### shearing

Maxima shears feature a lightweight design with sharp, quality blades offering quick, clean cutting. They feature non-stick coated and chrome-plated blades, for low friction use and resistance to rust. They also offer a fully adjustable blade tension and shock-absorbing buffers to reduce jarring.

### pruning

Maxima pruners are ideal for older, harder wood, general light pruning or delicate pruning work. They feature two-component handles for ease of handling, a simple-to-use, thumb-control safety catch, and a lightweight design. They have a powerful action spring, and extra sharp, non-stick coated blades for easier cutting.

# Legend

Designed for those who take gardening more seriously

The Legend Range has been inspired through years of research and development. It combines innovative use of materials and technology to ensure a premium collection offering the best tools on the market.

## shearing

Legend shears feature drop forged blades for increased durability which are hollow ground to create a self sharpening action and reduce friction. Barbed tangs and heavy-duty ferrules permanently anchor the blades to the handles. A simple to use dial allows precise and easy tensioning of the blades.

## pruning

Whether bypass or anvil, all pruners are of the highest quality. All blades are drop-forged from the finest steel hardened for durability and strength, ground and finely sharpened to keep a clean cutting edge. This minimises damage to the stem while cutting.

## lopping

Whatever your needs, we have a top-quality lopper to suit. Our loppers are all manufactured to professional standards, with fully forged, hardened and tempered special steel blades.

## cultivating

Stainless steel in cultivators means corrosion-free durability. And it also means higher performance in heavy, clay-like soil. Our range of professional cultivators is made from the highest-quality drop-forged steel and features hardwood lacquered handles.

## lopping

Maxima loppers feature a soft, non slip grip and ensure a sharp, clean cut every time, with their precision-ground, hardened-carbon steel blades. The lightweight, tubular-steel shafts have a protective coating, while most loppers have non-stick coated, rust-resistant blades that reduce friction and offer long-life sharpness.

## cultivating

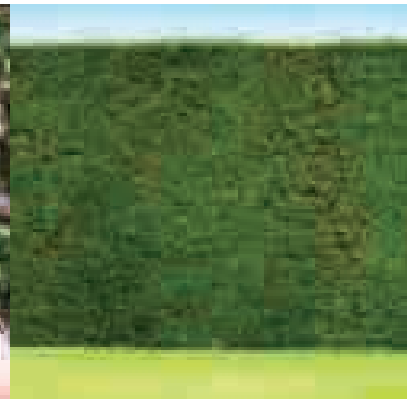

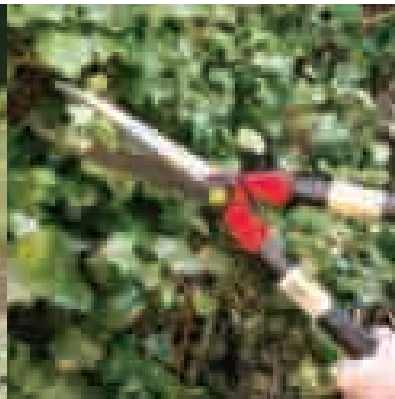

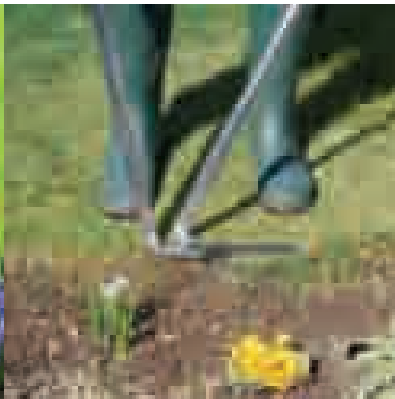

Maxima cultivators come in a lightweight design that is ideal for general gardening. They feature a chrome-plated blade plus large hardwood handle, with soft, non-slip grip.

# MAXIMA

Keeping weekend gardeners happy every day

The Maxima range is aimed at the gardening enthusiast, but is built to professional standards that will exceed their needs. It offers a coherent range of value-for-money tools and brightly designed packaging that will ensure sell-through.

Legend

**The original wavy edge shears. Beloved by professionals, a seemingly abuse resistant hedge shear designed for years of hard work.**

- Hot drop forged and hard chrome armoured waved edge blades.
- Precisely hollow ground, self sharpening blades
- Oversize, shock absorbing wood and rubber buffers to prevent jarring
- Barbed tangs and heavy duty, steel ferrules
- Lacquered, hardwood handles
- Fully adjustable blade tension
- Cutting notch

**5029 'Golden Ceka' Hedge Shears**

Item No.				
G5029	560mm/22"	230mm/9"	1.3kg	1

Legend

- Hot drop forged and hard chrome armoured straight edge blades
- Precisely hollow ground, self sharpening blades
- Lacquered, hardwood handles
- Fully adjustable blade tension
- Cutting notch

**5022 'Sliver Ceka' Hedge Shears**

Item No.				
G5022 6	380mm/15"	140mm/5½"	500g	1
G5022 8	480mm/19"	190mm/7½"	800g	1
G5022 9	560mm/22"	220mm/8¾"	1.2kg	1

Legend

- Hot drop forged and hard chrome armoured waved edge blades
- Precisely hollow ground, self sharpening blades
- Shock absorbing buffers to prevent jarring
- Barbed tangs and heavy duty, steel ferrules
- Lacquered, hardwood handles
- Fully adjustable blade tension
- Cutting notch

**5021 Lightweight Hedge Shears**

# shearing

## Legend

- Lightweight and ideal for many uses
- Hollow contour, non-stick coated, self sharpening blades
- Adjustable blade tension

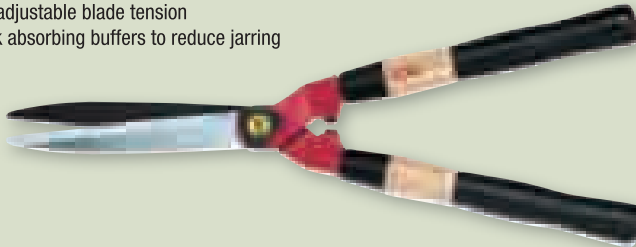

**5640 Multi Purpose Hand Shears**

Item No.				
G5640	290mm/11½"	105mm/4¼"	271g	3

## MAXIMA

- Lightweight design for fatigue free use
- Non-stick coated and chrome plated blades for low friction use and resistance to rust
- Precision ground, hardened carbon steel blades
- Hardwood handles with soft, non-slip grips
- Fully adjustable blade tension
- Shock absorbing buffers to reduce jarring

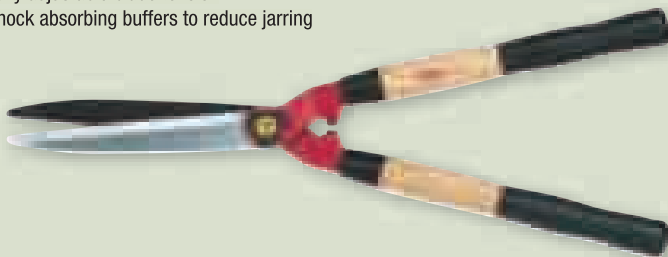

**5010 Lightweight Hedge Shears**

Item No.				
G5010	520mm/20½"	180mm/7"	844g	6

## MAXIMA

- Non-stick coated and chrome plated blades for low friction use and resistance to rust
- Precision ground, hardened carbon steel blades
- Hardwood handles with soft, non-slip grips
- Fully adjustable blade tension
- Shock absorbing buffers to reduce jarring

**5011 Long Reach Hedge Shears**

Item No.				
G5011	600mm/24"	200mm/8"	994g	6

## MAXIMA

- Blades rotate 180° to cut awkward areas
- Lightweight and clean cutting
- Non-stick coated and chrome plated blades for low friction use and resistance to rust
- Secure and precise safety catch for left or right hand use
- Blades can cut either vertically or horizontally

**5637 Single Handed Grass Shears**

Item No.				
G5637	355mm/14"	115mm/4½"	357g	3

Legend

- Barbed tangs with pinned ferrules
- Hot drop forged and hard chrome armoured blades
- Precisely hollow ground, self sharpening blades
- Lacquered, hardwood handles
- Fully adjustable blade tension

5051 Heavy Duty Lawn Edging Shears

Item No.				
G5051	950mm/37"	209mm/8 1/4"	2.4kg	1

Legend

- Lightweight with hardened aluminium handles and long moulded grips
- Hot drop forged and hard chrome armoured blades
- Precisely hollow ground, self sharpening blades
- Fully adjustable blade tension

5054 Lawn Shears

Item No.				
G5054	990mm/38"	175mm/6 3/4"	1.3kg	1

Legend

- Lightweight with hardened aluminium handles and long moulded grips
- Hot drop forged and hard chrome armoured blades
- Precisely hollow ground, self sharpening blades
- Fully adjustable blade tension

5056 Lawn Edging Shears

Item No.				
G5056	990mm/38"	180mm/7"	1.2kg	1

MAXIMA

- Lightweight shears give a professional finish to the lawn edges
- Non-stick coated and chrome plated blades for low friction use and resistance to rust
- Tubular steel handles with soft, non-slip grips
- Fully adjustable blade tension

5015 Lawn Edging Shears

Item No.				
G5015	940mm/37"	175mm/7"	1.5kg	6

# pruning

Legend

- Strong, heavy duty pruner
- Non-stick coated blades
- Shock absorbing buffer
- Adjustable blade tension
- Double sided safety lock
- Complete with holster

### 5610 Heavy Duty Bypass Pruners

Item No.				
G5610	215mm/8½"	20mm/ 3/4"	300g	3

Legend

- General purpose pruner with 2 stage lock for partial or full blade opening
- Non-stick coated blades
- Adjustable blade tension
- Double sided safety lock
- Complete with holster

### 5612 Lightweight Bypass Pruners

Item No.				
G5612	215mm/8½"	18mm / 5/8"	300g	3

Legend

- Lightweight and versatile, equally at home cutting delicate flowers or slicing through the toughest branches
- The composite body and moulded grips ensure a comfortable days pruning for both professional and keen gardeners
- Non-stick coated blades
- Safety lock

### 5675 Ratchet Action Anvil Pruners

Item No.				
G5675	195mm/7¾"	20mm/ 3/4"	315g	3

Legend

**Extra thin sharp blade producing a fine cutting action.**

- Non-stick coated blade
- Shock absorbing buffer
- Fine adjustment blade tension
- Safety lock

### 5631 Standard Bypass Pruners

Item No.				
G5631	215mm/8½"	20mm/ 3/4"	300g	3

**MAXIMA**

- For pruning older wood
- Anvil grips the branch for easier cutting
- Non-stick coated and chrome plated blades for low friction use and resistance to rust
- Fully adjustable blade tension
- Thumb-control safety catch
- Two component handles

**5636 Anvil Pruners**

Item No.				
G5636	190mm/7½"	16mm/⅝"	179g	3

**MAXIMA**

- Ideal for delicate pruning work
- Lightweight, easy to use snips for dead heading, vine pruning and other precise tasks
- Non-stick coated and chrome plated blades for low friction use and resistance to rust
- Fully adjustable blade tension
- Two component handles

**5634 Pruning Snips**

Item No.				
G5634	200mm/8"	10mm/⅜"	175g	3

**MAXIMA**

- Ideal for delicate pruning work
- Lightweight, pocket sized pruner for shrubs, heather, etc
- Non-stick coated and chrome plated blades for low friction use and resistance to rust
- Fully adjustable blade tension
- Thumb-control safety catch
- Two component handles

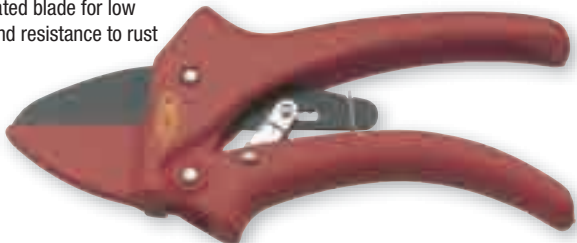

**5635 Bypass Pruners**

Item No.				
G5635	190mm/7½"	16mm/⅝"	175g	3

**MAXIMA**

- Easy ratchet action
- Light, bright and right for all gardeners
- Non-stick coated blade for low friction use and resistance to rust
- Safety catch

**5674 Ratchet Anvil Pruners**

Item No.				
G5674	185mm/7¼"	16mm/⅝"	100g	6

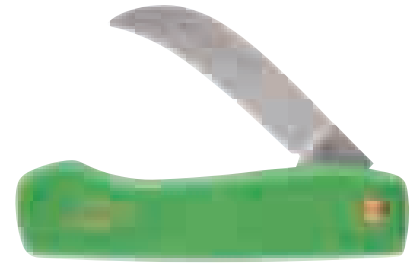

- Polished pruning blade with flat back
- Brass riveted for smoother opening
- Locking function

**9068L Locking Pruning Knife**

Item No.			
G9068L	110mm/4¼"	70g	3

- Polished pruning blade with flat back
- Brass riveted for smoother opening

**9066 Pruning Knife**

Item No.			
G9066	95mm/3¾"	55g	3

- Precision, taper ground, razor sharp teeth cut on both push and pull strokes without clogging
- Comfortable, cushioned handle
- Robust holster with belt loop
- Replacement blade: G0923SB

**0923 Quality Pruning Saw**

Item No.			
G0923	460mm/18½"	446g	3

- Precision, taper ground, razor sharp teeth cut on both push and pull strokes without clogging
- Comfortable, cushioned handle
- Secure safety catch
- Replacement blade: G0920

**0922 Foldaway Pruning Saw**

Item No.			
G0922	400mm/15¾"	200g	3

# lopping and felling

Legend

- Fully forged, hardened and tempered special steel blades
- Barbed tangs and deep ferrules
- Lacquered hardwood handles

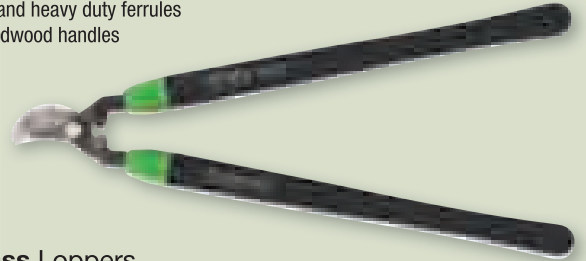

**5043 Heavy Duty Bypass Loppers**

Item No.				
G5043	750mm/29½"	45mm/1½"	1.8kg	1

Legend

- Fully forged, hardened and tempered special steel blades
- Barbed tangs and heavy duty ferrules
- Lacquered hardwood handles

**5027 Bypass Loppers**

Item No.				
G5027 23	590mm/23"	30mm/1¼"	1kg	1

Legend

- Anvil cut with cantilever action increases power and reduces effort by 'drawing' the cut
- Fully forged, hardened and tempered special steel blades
- Non-stick coated blade
- Barbed tangs and deep ferrules
- Lacquered hardwood handles

**5042 Anvil Loppers**

Item No.				
G5042	720mm/28"	50mm/2"	1.6kg	1

Legend

- Fully forged, hardened and tempered special steel blades
- Barbed tangs and deep ferrules
- Wood and rubber buffers to prevent jarring
- Lacquered hardwood handles

**5028 Bypass Loppers**

Item No.				
G5028	660mm/26"	30mm/1¼"	1.2kg	1

**MAXIMA**

**Ideal for reaching the highest branches simply and comfortably. Gripping anvil hold stems firmly while the power level cutting action provides clean, easy cuts.**

- Non-stick coated and chrome plated blades for low friction use and resistance to rust
- Precision ground, hardened steel blades
- Extendable tubular steel handles with soft, non-slip grips
- Fully adjustable blade tension to reduce jarring

**5014 Telescopic Anvil Loppers**

Item No.				
G5014	660 to 990mm/26" to 39"	35mm/1½"	1.8kg	6

**MAXIMA**

- Heavy duty loppers ideal for small branches and older, tougher wood
- Non-stick coated and chrome plated blades for low friction use and resistance to rust
- Precision ground, hardened steel blades
- Tubular steel handles with soft, non-slip grips
- Shock absorbing buffer to reduce jarring
- Fully adjustable blade tension

**5013 Heavy Duty Bypass Loppers**

Item No.				
G5013	730mm/28¾"	30mm/1½"	1.2kg	6

**MAXIMA**

- Compact size allows easy, fatigue free, two handed cutting of small branches
- Precision ground, hardened carbon steel blades
- Tubular steel handles with soft, non-slip grips
- Shock absorbing buffer to reduce jarring
- Fully adjustable blade tension

**5012 Lightweight Bypass Loppers**

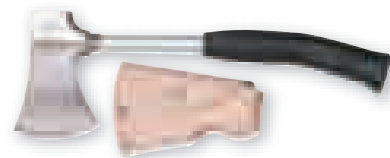

Item No.				
G5012	480mm/19"	25mm/1"	881g	6

**Replacement Parts**

for shears, pruners and loppers

C8417	105mm/4"	20g	3

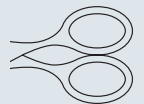

## scissor definitions

### bows

Holes for finger and thumb.

### ladies

Equal thumb and finger bows. General purpose for lighter work. e.g. Fabric, paper, string.

### cutting

Two finger bow and thumb bow. For slightly heavier duty work.

### trimming

Two finger bow and thumb bow. Side bent, allowing for heavy duty cutting on a flat surface.

### tailors

Like trimming but bigger for really heavy duty cutting of fabric and material.

### easy bows

Contoured bows for comfortable right handed use.

### with screw

Rather than fixed rivet, a screw allows for tension adjustment.

### with bolt

Like a screw, but heavier duty.

# pocket knives

Wide range to suit most applications.

- Fully hardened, finely ground blades to ensure a clean cut
- Rust resistant brass rivets and lining for easy use (selected lines)
- Choice of case and blade styles

- With lambfoot blade
- Black plastic scales and locking function
- Brass riveted

**9036 Pocket Knife**

Item No.			
C9036	95mm/3 3/4"	60g	3

# striking displays

Years of experience have proven that one of the best ways to sell products is with impactful in-store displays.

Progressive and eye-catching display units have been created to maximise impact in-store, helping to generate incremental sales and encouraging impulse purchases.

As shown, a selection of displays are available. Contact your local Carl Kammerling International territory sales manager or customer services for further details.
