

Police and Security Applications

TRUSTED
WHEN IT
MATTERS

Surveillance

Portable CCTV surveillance equipment for rapid deployment; installed in 19" and 9.5" rack systems.

Information and Communication Technology

High-resolution A0 printer for deployment where detailed terrain pictures are required on operations.

Emergency Medical

Medical supplies in a water-proof and dust-proof Amazon case for deployment in a Search and Rescue Helicopter for Italian Emergency Services.

Mobile Information Technology

Workstations for secure communications.

Rugged Textiles

Full array of Rugged Textile designs (backpacks, protective covers and lightweight 19" electronic racks) specifically customised to Police and Security Applications.

Covert Operations

In-vehicle remote surveillance dummy case; designed and supplied to a major police force.

Unmanned Systems

Deployable unmanned air vehicle and command and control systems.

Secured Equipment

Personnel protective equipment can be stored and transported in customised cases.

Fast Response Unit

British Transport Police vehicle-based cases and installation.

Communications Antennas and Control Systems

Custom-made large metal and rotomoulded cases and racks for installed surveillance apparatus.

Armament Cases

Shoulder-arms, pistols and grenade cases, customised for a range of models and uses.

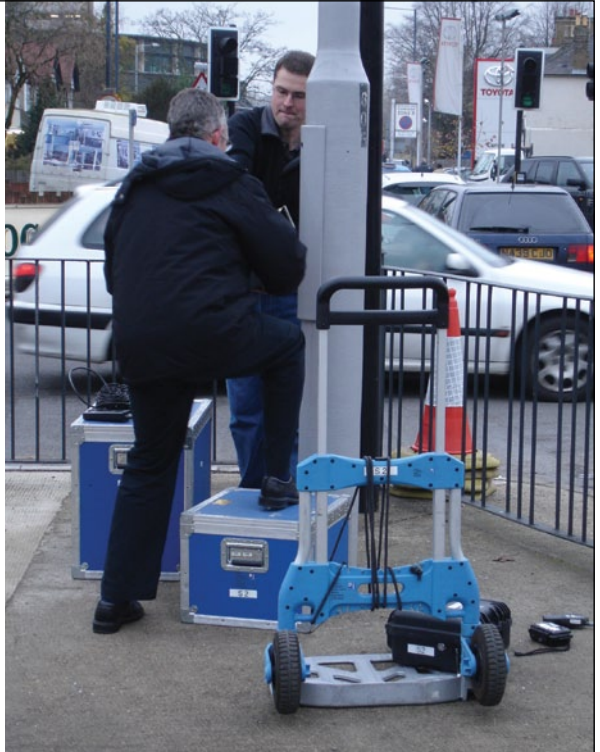

First Responder

First response oxygen and medical supplies used by Emergency Services throughout Europe.

Deployed Security

Temporary 'up a lamppost' camera systems for crowd surveillance; used in large scale events.

Handheld, extended surveillance camera system for mobile covert operations.

Weapons

Point-to-point secure transport of weapons for the Police.

Transit Security

Mobile metal detector housed in a stiffened rugged textile case, first used at London 2012 Olympics.

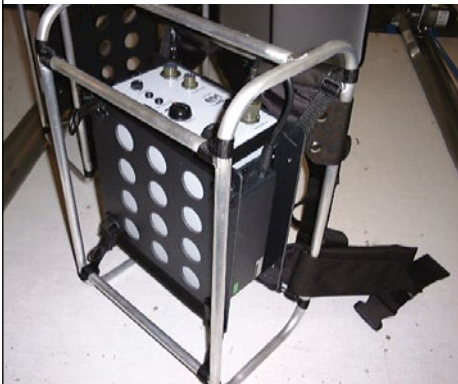

Communications

Air conditioned control & support systems for secure and satellite communications.

Forensic Investigation

Backpack monitoring equipment for scene of crime incidents.

Support Equipment

Specialist deployable toolkits customised to individual security service applications.

About CP Cases

CP Cases designs and manufactures high-performance, protective cases and racks used for transport, operation and storage of essential equipment in commercial and military applications.

Many of our products are accredited to MIL-STD-810F, rated IP65 and carry NATO stock numbers. With over 40 years' expertise in producing cases, 19-inch rack solutions and rugged textile products, CP Cases has an unparalleled range of in-house skills and knowledge with materials and processes, including rotationally moulded products, plastic fabrication, aluminium, laminated plywood, HPP, textiles and CNC foam machining.
