

REEL WINDER

Adjustable resistance & speed +12Vdc reel compatible Snag detection Max current 35A

The Reel Winder is Spring's purpose built electric hose reel controller. The Spring Reel Winder has been designed to withstand a demanding daily schedule. Supplied with a two year warranty, it is a reliable, high quality controller that will work day in and day out.

Features include:

Adjustable resistance to prevent overruns during unwinding

Snag detection with adjustable sensitivity

Adjustable speed, with ability to set maximum speed

+12Vdc reel compatible

Water resistant case

Max current 35A

The Spring Reel Winder's flexible design makes it suitable for fitting to most electric hose reels on the market. Installation is super fast with just four wires to connect (4 x 1m length of heavy cable supplied). For even greater flexibility, optional extras include:

- Wired pendant control
- Radio remote control with speed selection
- Fuse holder and fuse pack
