

# MERLIN FIBREGLASS DOORS FEATURES & BENEFITS

- Heavyweight performance - a heavy duty barrier to intruders for complete peace of mind
- Multi-point locking to meet the Association of British Insurers security standards
- Made to measure for a draught-free fit
- Shrugs off the weather - shuts out wind and rain
- Locks in the heat - up to four times more effective than a timber door
- Shuts out sound - keeps unwelcome noise on the outside
- Low maintenance - never needs painting, will not rot or warp.
