

Cranked Wheel Guide 76 & 90 1800mm Galvanised or Galvanised & Yellow

The AUTOPA Cranked HGV wheel guides provide a solid, steel kerb to allow the safe reversing into loading bays by wagons and delivery trucks. Also suitable for protecting racking, equipment and machines from potential damage caused by forklift trucks and moving vehicles.

Available in 1800mm length, & 76mm, 90mm, 139mm or 168mm diameter. The AUTOPA cranked wheel guide is suitable for a wide range of warehouse or factory environments.

Manufactured from galvanised mild steel, then powder coated yellow providing a visual and physical aid for drivers.

Sold in pairs. Each pair will include 1 x left hand crank and 1 x right hand crank.

Available bolt down only.
