NightSearcher

Lighting The Future

As leaders in portable and rechargeable LED Lighting, NightSearcher are continuously investing in the research and development of cutting-edge solutions with innovation and product development at the heart of our operation.

Since 1989, we have proudly manufactured and delivered professional solutions worldwide, our long heritage and unmatched expertise set us apart as the trusted lighting solution of choice, offering high-quality products and solutions for a wide range of applications and budgets. This has established a creditable reputation that has allowed us to work with a variety of professional organisations, including the Police, Fire & Emergency services, Industrial & Construction industries, Automotive, Rail services, Armed Forces, Sports and Utility companies.

At NightSearcher, we are invested in playing our part in the global response to the ongoing threat that climate change presents. We design products with purpose, which support the growing demand for sustainable, zero emission, zero noise alternatives. Our "Think Zero" and "Think Green" ethos demonstrates our commitment and highlights the role that our product portfolio will play in the years to come.

NightSearcher also trades under our brands: NexSun – Professional solar lighting (P36), GenZero – Portable, renewable battery generators (P32) and SafATEX - Lighting for use in hazardous environments (P76).

We want to thank you, our loyal customers for your continued support and trust that our products make your work safer and easier.

Colin Howard **Managing Director**

NightSearcher   GENZERO   SAFATEX Ex   NexSun

5 YEAR WARRANTY*

NightSearcher's professional products are carefully designed and manufactured to the highest standards to ensure the reliability and durability our customers need. This is why we offer a 3-year standard warranty on all manufacturing defects and 1-year warranty on all rechargeable batteries from the date of purchase.
*The warranty can be extended to 5 years (free of charge) that covers defects in manufacturing on all NightSearcher products.

To find out more visit: https://nightsearcher.co.uk/en/warranty.html

New Products

Contents

This year we bring you our brightest portable light yet, the NEW StratoStar 115,000 lumen portable tower light. We have also added to our range GenZero portable battery powered generators as well as our NEW LunarStar site lights and many more.

GENZERO

ZERO EMISSIONS – MAXIMUM POWER

ZERO EMISSIONS | **ZERO FUEL COST** | **ZERO NOISE** | **ZERO MAINTENANCE**

RECHARGEABLE, BATTERY POWERED GENERATORS

Introducing **GenZero**, NightSearcher's innovative range of battery powered generators. A selection of three portable generators designed to provide reliable and efficient power to areas where it's needed the most. Perfect for both industrial and residential applications.

GenZero generators provide maximum electric power with zero emissions. NightSearcher is committed to promoting a greener, cleaner way of working that helps the environment and businesses off-set their carbon neutral footprint.

GenZero delivers safe and reliable power to areas with restricted access to an electricity supply:

Ideal for emergency power in natural disasters

Flexible power supply for tools and lighting on remote sites

Highly portable for camping and other recreational uses

Reliable pure sine-wave inverter energy and LCD displays

Housed within super-tough, rugged IP66 protective case

240V or 110V Power supply (800W and 1800W)

New GenZero 500W
500Wh Capacity Battery

### Small Generator for Home, Work and Recreation

- Easily powers a selection of home appliances such as kettles, TV, air pumps, mini-refrigerators, laptop and more
- Wireless charger for your mobile
- 3 hours fast charging (80%)
- Ideal in the event of a power cut
- LED light
- Digital LCD display
- Multiple charging outputs
- Operates at 50-60Hz AC across its fixed voltage supply of 230V and provides pure sine wave AC output
- Carry handle for easy transportation
- Housed in a rugged, durable case and lightweight design at only 5kg

500W CONTINUOUS OUTPUT
800W PEAK OUTPUT

Continuous Output	500W
Peak Output	800W

NexSun

A brand by NightSearcher

PREMIUM SOLAR LIGHTING SOLUTIONS

ZERO EMISSIONS | **ZERO FUEL COST** | **ZERO NOISE** | **ZERO FUMES**

At NightSearcher, we are invested to play our part in the global push to address concerns for the climate and environment. NexSun forms part of our "Think Zero" and "Think Green" ethos which highlights the benefits of portable rechargeable and solar technology, and the vital role they'll both play for years to come.

Zero emissions, zero cables, zero noise, all encompass our product range in the drive for a greener, safer and sustainable environment for us all.

NexSun Solar Panel
Rechargeable Foldable 48W Solar Panel - Recharge Products On The Go

Foldable design

- 19.8% Highly efficient Monocrystalline Solar Cell
- 48W Solar Panel
- Designed to be portable and withstand outdoor environment
- Excellent low light capabilities
- Working temperature -20° to 70°C
- Foldable design
- IP65 Rated
- Maximum portability and perfect for your when your searchlight or floodlight needs a quick recharge.

Dimensions:
- Foldable size: 306mm x 309mm
- Open size: 1197mm x 309 x 3mm

Product code: SPSOLARPANEL

Dual Recharging Outlets:

8.4V + 16.8V DC + USB 5

Compatible NightSearcher products:

Environmentally Friendly = 100% Energy Saving

ETFE Lamination increases light absorption by 5%
Mono C-si Solar cells with 20% conversion efficiency
Double Layers of EVA ensure the long life-span

SafATEX ε_x

A brand by NightSearcher

The ATEX certification mark on our SafATEX range of portable and fixed lighting signifies that our equipment has been rigorously tested and is completely safe for use in potentially explosive atmospheres for which they are certificated. Oil, Gas, Petrochemical, Aviation, Marine, Utility sectors and the Emergency Services are all markets sectors where our ATEX products can be used.

Employee safety is crucial for everyone working within these hostile and hazardous environments. Each product within the SafATEX range has been carefully thought out and designed to promote worker safety as well as ease of use. The portable products are designed to be used whilst wearing PPE, such as fire fighter gloves.

Create a safe, compliant workspace with our selection of portable lighting and fixed light fittings.
