

Tudor

Outdoor Furniture

This smart, medium weight range is built to suit a variety of uses. Whether garden, park or hotel, a Tudor will fit the situation.

Three sizes and four design options are available ranging from 1.23m to 1.82m in length. All sizes are designed with a shaped, ergonomic back. A traditional straight back is also available in the 1.52m version.

BL/TB5/2 – 1.52m Shaped Back

BL/TB5 – 1.52m Straight Back

BL/TB6/2 – 1.82m Shaped Back

The Tudor range is produced from Iroko (*Chlorophora excelsa*) that is sourced from West Africa. This is a highly durable hardwood with an attractive grain that will withstand our weather all year round.

The timber remains in its natural form with principal end grain waxed.

Inscriptions

BRANSON LEISURE FURNITURE

Either machine carved inscriptions or plaques in lacquered brass or stainless steel will enhance our full range of seating.

This may simply denote ownership or make the seats ideal for presentation and commemorative purposes.
