Quality Policy

SEVEN WAYS ENVIRONMENTAL SERVICES LIMITED are committed to satisfy the requirements of their customers in all respects and shall strive to ensure that the quality of our products and services provided exceed expectations and will be a benchmark for our competitors. This can only be achieved by operating a formal Quality Management System, which is designed to meet the requirements of ISO 9001: 2008 and will be implemented across the whole company and embrace all of the activities which impact upon our customers.

Consistent with ensuring that the products and services achieve a standard that conforms to contractual requirements, the Company shall also comply with all relevant statutory legislation and other codes of practice applicable to our industry.

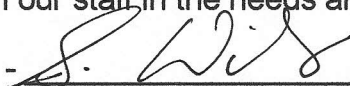

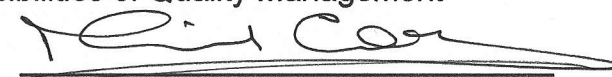

The Directors and Senior Managers of the company are committed to ensuring that the system is effective in achieving quality and satisfying customers both now and in the future. To this end, we will strive to continually improve upon our products, processes, and services. We will set quality objectives, which will be monitored against targets and the results, will be communicated to all staff.

To improve the effectiveness of the Quality Management System, it will be reviewed during our Management review Meetings, when we will also review the ongoing suitability of this Quality Policy. This policy calls for continuous improvement in its quality management activities, and business will be conducted according to the following principles:

We will:-

- Comply with all statutory laws and regulations
- Follow a concept of continuous improvement and make best use of our management resources in all Quality matters
- Communicate our Quality objectives and our performance against these objectives throughout the company and to interested parties.
- Take due care to ensure that activities are safe for employees, associates and sub-contractors and others who come into contact with our work
- Work closely with our customers and suppliers to establish the highest Quality standards.
- Adopt a forward-looking view on future business decisions, which may have Quality impacts.
- Train our staff in the needs and responsibilities of Quality Management

Signed: -

Directors
