'.

**Example:** Black on white - 71mm character height, letter A sheet = order code V71, White, A (V71W/A).

Available in your choice of 5 colour combinations and sizes.

Colours available:

| Code | Tile Key Size | Character Height (mm) | Number of Tiles per Sheet | Price Per Sheet | Price Per Kit |
|------|---------------|-----------------------|---------------------------|-----------------|---------------|
| V14  | 16x11         | 14                    | 100                       | £2.13           | £67.59        |
| V21  | 25x18         | 21                    | 48                        | £2.13           | £67.59        |
| V46  | 50x33         | 46                    | 12                        | £2.13           | £67.59        |
| V71  | 75x50         | 71                    | 16                        | £3.55           | £113.58       |
| V96  | 100x66        | 96                    | 9                         | £3.55           | £113.58       |

# Warning Tapes

## Aisle Marking Tapes

Our range of heavy-duty, self-adhesive vinyl tapes can help identify hazardous areas, mark the location of fire equipment or simply denote lane markings. Suitable for indoor use and supplied in roll form.

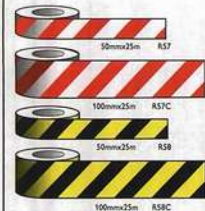

| Size      | 1-4    | 5+     |
|-----------|--------|--------|
| 50mmx33m  | £18.82 | £17.24 |
| 75mmx33m  | £21.70 | £18.94 |
| 100mmx33m | £34.84 | £31.02 |

## Reflective Self-adhesive Tapes

These tapes are 225 times more reflective than white paint.

Available in two colours and two widths. Made from highly reflective self-adhesive vinyl and suitable for use indoors and out.

| Size      | Price   |
|-----------|---------|
| 50mmx25m  | £81.20  |
| 100mmx25m | £139.20 |

## Economy Self-adhesive Hazard Warning Tape

For general purpose hazard marking.

These hazard warning location tapes will attract the eye to avoid hazards or to locate essential services. Our tapes are produced from self-adhesive vinyl and are polypropylene laminated for durability. The adhesive will reach its maximum bond strength in 24/36 hours. Tape should not be applied in temperatures less than 7°C. Not recommended for use in direct sunlight. Tape colours are in accordance with the safety colour system of BS 5378.

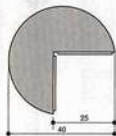

| Size      | 1-4    | 5+     |
|-----------|--------|--------|
| 50mmx33m  | £15.88 | £14.43 |
| 100mmx33m | £31.82 | £28.63 |

## Proctectafom

Overhead protection preventing painful bumps!

A multi-purpose flexible foam protector for hazardous industrial areas.

- Ideal for protecting against low overhead hazards, sharp corners and hazardous machinery.
- Highly visible.
- Supplied with strong adhesive strips for quick application.
- Available in 1 metre lengths of black/yellow or red/white.

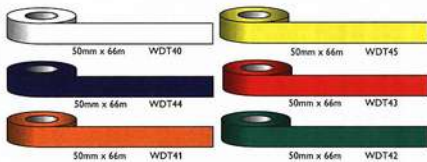

| Code   | Description  | Price  |
|--------|--------------|--------|
| WBT12A | Black/Yellow | £40.81 |
| WBT13A | Red/White    | £40.81 |

**Flagging Tape**

*Ideal for colour coding and economical multi-purpose marking.*

- Use for the demarcation of areas, colour coding and multiple tape applications.
- Bright colours, visible from a distance.
- All tapes are 35mc thick, supplied on 50mm x 66m rolls.

| Size       | Price |
|------------|-------|
| 50mm x 66m | £5.96 |

**Triple Laminated Tape**

*The ultimate in durability and quality!*

- Highly durable, self-adhesive marking tape.
- Made from triple ply laminate of vinyl and polypropylene, resulting in a high strength tape with a wipe clean finish.
- Available in 5 colours and 2 sizes.

| Size       | Price  |
|------------|--------|
| 50mm x 33m | £46.79 |
| 75mm x 33m | £59.21 |

## It's the Law! Data Protection Act Compliant CCTV Signs

The Data Protection Act 1998 came into force on 1 March 2000. It sets out rules for processing personal information and applies to paper and electronics records.

The code of practice recommends that:

- Signs should be placed near the cameras so the public are aware that they are entering an area covered by surveillance equipment.
- The signs should identify the person or organisation responsible for the scheme.
- The signs should also give details where and how to get in contact if needed eg: address or phone number.

**COMPLY WITH THE DATA PROTECTION ACT!**

### CCTV Signs from stock

Use these signs in conjunction with the Data Protection Act Compliant Signs below to fully inform the public of your CCTV policy.

### How to Order

Replace the asterisk (\*) in the product code with the letter representing your chosen material. Rigid = R, S/A Vinyl = S, Window Cling = W, Polycarbonate = P. Window Cling only available 200x150. Polycarbonate only in 600x450.

| Size    | Rigid  |        |     | S/A   | S/A   |      |       | W/Cling |      |        | Polycarbonate |      |     |
|---------|--------|--------|-----|-------|-------|------|-------|---------|------|--------|---------------|------|-----|
|         | 1-2    | 3-15   | 16+ |       | 1-2   | 3-15 | 16+   | 1-2     | 3-15 | 16+    | 1-2           | 3-15 | 16+ |
| 200x150 | £5.12  | £4.30  | £5  | £2.90 | £2.45 | £5   | £5.12 | £4.30   | £5   | -      | -             | -    |     |

# Asset Marking

Before Tampering

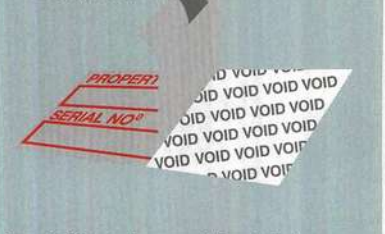

After Tampering

Security

## Stocked Tamperproof Void Labels

- **Main Concept:** If you attempt to remove the label, both the equipment and surface will read 'void' preventing reuse. You print or write your own information in the spaces provided with a ball point pen or permanent marker.
- **Material:** Matt metallic polyester finish which is highly resistant to sunlight.
- Can withstand temperatures of between -10°C to +75°C.
- Recommended use of two years.
- Suitable for all smooth surfaces.
- **Please allow 24 hours for adhesive to dry.**
- **Format:** Rolls of 250 labels.
- **Delivery Details:** Same day despatch from receipt of order.

It's easy! - Print or write your own information in the spaces provided with a ball point or permanent marker before applying.

### Design-a-Sign Super Durable Metallic Labels

**Main Concept:** You personalise these super durable labels with your company details and/or sequential numbering. When applied the label then becomes very hard to tear, rub off or scratch with a coin.

**Material:** Lightweight gloss polyester that will withstand temperatures between -20°C and +100°C. Suitable for any smooth or curved surface.

**Delivery Details:** Despatch will be within 1 week from receipt of order.

#### How To Order

1. Choose label size noting the product code.

| Size (mm) | Product code |
|-----------|--------------|
| 18x50     | PL41         |
| 21x70     | PL61         |
| 25x40     | PL31         |
| 25x50     | PL51         |
| 40x80     | PL71         |

**COMPANY LOGOS  
AVAILABLE AT  
NO EXTRA COST**

2. Specify number of rolls required - 250 labels per roll.

3. Specify background colour chosen from those shown below.

Black Red Blue Green Yellow White Silver Gold

4. State text and where upper and lower case letters are required.

5. Specify text colour chosen from the range shown below. Prices are for one colour print. Please add £25.00 per roll for 1 additional colour and £35.00 for 2 additional colours per roll.

Black Red Blue Green Yellow White

6. Select typestyle required from **Optima, Helvetica, Futura, Times, Zurich, COPPERPLATE**

7. If necessary state additional requirements and note on your order:

- Choose either square or rounded edges for your label.
- State the starting number if sequential numbering is required.
- Company logos need to be supplied on disk.

8. Written confirmation of order together with a rough sketch is required.

| Code | Size (mm) | Quantity & Price Per Roll |        |
|------|-----------|---------------------------|--------|
|      |           | 1                         | 2      |
| PL41 | 18x50     | £119.46                   | £62.07 |
| PL61 | 21x70     | £127.92                   | £66.80 |
| PL31 | 25x40     | £112.24                   | £58.12 |
| PL51 | 25x50     | £121.64                   | £63.93 |
| PL71 | 40x80     | £138.42                   | £75.79 |

Please add £25.00 per roll for 1 additional colour and £35.00 for 2 additional colours per roll.

# Key Security

**Mechanical Combination**  
Please suffix product code with M and add £111.60 to key locking price.

**Electronic Combination**  
Please suffix product code with E and add £277.20 to key locking price.

## Premium Key Cabinets

Ensure high levels of key security with our best selling key cabinets!

- Coloured adjustable hook bars with numbered strips which can be repositioned to suit different sizes of key holding.

## Standard Shackle (39mm) Padlocks

High quality, durable case hardened steel.

- Ideal for general purpose outdoor use.
- Coloured sleeve makes them easy to identify.
- Supplied with 2 steel keys.
- Master Keyed Padlocks need Master Keys ordering separately at point of order.
- Keyed Alike and Master Keyed Padlocks are made to order.
- Replace asterisk (\*) in product code with A - Silver, B - Green, C - Red, D - Blue, E - Yellow, F - Black.

| Code  | Description                                     | Price & Quantity Each |        |
|-------|---|-----------------------|--------|
|       |   | 1-4                   | 5+     |
| LOL7* | Keyed Differently Padlock                       | £15.44                | £14.12 |
| LOL8* | Keyed Alike Padlock                             | £15.70                | £14.39 |
| LOL9* | Master Keyed Padlock                            | £21.47                | £19.75 |
| LOL10 | Extra Master Key (must be ordered with padlock) | £5.99                 | -      |

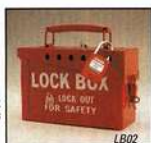

## Lock Out Padlock Tags

- Stays in place due to unique designs.
- Tag is 40x40mm with 10mm hole to fit most products.
- Write on your own details.

| Code  | Price             |
|-------|-------------------|
| SHA01 | £32.99/Pack of 10 |

Lock Boxes

LB02

**BRADY.**

Heavy steel construction.

- LB01 is ideal for complex work team lockout procedures. Once the machine is locked out, all keys are placed into the lock box. A lock is placed on the outside of the box until the job is complete.
- LB02 can hold up to 13 individual locks. Each member can unlock their padlock (padlock not supplied) from the box and place the key into the box. No-one can then undo their padlock until keys are released.

| Code | Description             | Size HxWxD (mm) | Price  |
|------|-------------------------|-----------------|--------|
| LB01 | 'Yellow Group' Lock Box | 152x245x102     | £99.50 |
| LB02 | 'Red 13 Lock' Lock Box  | 152x254x102     | £99.50 |

## Lock-out Stations

Built for the toughest conditions, these lock-out stations are manufactured from double moulded polystyrene with plastic or metal hanging hooks for padlocks, lock-out hasps and tags.

| Code    | Description                 | Size (HxW) | Contents   | Price   |

| E5020   | Lock-out station            | 280x355mm  | Board Only   | £44.09  |
| E5021   | Lock-out station            | 535x355mm  | Board Only   | £77.16  |
| E5022   | Lock-out station            | 535x735mm  | Board Only   | £132.29 |

## Lockout / Tagout

### Safety Lockout Hasps

*Protect against accidents.*

- Make sure all machinery stays locked out until every individual working on the repairs or inspection is finished.
- Each person puts a lock on the hasp, but the hasp cannot be removed until all lockouts have been removed, thus preventing accidents.
- Constructed of case-hardened plated steel which resist tampering and prevents rusting.
- Insulated with a red vinyl coating.
- Hold up to 6 padlocks.

| Code  | Description                         | Price & Quantity Each |        |        |
|-------|-------------------------------------|-----------------------|--------|--------|
|       |                                     | 1-4                   | 5-9    | 10+    |
| LOH1  | 25mm Lockout Hasp                   | £13.65                | £12.25 | £11.10 |
| LOHC  | 25mm Hasp with 203mm Chain Attached | £14.30                | £12.90 | £11.30 |
| LOH2  | 538mm Lockout Hasp                  | £16.45                | £14.40 | £13.60 |
| LOHZC | 38mm Hasp with 203mm Chain Attached | £18.40                | £16.35 | £14.55 |

### Stainless Steel Lockout Hasp

*Ideal for offshore, chemical and food industries!*

This new fully stainless steel lockout hasp with nickel plated finish. The hasp has the capacity to hold up to 6 padlocks. 40mm clearance, 25mm wide. Padlock holes 8mm dia.

| Code  | Price & Quantity Each |        |
|-------|-----------------------|--------|
|       | 1-4                   | 5+     |
| RCE10 | £15.74                | £13.64 |

Clamp attached to butterfly valve lever, preventing the trigger from being squeezed.

Use the cable attachment to lockout gate valves.

Two blocking arms will lock out 3, 4 or even 5 way valves.

The blocking arms will lock out quarter-turn ball valves.

### BRADY Universal Valve Lockout

*One device does it all!*

- This unique lockout device is a modular system which enables the operator to lockout valves of different types and sizes.
- Manufactured from industrial-grade steel and nylon for durability, chemical and corrosion resistant.
- Available in small and large, complete with the open-ended clamp which fits over closed rings and wide handles.
- Use in conjunction with the blocking arms and cable attachments.

| Code  | Description                    | Max Valve Handle Width | Max Handle Thickness | Price  |
|-------|--------------------------------|------------------------|----------------------|--------|
| LOC9  | Small Valve Lockout with Clamp | 25mm                   | 19mm                 | £45.99 |
| LOC10 | Large Valve Lockout with Clamp | 41mm                   | 31.75mm              | £49.99 |

| LOC13 | Cable Attachment               | -                      | -                    | £11.99 |
|       | 2.44m Sheathed Cable           | -                      | -                    | £11.99 |

### BRADY Gate Valve Lockouts

*Safeguard against accidents involving gate valves.*

- Made from durable polypropylene with stainless steel hinges for added strength and security, preventing tampering.
- Cannot be 'popped' open.
- 'Knockout' centre enables lockouts to take a rising gate valve.
- To lock device out, use a padlock (see pages 604-605).
- Replace asterisk (\*) in product code with A - Red, B - Green, C - Yellow, D - Blue.

| Code  | Valve Handle Dia. | Price   |
|-------|-------------------|---------|
| VS12* | 25 to 63.5mm      | £30.61  |
| VS04* | 63.5 to 127mm     | £50.98  |
| VS06* | 127 to 165mm      | £61.48  |
| VS09* | 165 to 254mm      | £76.76  |
| VS13* | 254 to 330mm      | £147.42 |

### BRADY Adjustable Gate Valve Lockout

*Locks out different-sized valve handles.*

- Versatile lockout adjusts to fit 25.4 to 165mm valve handles.
- Manufactured from durable, non-conductive, red polypropylene.
- Solvent, chemical and crack-resistant.
- Resists extreme temperatures from -45°C to +182°C.

## Lockout Wallchart & Pocket Guides

Step-by-step guide to lockout procedures.

- Learn how to prevent lock-off accidents in 8 simple steps.
- Highlight all the safety steps that must be followed to achieve effective lockout safety.
- Wallchart measures 600 x 400mm.
- Pocket Guides (120 x 80mm) form a beneficial training tool which all employees can keep to hand.

| LOTA3 | £31.60 |

## Circuit Breaker / Isolator Kit

Isolating power sources at the distribution board can be difficult with such a variety of makes and types of circuit breaker on the market.

This kit is ideal for electricians and engineers who regularly work on applications where power is isolated via circuit breakers or electrical isolators. The kit contains nine different types of breaker lock-outs which cover the majority of applications in today's industry. Also included in the kit are two stainless steel lock-out hasps, two individually keyed and numbered padlocks and a pack of reusable tags along with a non permanent marker.

| RCE15 | Circuit breaker & Isolator Lock-out kit | £185.39 |

# Lockout/Tagout

## BRADY® Miniature Circuit Breaker Lockout System

Safe and effective method of locking out circuit breakers.

- Will fit most existing single and multi-pole circuit breakers.
- Extremely unique – easy-to-install using a push button, requires no tools.
- TBLO (Tie Bar Lockout) has a convenient thumb wheel for quick application.
- Made of strong, glass-filled nylon. • Supplied singularly or in packs of 6.
- Lock using padlocks with a shackle diameter up to 6mm – see page 117.
- A demo pack (LOM9) is available which contains one example of each type of breaker if you are unsure as to which pin you may need.

### Circuit Breaker Compatibility Chart:

| Breaker Brand        | No. of Poles | Breaker Model No. | Lockout Type | Style No.   |
|----------------------|--------------|-------------------|--------------|-------------|

### 4 different types of Breaker Lockout available:

**POS – Pin Out Standard**  
Code: LOM1 & LOM2

**PIS – Pin In Standard**  
Code: LOM3 & LOM4

**POW – Pin Out Wide**  
Code: LOM5 & LOM6

**TBLO – Tie Bar Lockout**  
Code: LOM7 & LOM8

| Code | Breaker Lockout Type               | Price  |
|------|------------------------------------|--------|
| LOM1 | POS (Pin Out Standard)             | £8.55  |
| LOM2 | POS (Pin Out Standard) - Pack of 6 | £41.75 |
| LOM3 | PIS (Pin In Standard)              | £8.55  |
| LOM4 | PIS (Pin In Standard) - Pack of 6  | £41.75 |
| LOM5 | POW (Pin Out Wide)                 | £8.55  |
| LOM6 | POW (Pin Out Wide) - Pack of 6     | £41.75 |
| LOM7 | TBLO (Tie Bar Lockout)             | £8.55  |
| LOM8 | TBLO (Tie Bar Lockout) - Pack of 6 | £41.75 |
| LOM9 | Demo Pack - Pack of 4              | £27.85 |

## Electrical Visibility Lock Out Tags

Highly visible tags safely mark machines under maintenance.

These safety tags aid the safe running and maintenance of site machinery. Each tag is manufactured from high impact styrene ensuring it will withstand a multitude of weather and factory conditions.

Wire ties included.

Electrical & Lockout

## Write On Cable Marking Labels

Simply write on your information, peel off the label backing and fix around your electrical cabling.

**Material:** Self-adhesive Vinyl.  
**Size:** 40x90mm.  
**Sold in packs of 250 labels.**

## Electrical Cable Marking Labels

These highly visible cable marking labels are easy to apply. Simply peel off the label backing and fix around your electrical cable.

**Material:** Self-adhesive Vinyl. **Size:** 30x90mm. **Sold in rolls of 250 labels.**

Size (mm) Material Price per Roll  
30x90 S/A Vinyl £34.42

## Electrical Safety Labels

Use these labels for all of your inspection and safety requirements.

Size (mm) Material Price  
50x50 Self-adhesive Vinyl £4.07/Pack of 10

WC 140 600x420

## Safety Rescue Hook

### Fast and Safe!

- Where a victim of electrocution is slumped across a potentially live electrical connection, the rescue hook will safeguard the life of the first aider and save valuable time responding to the casualty.
- Available in two sizes:
  - 25dia x 1000mm up to 1kV System Voltage
  - 35dia x 1650mm up to 60kV System Voltage.
- Hook station includes two mounting clips.

| Code  | Description               | Price   |
|-------|---------------------------|---------|
| HRH01 | 1 kV Hook (Black)         | £146.40 |
| HRH02 | 60 kV Hook (White)        | £362.19 |
| HRH03 | 1 kV Spare Mounting Clips | £2.42   |
| HRH04 | 60kV Spare Mounting Clips | £4.50   |
| HRH05 | 1 kV Hook Station         | £62.46  |
| HRH06 | 60 kV Hook Station        | £87.44  |
| WC140 | Electric Shock Poster     | £20.79  |

## Electrical Wiring Regulations

### Comply with the IEE Wiring Regulations!

- An amendment to BS 7671:2001 (The IEE Wiring Regulations) state that new cable core colours must be used for all fixed wiring in electrical installations in the UK.
- This amendment is to bring the UK more closely in line with practice in mainline Europe.
- This new wallchart explains the colour changes in more detail.
- The amendment stipulates that any alterations and extensions to electrical installations using the new cable core colours in conjunction with the old colours must display this notice.

| Code    | Description | Size (mm) | Material | Price                |
|---------|-------------|-----------|----------|----------------------|
| PW36Z   | Label       | 50x75     | S/A      | £5.23 (Pack of 10)   |
| PW37Z   | Label       | 50x75     | S/A      | £83.42 (Roll of 250) |
| PW34Z/R | Notice      | 150x200   | Rigid    | £5.12                |
| PW34Z/S | Notice      | 150x200   | S/A      | £2.82                |
| PW35Z/R | Notice      | 300x400   | Rigid    | £12.96               |
| PW35Z/S | Notice      | 300x400   | Rigid    | £6.83                |
| WC109   | Wallchart   | 600x420   | -        | £20.79               |

## Caution

This installation has wiring colours to two versions of BS 7671. Great care should be taken before undertaking extension, alteration or repair that all conductors are correctly identified.

## staticbuster™

### Anti-static Safety Pads

Discharge static build up gently, safely, painlessly and with no uncomfortable 'ZAP'!

- Anti-Static Discharge Pads are the effective solution to help prevent unnecessary static build up.
- They work by safely dissipating any static electricity from the body, simply when touched.
- The pads are positioned in key accessible areas around the workplace where employees and customers alike may simply touch and discharge all of their static.
- Static build up is an ever-increasing problem in the workplace.
- Greater use of air conditioning, plastics and synthetic materials in the office and workplace combined with modern synthetic fabrics worn as everyday clothing - assist in generating high voltages of static electricity.
- People can generate up to 20,000 volts of electricity - generated by static.
- Placed around the workplace, factory or retail store the pads are a visual reminder to discharge static.
- The pads are currently used around the world to assist in the prevention of static ignited flash fires on petrol station forecourts.
- Simple and easy to fit, each pad is self-adhesive.
- Approved and manufactured to exceed all current standards (ESDA 20:20, 11:11 EIA-541, and ASTM D257).
- A full technical data sheet is available upon request.

| Code  | Quantity & Price Each |        |        |
|-------|-----------------------|--------|--------|
|       | 1-9                   | 10-19  | 20+    |
| DCM01 | £21.95                | £19.95 | £17.95 |

## Electrical Permit-to-Work Forms

Help Promote safe work systems.

Specify work to be done, precautions to be taken and ensure that all possible hazards are considered. Use when normal safe systems need to be removed for maintenance or if new hazards could be caused by work. These A4 forms are supplied in packs of 10.

**NEW!**

| Code | Price  |
|------|--------|
| WP04 | £16.85 |

## Electrical Safety Record Cards

These forms will allow you to conduct Electrical Inspections on all equipment.

- The forms include vital information on the Do's and Don'ts on electrical safety.
- The pack contains 50 A4 sheets.

### Rotary Hand Bells

*Ideal for alerting employees and visitors of an emergency where there is no electrical power or power sources fail.*

- Bell sounds at 60 dB for up to 35 metres.
- Robust die-cast aluminium construction with pre-drilled flange for fast and easy installation.
- Suitable for internal and external use.
- One year guarantee.
- Next day despatch on all orders.

| Code  | Size (mm Dia x D) | Price  |
|-------|-------------------|--------|
| FSRH8 | 270x140           | £83.35 |

### Standard Smoke Alarms

- Provide early warning of fire with this economical smoke alarm.
- Battery powered - 9v battery included.
- 85 db alarm.
- Low battery warning.
- Easily installed - No wiring.
- Tested to BS 5446 Part 1:2000.
- One year guarantee.

| Quantity & Price Each |              |
|-----------------------|--------------|
| Code 1-3              | 4+           |
| BSA1                  | £11.75 £9.90 |

### Fire Escape Ladders

*Ideal instant fire escape - strong and lightweight.*

- Attaches quickly to almost any window.
- Tangle free design with standoff to keep ladder away from building.
- Easily stored for immediate use in tough corrugated box.
- One year guarantee.
- Next day despatch on all orders.

| Code   | Length (m) | Length (ft) | Price   |
|--------|------------|-------------|---------|
| FSFEL1 | 4.5        | 15          | £83.3   |
| FSFEL2 | 7.5        | 25          | £109.46 |
| FSFEL3 | 8.0        | 26.5        | £163.54 |
| FSFEL4 | 12.0       | 39.5        | £222.34 |

### Fire Warden Kit

*A must have for all on-site fire wardens!*

This kit is packed full of essential equipment ready in the event of an emergency situation.

The products are all housed within a lightweight bag which incorporates a handy shoulder and carry strap.

Kit contents:

- 1 x Bag • 1 x Megaphone • 1 x Torch
- 1 x Gas Horn • 10 x Whistle • 5 x Lightstick
- 1 x Fire Warden Hi-Viz Waistcoat (Large) - 1 x Fire Warden High Viz Armband

| Code  | Price   |
|-------|---------|
| PWK01 | £299.24 |

## Dorgard Fire Door Retainers

Simple and effective way of holding open fire doors in a busy environment.

- Battery operated; self-contained device used to safely hold a fire door open in any position and then automatically release the fire door should the fire alarm sound.
- Installs in under five minutes.
- Assists customers in complying with all relevant European Directives and UK Workplace Regulations.
- 12 months warranty.

To order simply replace the asterisk (\*) in the product code with the letter for the colour which you require.

R = Red. W = White. M = Mahogany. B = Black.

| Code   | Description                | Price           |
|--------|----------------------------|-----------------|
| FDC05* | Dorgard                    | £129.99         |
| FDC06  | Replacement Rubber Stopper | £9.99/Pack of 5 |
| FDC07  | Floor Plates               | £16.99          |
| BAT27  | Spare C-Cell Batteries     | £4.73/Pack of 2 |

## Break Glass Key Boxes

Deter misuse of emergency keys!

- Tough ABS plastic protects emergency keys until needed.
- Transparent face makes keys visible at all times.
- Hammer and chain available to break glass.
- Can be fitted to fire extinguisher cabinets or wall mounted.
- One year guarantee.

| Code  | Description    | Weight | Price  |
|-------|----------------|--------|--------|
| FSK01 | Key box        | 65gm   | £13.71 |
| FSK01 | Hammer & chain | N/A    | £8.42  |
| FSK01 | Spare glass    | N/A    | £2.70  |

## Soft Pack Document Holder

Ideal for storing all of your fire documents.

- With eyelet hanging point for secure fixing.
- Screen printed front panel.
- Durable finish for long life.
- Roomy A4 capacity.

| Code | Size HxW (mm) | Price  |
|------|---------------|--------|
| FC19 | 320x240       | £16.49 |

## Redlam Panic Bolt

Economical solution for internal emergency exits.

These panic bolts are manufactured from case aluminium and are a cost effective solution to the problem of providing reliable panic bolts for internal fire doors.

- Easily operated by breaking the ceramic tube which results in the bolt sliding back automatically and unlocking the door.
- Designed for single fire doors.
- Comes complete with one ceramic tube.

| Code  | Description                   | Price  |
|-------|-------------------------------|--------|
| FDP05 | Redlam Panic Bolt             | £50.11 |
| FDP06 | Spare Glass Tube (127 x 17mm) | £0.99  |
| FDP07 | Spare Hammer and Chain        | £5.93  |
| FDP08 | Ceramic Tubes (Box of 20)     | £62.87 |

## Metal Cabinet Document Holder

Are all your fire safety documents safe?

- Designed to accommodate A4 manuals and documents.
- Tamper evident door seal facility.
- Integral weather seal for outside applications.
- 10 year anti-corrosion warranty on finish.

| Code | Size HxWxD (mm) | Price  |
|------|-----------------|--------|
| FC20 | 370x265x112     | £49.99 |

# Fire Safety Equipment

## Alarm Cover Stoppers

*Protective cover to help prevent malicious and accidental alarms.*

- Ideal for school, colleges, hospitals and hotels.
- Consists of a clear, tamper-proof, polycarbonate cover that fits over break glass call points.
- Once opened to gain access the optional battery powered integral sounder emits a piercing 96 dB alarm deterring misuse and attracting attention.
- Does not restrict legitimate use.
- Flush (up to 140mm long x 50mm deep) or surface mounted available.
- Optional 30mm and 50mm depth spacers available.
- Four colour options - Simply replace the asterisk (\*) in the product code with, R=Red, G=Green, B=Blue, Y=Yellow.

Optional Safety Sign

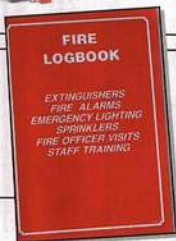

75x75 S/A PW36ES  
200x150 Rigid PW36MR  
S/A PW36MS

| Code    | Description  | Price  |
|---------|--|--------|
| PSF6AA* | Stopper - Flush mounted - No sounder   | £35.90 |
| PSF6AB* | Stopper - Surface mounted - No sounder   | £46.92 |
| PSF6AC* | Stopper - Flush mounted - Integral sounder   | £73.85 |
| PSF6AD* | Stopper - Surface mounted - Integral sounder   | £89.56 |
| PSF6AE  | 70mm Depth spacer for additional clearance (already included with PSF6AB and PSF6AD) | £15.09 |
| PSF6AG  | 50mm Depth spacer for additional clearance   | £19.52 |
| PSF6AL  | Break seal   | £4.38  |
| PW36ES  | 75x75mm Self-adhesive safety sign  | £0.83  |
| PW36MR  | 200x150mm 1mm rigid plastic safety sign  | £6.59  |
| PW36MS  | 200x150mm Self-adhesive vinyl safety sign  | £3.99  |

Fire Safety

## Fire Safety Log Book

*Logs all of your vital fire safety records!*

- Use this book to keep up-to-date records of all fire equipment servicing and training.
- Includes sections to record fire drills, equipment maintenance and staff training.
- Employer's responsibilities are also described.
- Available in two sizes.

| Code | Size | Quantity & Price |       |
|------|------|------------------|-------|
|      |      | 1-9              | 10+   |
| FC15 | A5   | £4.71            | £4.19 |
| FC16 | A4   | £8.39            | £7.34 |

## Fire Buckets

*Ideal for many applications including garage forecourt protection.*

- Hand grip for accurate distribution of sand in spill clean up.
- Available in plastic and metal with optional lids.
- One year guarantee.

| Code   | Description             | Price  |
|--------|-------------------------|--------|
| F5HFB1 | Metal fire bucket       | £29.14 |
| F5HBL1 | Metal fire bucket lid   | £7.61  |
| F5PFB1 | Plastic fire bucket     | £20.32 |
| F5PBL1 | Plastic fire bucket lid | £5.41  |
| SANDB1 | Sand 25kg bag           | £10.50 |

## Emergency Gas Horns

*Ideal for building site applications and testing emergency procedures.*

- Horn sounds 110dB at a distance of up to two metres.
- Uses non-flammable, CFC free gas.
- 300ml can allows for multiple uses.

| Code  | Description         | Price  |
|-------|---------------------|--------|
| F5GHE | Horn & gas canister | £19.95 |
| F5GHR | 1 Gas refill        | £11.95 |

## Fire Extinguishers

The use of Fire Extinguishers should play a major role in any fire risk assessment.

- This new and extended range of extinguishers can assist in controlling the risk of fire.
- To assure you of quality, all extinguishers carry the kitemark, are CE approved and come with a five year guarantee.
- The table (right) identifies which extinguisher on this page are suitable for each class of fire.

| Fire Classification | Fire Risk                                 | Water | Foam | CO <sub>2</sub> | Powder | Wet Chemical | Code   | Type                 | Filled Weight | Discharge Time | Fire Rating  | Price Each |
|---------------------|---|-------|------|-----------------|--------|--------------|--------|----------------------|---------------|----------------|--------------|------------|

## High Visibility Printed Waistcoats

Ensure key personnel are visible at all times during an emergency with these customised waistcoats.

- High Visibility yellow material demands attention.
- Excellent tool for clarifying authority with clear wording on front and back.
- Retro-reflective tape provides maximum visibility.
- Choice of sizes and wording.
- When ordering, replace asterisk (\*) with required size (M-XXL).

| Code   | Wording      | Price per waistcoat |       |     |
|--------|--------------|---------------------|-------|-----|
|        |              | 1-9                 | 10-49 | 50+ |
| SHVW5* | Fire Warden  | £                   | £     | £   |
| SHVW6* | Fire Marshal | £                   | £     | £   |
| SHVW7* | First Aider  | £                   | £     | £   |

## Water Safety Signs

For use at locations in or on water including areas where sport and recreational activities are taking place to warn of hazards and prohibit or mandate certain actions. Such locations include:

- Quarries, industrial and construction sites. • Agricultural areas.
- Rivers, canals, estuaries, lakes, reservoirs, ponds. • Harbours, docks, marinas.
- Beaches, piers, landing stages, fishing points, bridges over water.
- Indoor and outdoor swimming pools. • Paddling pools. • Water tanks.

All water safety signs are guaranteed to comply with BS 5499-1 and BS 5499-11.

Materials: 1mm Rigid plastic (-R) and 3mm Aluminium (-A) as shown.

Size(mm) Rigid Aluminium  
400x300 £12.74 £39.29

R = Rigid Plastic, A = 3mm Aluminium.

## Hi-Vis 50N Buoyancy Aid

A compact, comfortable and unobtrusive buoyancy aid - conforms to EN393.

- Ideal for workers around slow moving water, inland, reservoir or canal working areas.
- Integral crutch strap.
- Marine grade retro-reflective tape.
- Made in Great Britain.
- To order replace asterisk (\*) with required size (M-XXXL).

| Code    | Price  |
|---------|--------|
| WOSHVP* | £95.00 |

## Ocean 100N Lifejacket

A cost effective lifejacket offering a high degree of comfort that meets EN395 and offers 100N buoyancy. Standard features include a zip front closure, waistbelt and thighstraps, as well as a whistle and reflective tape.

| Code   | Description      | Price  |
|--------|------------------|--------|

- Size: (L) 70mm x (W) 22mm.

| Code | Price             |
|------|-------------------|
| FC31 | £16.99 Pack of 10 |

# Display Boards

## Aluminium Snap Frames

Snap frames are available in a wide range of sizes, to take any print from A4 up to large posters. Printed signs or posters can be changed with ease.

- All four sides of the frame hinge open and close with a firm snap action, enabling prints to be changed from the front.
- The anodised aluminium mitre-corner surround presents a smart appearance.
- Anti-glare poster protector sheet keeps prints clean and secure.
- Integral back panel and concealed wall fixings are included with every frame.
- Frames may be fitted landscape or portrait, indoors or outside (see notes).

### Note:

Frame sizes below are insert (i.e. paper) sizes - outside dimensions are slightly larger. Snap frames are designed to take a single sheet matched to the frame size. Frames are not guaranteed 100% watertight, but they are often used outdoors, especially for posters that are changed regularly.

| Code   | Description     | Profile Width (mm) | Quantity & Price Each |         |         |

## Covered Noticeboards

Shatterproof and fire resistant!

These boards comply fully to Fire Regulation Standard BS 476 Class 3. The virtually shatterproof polycarbonate, locking hinged door complies to the optical standard BS 2782-352. The Hessian pin-up surface is available in 4 standard colours.

To order replace the asterisk (\*) in the product code with A=Red, B=Green, C=Blue, D=Grey.

| Code   | Size (mm) | Price   |
|--------|-----------|---------|
| DB010* | 900x600   | £128.79 |
| DB011* | 1200x900  | £208.36 |

## Dry-Wipe Boards

Choose from a range of colourful frames!

These double-sided Dry Wipe Boards have a high gloss, white surface for use with dry-marker pens. A faint grid-guide of 25mm squares on reverse of white board assists alignment when writing and charting. Available in a choice of anodised aluminium or coloured frame.

To order a coloured frame replace the asterisk (\*) in the product code with A=Red, B=Yellow, C=Blue, D=Green.

| Code   | Description     | Size (mm) | Quantity & Price Each |        |
|--------|-----------------|-----------|-----------------------|--------|
|        |                 |           | 1-2                   | 3+     |
| DB000  | Aluminium Frame | 900x600   | £52.29                | £49.68 |
| DB001  | Aluminium Frame | 1200x900  | £74.98                | £71.23 |
| DB002* | Coloured Frame  | 900x600   | £44.49                | £42.26 |
| DB003* | Coloured Frame  | 1200x900  | £63.42                | £60.25 |

## Dry-Wipe Markers

Pack of four different coloured pens for use with dry-wipe boards.

| 7Code | Description   | Price/Pack |
|-------|---------------|------------|
| DB076 | 4 Marker Pens | £4.50      |

### Exterior Showcase

This superior quality anodised aluminium frame and shatterproof acrylic window brings together a very attractive durable external showcase.

The showcase has a quality pinboard back covered in a natural cork. All opening areas of the showcase are surrounded by a water resistant seal to prevent water entering the showcase. Each showcase comes with door support stays and can be mounted either landscape or portrait. The sizes are designed to fit the number of A4 notices as indicated in the price box below.

| Code  | Size (mm)               | Description   | Price   |
|-------|-------------------------|---------------|---------|
| DB060 | Single Door 600 x 1100  | 6 A4 Notices  | £237.16 |
| DB061 | Single Door 810 x 1100  | 9 A4 Notices  | £299.00 |
| DB062 | Single Door 1060 x 1100 | 12 A4 Notices | £355.00 |

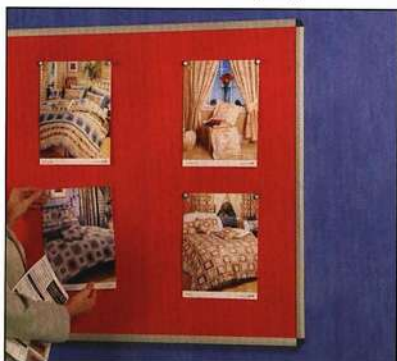

### External Poster Frames

Weather resistance and durability at low prices!

- Our range of external wall mounted poster frames feature an attractive anodised aluminium frame with a full length hinge.
- The display panel is made from Polycarbonate making it vandal resistant.
- The frames are supplied with wall mounting kits and keys.

| Code   | Description | Size HxW (mm) | Price   |
|--------|-------------|---------------|---------|
| PRF2AA | A4 Display  | 297x210       | £84.80  |
| PRF3AA | A3 Display  | 420x297       | £111.80 |
| PRF3AA | A2 Display  | 597x420       | £113.00 |
| PRF3AA | A1 Display  | 841x594       | £137.00 |
| PRF6AA | -           | 1016x762      | £147.40 |

### Tri-Cord Notice Boards

A general purpose and fire resistant pin board!

These Notice Boards are covered with fire retardant Tri-Cord, suitable for pins and staples. Choose from either an oak or anodised aluminium frame. Tri-Cord back boards are available in the choice of four colours. To order simply replace the asterisk(\*) in the product code with the Tri-Cord colour you require, A=Red, B=Green, C=Blue, D=Grey.

#### Oak Framed

### In/Out Board

Know the whereabouts of staff at all times with this new highly durable In/Out board.

Attractive and durable, this board is ideal for harsh interior environments and the frame may be washed easily without damage to the finish.

- Supplied with wall-fixing kit including wall plugs.
- Card inserts to show personnel names, supplied in a strip so they may be typed before separating.
- Simple sliding mechanism shows In or Out.
- Three sizes available all with ten names down, which may be easily mounted side-by-side for increased capacity.
- Please allow 1 week for delivery.

| Code   | No of names | Size (mm) | Quantity & Price Each |         |

## Training Booklets

### Scriptographic Booklets

These widely renowned publications aid the training of employees by increasing their awareness of the topic matter in concern. Each booklet is simple and easy to digest.

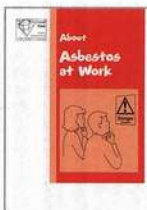

Use these high quality paper booklets to increase understanding of your audience and the effectiveness of your training programmes.

SGB01

#### Fire Safety at Work

Contains up-to-date information on colour coding systems for fire extinguishers and classification of fires. Encourage employees' participation in fire prevention with facts about workplace hazards, prevention techniques, how to (and whether to) combat various types of fire and the importance of following proper drill procedures.

SGB46

#### Asbestos at Work

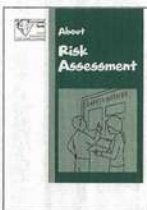

This booklet is easy to understand and gives a brief description of the key points including asbestos-related diseases, details where and in what materials asbestos can be found, and outlines safe working practices. It also sets out sensible practices to follow and encourages co-operation with risk assessments and controls.

SGB02

#### Manual Handling

Employees get sound advice on lifting, carrying, pushing and pulling. This booklet includes details about one-person lifts, special lifts and how to handle special objects. Invaluable for training and retraining.

SGB03

#### Risk Assessment

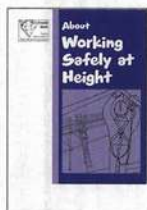

Gives employees a clear understanding of the value of risk assessment. It explains why risk assessments are carried out, who performs them, what actions will be taken as a result of assessment, which types of jobs are assessed and much more. An excellent way to generate support for risk assessment procedures.

SGB47

#### Hand-Arm Vibration Syndrome

Gives advice on how to use equipment safely to reduce the risk of injury caused by vibration. Discusses risk factors and symptoms, and suggests what people can do to prevent injury.

SGB48

#### Working Safely at Heights

Encourages people to prevent accidents through correct attitude and safe practices. Describes procedures for working with ladders, scaffolds and other climbing and lifting equipment.

## Quality Awareness & Inventory Products

In this section you will find all the elements required to help manage your company's quality, maintenance, servicing, stock and inventory procedures.

### Quality Control Signs & Labels

A range of signs & labels in which colours are co-ordinated for the perfect quality control system. See Quality Colour Guide for details.

Material: 2mm Rigid PVC.

QUALITY CONTROL

AWAITING INSPECTION

### Quality Signs

Size (mm) Material Price  
400x600 2mm Rigid Plastic £25.75

### Labels

A choice of 2 Materials:

1. Self-adhesive Vinyl - Hard wearing, adhesive labels that are suitable for most applications. 250 labels per roll.

2. Vinyl Cloth - Highly versatile and adheres to most surfaces. These firmly adhering labels can be deliberately removed on several occasions. 250 labels per roll.

### How to Order

- Choose the label design. 2. Choose the label size.
- Choose the material by replacing the \* with: S = Self-adhesive Vinyl, C = Vinyl Cloth.

# Safety Training DVDs

## Fire Risk Assessor Software

The Regulatory Reform (Fire Safety) Order 2005 stipulates that the appointed responsible person for the premises will assess the risk of fire and take action to reduce or remove them.

- This simple to use CD Rom will take you step-by-step through your fire risk assessment.
- After conducting your risk assessment you will be able to print a hard copy for your records.
- Assessments can be reviewed and updated at any time and can be used for all of your different sites.
- To activate your software call us and quote your unlock code.

| Code  | Price   |
|-------|---------|
| SM701 | £129.99 |

## Fire Risk Assessment Value Pack

Are you aware of the new Fire Legislation?

The Fire Risk Assessment Value Pack will help your business comply with the regulations. What is included?

- **Fire Risk Assessment DVD** - Provides clear concise information on how to correctly carry out and document Fire Risk Assessments.
- **20 Training Booklets** - Training on the importance of Fire Safety.
- **Fire Inspection Record Forms** - Pack contains 50 A4 inspection sheets.
- **Fire Risk Assessor Software** - Discover the level of risk in your departments and sites and take steps to reduce the level. Print hard copies as evidence of your completed assessments.

## Leisure Signs

Ideal for use in public leisure and recreation areas, these signs are available in a range of materials for both indoor and outdoor use.

## Materials:

- P/carb = 2mm Polycarbonate - subsurface printed - ideal for harsh environments.  
 Rigid = 1mm Rigid plastic - A tough but flexible material suitable for indoor and outdoor use and where self-adhesive vinyl would not be appropriate.  
 S/A = Self-adhesive vinyl - an economical option for indoor and outdoor use.

440x300 Rigid PL41WR  
 To order: Add the depth after the code in imperial or metric units eg. PL41WR 1 metre.

We will add the depth as a size of £2.75 extra per sign.

Dogs are welcome!

## Door Sign Systems

## Infotex Door Sign System

The Infotex sign system is a high quality and prestigious way to enhance your corporate image.

Each sign is made from an aluminium fascia with self-adhesive vinyl graphics.

### Infotex Door Signs

A range of the most popular door and wall signs.

All fixings are included. For colour options and how to order, see below. All products in the Infotex range are available from stock. If you cannot find the design you require, use the Design-a-Sign option below.

| Size (mm) | 1-4    | 5+     |
|-----------|--------|--------|
| 40x200    | £40.09 | £36.89 |
| 80x80     | £32.08 | £29.52 |

USE SYMBOLS  
IN CONJUNCTION  
WITH SIGN DOORS

### How to Order

Simply choose the design you require and replace the asterisk (\*) in the product code with the necessary colour option, either C=Black on Grey or D=Black on White.

### Design-a-Sign Infotex Door Signs

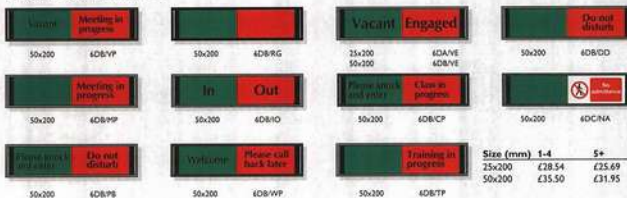

The self-adhesive vinyl on these signs is created to match your requirements and applied directly onto the aluminium panels. Simply choose the text you want and we will produce it for you.

| Code   | Size (mm) | Quantity & Price Each |        |     |
|--------|-----------|-----------------------|--------|-----|
|        |           | 1-4                   | 5-10   | 11+ |
| POX5P* | 40x200    | £48.06                | £38.26 | ⊞   |
| POX5G* | 80x80     | £40.56                | £32.45 | ⊞   |

Prices shown relate to quantities of the same product and design.

## Framed Slider Signs

These slider signs comprise a black, anodised aluminium frame, which surrounds two sections, 1 green and 1 red (or a safety symbol section). A black slider panel reveals the applicable message. All fixings included. All products in this range are available from stock. If you cannot find the design you require, use the Design-a-Sign option below.

### Design-a-Sign Framed Slider Signs

If you cannot see the sign you require above, then simply create your own framed slider sign. Just decide on the text you require and we will make it up for you.

| Code    | Size (mm) | Quantity & Price Each |        |     |
|---------|-----------|-----------------------|--------|-----|
|         |           | 1-4                   | 5-10   | 11+ |
| 9DB/DAS | 50x200    | £45.74                | £38.94 | ⊞   |

Prices shown relate to quantities of the same product and design.

## Classic Engraved Signs

High quality Brass or Aluminium door and wall signs are ideal for creating an upmarket image.

### Door/Wall Signs

All signs on this page are made from engraved 1.5mm polished brass or 1.5mm anodised aluminium except for the safety signs which are multi-coloured and chemically etched.

The last letter of the product code indicates the material, e.g. A= Aluminium B= Brass.

All signs have a self-adhesive backing for easy fixing. All products in this range are available from stock. If you cannot find the design you require, use the Design-a-Sign option below.

### Internal Signs

### Design-a-Sign Classic Engraved Signs

Created to match the door and wall signs above, these signs are engraved from 1.5mm Polished Brass or 1.5mm Anodised Aluminium.

Simply replace the asterisk (\*) in the product code with A=Aluminium, B=Brass. Available in four sizes, they can be engraved with the text and colour of your choice. Full fitting instructions and fixings are included.

### How to Order Design-a-Sign

- Choose the product and size required.
- State the relevant product code and choose material option: Brass or Aluminium.
- State the design, and coloured text from the options right. If pantone, RAL or BS colours are required there is a colour matching charge of £20.00 per colour.
- Select the typeset: **Optima, Helvetica, Futuro, Times, Zurich, STENCIL, COPPERPLATE, American Typewriter** required from:
- State quantity required.
- Written confirmation of order, together with a rough sketch is required.

### Colour Options:

# Disability Awareness

## Portable Counter Top Induction Loop

This versatile loop assists deaf people as well as those with partial hearing without compromising conversation confidentiality. It removes unwanted background noise picked up by a hearing aid.

- Easy to set up and move as required.
- The actual loop is contained within the unit, avoiding untidy wires under desks.
- Built in microphone.
- LED indicator flashes when transmitting.
- Automatic 'power-down' function after 10 minutes.
- Rechargeable battery included - operates continuously for four hours from a fully-charged battery.
- No need for a battery charger, plugs straight into the mains.
- Fully compliant to EN 60118-4.
- Switch the hearing aid to the 'T' position to allow a confidential conversation to take place.
- Approximately 1m coverage from front and back of the unit.
- Available in either yellow or black.

| Code   | Description                                | Price   |
|--------|--|---------|
| CLRIL  | Yellow Portable Counter Top Induction Loop | £195.99 |
| CLRILB | Black Portable Counter Top Induction Loop  | £195.99 |

## Support Rails

Designed to give instant support and particularly useful for the bathroom, stairs and corridors.

- Manufactured from PVC, with a fluted surface for a safe grip.
- Non-conductive and will not rust.
- Sold in packs of three of the same size.
- Available from stock.

| Code   | Description        | Price per pack |
|--------|--------------------|----------------|
| PX26ZW | 150mm Support Rail | £47.68         |

| 85AR05 | Standard Ramp | 2440        | 800                       | 875                | 26          | £529.35 |

## Access Ramp Signs

Identify access routes for wheel chair users and highlight your access ramp policy.

The Code of Practice for Means of Escape for Disabled People (BS 5588:Part 8 1988) states that where minor changes to levels within any storey cannot be avoided, a ramp and a sign warning of the change of level should be provided.

## clearlinē Tactile Signs and Labels

These signs and labels are an effective, yet inexpensive, means of initial implementation of the National Disability Council's guidelines on equality of access. They help people with restricted or no vision as well as those with good sight and use grade 1 braille, which is the most widely used by readers. The system incorporates braille as well as raised letters and pictograms, presented in strong contrasting colours.

- Provided with a strong acrylic based adhesive for effective fitting.
- Signs are made from durable, top quality 'fire rated' plastics.
- Signs are vacuum formed and embossed.
- Can be housed in specially designed PVC aluminium anodised effect frame.
- Signs with an asterisk (\*) in the product code are also available in black and white.
- To order simply replace the asterisk (\*) in the product code with a 'W' if the black and white format is required.

Black on White  
Eg. CLR06W

# Custom Signs

We are a design led company, providing innovative and comprehensive sign solutions to all business sectors, including: universities, corporate headquarters, central and local government, facilities management, retail and healthcare.

We are leaders in modular sign systems, which form an integral part of our continuously expanding portfolio of products. Architects, Designers and Specifiers are offered a complete family of sign solutions that work within any environment.

Our sign design teams are here to provide a professional service from concept to completion. This ranges from initial planning, budget proposals, conceptual designs, interior and exterior architectural documentation, project management, through to manufacture and finally installation.

We offer our clients a truly personal service, understanding their needs and expectations to create professional signage solutions to meet their business needs.

## Your signs say a lot about you!

Has your corporate identity changed?

Are you thinking of updating your existing signs?

Have you recently moved offices or extended your premises?

Your signs convey an image to your visitors, customers and staff, so it is important they create the right impression.

We will help you to select the signs that fully reflect your corporate identity and values.

Colours, crests and logos will be accurately reproduced, creating distinct signs which portray prestige, character and image.

Our service includes free consultation and site surveys to assess the needs of your premises. Our studio will design, our production team will manufacture using only the best in materials and the latest technology, and our installation teams will install the signs for you as well - easy!

Please call for your free, no obligation quote, please let us know:

- Your name, company, phone & fax number.
- What text/graphics you require (please enclose a rough sketch)
- The size required.
- How many colours - quantity required.
- Choice of materials.

# Are you prepared for a Smoking Ban? IT'S THE LAW!

What is the smoking ban?

Legislation that prohibits smoking in all public buildings and vehicles

What must be done to comply with the ban?

No Smoking safety signs must be displayed at each public entrance in a position that is prominently visible to persons entering the premises.

What signs must be displayed?

See below for the specific safety sign for your location.

What are penalties for non-compliance?

Fines of up to £1,000 for failing to display the correct signage.

Fines of up to £2,500 for failing to prevent smoking in a smoke-free place.

When does the ban come into force?

Scotland 26th March 2006

Wales 2nd April 2007

Northern Ireland 30th April 2007

England 1st July 2007

0800 980 3446
