# Aquabord

Aquabord panels are surfaced in either a high quality laminate or a printed PVC panel design, and offer all the advantages of a hardwearing decorative surface that is easy to maintain. Colours and designs have been specially selected to create a variety of bathroom and shower enclosures to suit all tastes. Aquabord is warm to the touch and provides a practical and tactile alternative to tiles.

# Aquabord

The hygienic surface of Aquabord does not require any grouting effectively eliminating many of the places that germs and mould can penetrate.

Aquabord panels are fast and easy to install with no visible screws or nails. Each panel is simply cut to size and affixed directly to the wall. Colour coded trims are used on edges and corners, full fitting instructions are provided.
