GTF

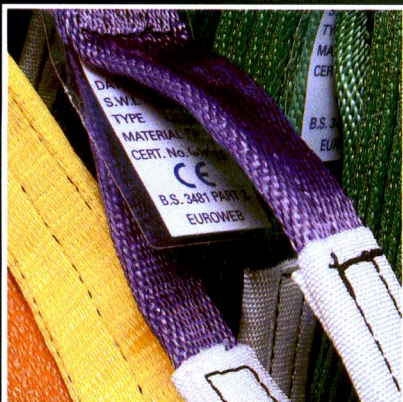

EUROWEB

The in-house 50,000kg Test Bed at the Eastbourne factory

In keeping with the new European standards Web Slings are tested on a regular basis, using our in-house testing facilities

All our Web Slings are colour coded and are manufactured to a 7:1 safety factor. They have reinforced eyes and the SWL label is protected in a PVC laminate.

In addition to the soft eye, Standard Slings can also be supplied with end fittings i.e. D and DP Links.

EUROWEB
